You have choices about how to get your Medicare benefits

One choice is to get your Medicare benefits through Original Medicare (fee-for-service Medicare). Original Medicare is run directly by the Federal government.

Another choice is to get your Medicare benefits by joining a Medicare health plan (such as

Group Health Cooperative (HMO)).

Tips for comparing your Medicare choices

This Summary of Benefits booklet gives you a summary of what **Group Health Cooperative (HMO)** covers and what you pay.

If you want to compare our plan with other Medicare health plans, ask the other plans for their Summary of Benefits booklets. Or, use the Medicare Plan Finder on medicare.gov.

If you want to know more about the coverage and costs of Original Medicare, look in your current "**Medicare & You**" handbook. View it online at medicare.gov or get a copy by calling **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day, 7 days a week. TTY users should call **1-877-486-2048**.

Which doctors, hospitals, and pharmacies can I use?

Group Health Cooperative (HMO) has a network of doctors, hospitals, pharmacies, and other providers. If you use the providers that are not in our network, the plan may not pay for these services.

You must generally use network pharmacies to fill your prescriptions for covered Part D drugs.

You can see our plan's provider and pharmacy directory at our website (medicare.ghc.org).

Or, call us and we will send you a copy of the provider and pharmacy directories.

What do we cover?

Like all Medicare health plans, we cover everything that Original Medicare covers—and more.

Our plan members get all of the benefits covered by Original Medicare. For some of these benefits, you may pay more in our plan than you would in Original Medicare. For others, you may pay less.

Our plan members also get more than what is covered by Original Medicare. Some of the extra benefits are outlined in this booklet.

Group Health Cooperative Basic (HMO) covers Part B drugs including chemotherapy and some drugs administered by your provider. However, this plan does not cover Part D prescription drugs.

Group Health Cooperative Vital, Essential, and Optimal (HMO) plans cover Part D drugs. In addition, we cover Part B drugs such as chemotherapy and some drugs administered by your provider.

You can see the complete plan formulary (list of Part D prescription drugs) and any restrictions on our website, medicare.ghc.org/formulary.

Or, call us and we will send you a copy of the formulary.

How will I determine my drug costs?

Our Vital, Essential, and Optimal plans group each medication into one of five "tiers." You will need to use your formulary to locate what tier your drug is on to determine how much it will cost you. The amount you pay depends on the drug's tier and what stage of the benefit you have reached. Later in this document we discuss the benefit stages that occur: initial coverage, coverage gap, and catastrophic coverage.

Initial coverage

You pay the following until your total yearly drug costs reach \$3,310. Total yearly drug costs are the total drug costs paid by both you and our Part D plan.

You may get your drugs at network retail pharmacies and mail order pharmacies.

Standard retail cost-sharing

Tier 1 (Preferred Generic)	\$4 copay	\$8 copay	\$12 copay
Tier 2 (Generic)	\$20 copay	\$40 copay	\$60 copay
Tier 3 (Preferred Brand)	\$45 copay	\$90 copay	\$135 copay
Tier 4 (Non-Preferred Brand)	\$95 copay	\$190 copay	\$285 copay
Tier 5 (Specialty Tier)	33% of the cost	Not Offered	Not Offered

If you reside in a long-term care facility, you pay the same as at a retail pharmacy.

You may get drugs from an out-of-network pharmacy at the same cost as an in-network pharmacy.

Group Health Cooperative (HMO) has a network of pharmacies. In most cases, your prescriptions are covered only if they are filled at network pharmacies. To find a network pharmacy, you can look in your Provider and Pharmacy Directory, visit our website (medicare.ghc.org), or call Customer Service. Generally, we cover drugs filled at an out-of-network pharmacy only when you are not able to use a network pharmacy. Coverage under these special situations is limited to a 30-day supply of medication.

Coverage gap

Most Medicare drug plans have a coverage gap (also called the “donut hole”). This means that there's a temporary change in what you will pay for your drugs. The coverage gap begins after the total yearly drug cost (including what our plan has paid and what you have paid) reaches \$3,310.

After you enter the coverage gap, you pay 45% of the plan's cost for covered brand name drugs and 58% of the plan's cost for covered generic drugs until your costs total \$4,850, which is the end of the coverage gap. Not everyone will enter the coverage gap.

Catastrophic coverage

After your yearly out-of-pocket drug costs (including drugs purchased through your retail pharmacy and through mail order) reach \$4,850, you pay the greater of: 5% of the cost, or

\$2.95 copay for generic (including brand drugs treated as generic) and a \$7.40 copayment for all other drugs.
