Evidence of Coverage

Your Medicare health benefits and services and prescription drug coverage as a member of Amerivantage Dual Coordination (HMO SNP)

This booklet gives you the details about your Medicare health care and prescription drug coverage from January 1 – December 31, 2018. It explains how to get coverage for the health care services and prescription drugs you need. **This is an important legal document. Please keep it in a safe place.**

This plan, Amerivantage Dual Coordination (HMO SNP), is offered by Amerigroup. (When this Evidence of Coverage says “we,” “us” or “our,” it means Amerigroup. When it says “plan” or “our plan,” it means Amerivantage Dual Coordination (HMO SNP).)

Amerigroup Washington, Inc. is an HMO DSNP plan with a Medicare contract and a contract with the State Medicaid program. Enrollment in Amerigroup Washington, Inc. depends on contract renewal.

Please contact our Customer Service number at 1-844-812-2275 for additional information. (TTY users should call 711.) Hours are from 8 a.m. to 8 p.m., seven days a week (except Thanksgiving and Christmas) from October 1 through February 14, and Monday to Friday (except holidays) from February 15 through September 30. Customer Service also has free language interpreter services available for non-English speakers.

This document is available to order in Braille, large print and audio tape. To request this document in an alternate format, please call Customer Service at the phone number printed on the back of this booklet.

Benefits, provider network, premium, deductible and/or copayments/coinsurance may change on January 1, 2019.

The formulary, pharmacy network, and/or provider network may change at any time. You will receive notice when necessary.

2018 Evidence of Coverage

Table of contents

This list of chapters and page numbers is your starting point. For more help in finding information you need, go to the first page of a chapter. You will find a detailed list of topics at the beginning of each chapter.

- Chapter 1. Getting started as a member 3**
- Explains what it means to be in a Medicare health plan and how to use this booklet. Tells about materials we will send you, your plan premium, your plan membership card and keeping your membership record up to date.
- Chapter 2. Important phone numbers and resources 17**
- Tells you how to get in touch with our plan (Amerivantage Dual Coordination (HMO SNP)) and with other organizations including Medicare, the State Health Insurance Assistance Program (SHIP), the Quality Improvement Organization, Social Security, Medicaid (the state health insurance program for people with low incomes), programs that help people pay for their prescription drugs and the Railroad Retirement Board.
- Chapter 3. Using the plan’s coverage for your medical and other covered services 28**
- Explains important things you need to know about getting your medical care as a member of our plan. Topics include using the providers in the plan’s network and how to get care when you have an emergency.
- Chapter 4. Benefits chart (what is covered) 42**
- Gives the details about which types of medical care are covered and *not* covered for you as a member of our plan.
- Chapter 5. Using the plan’s coverage for your Part D prescription drugs .. 92**
- Explains rules you need to follow when you get your Part D drugs. Tells how to use the plan’s *List of Covered Drugs (Formulary)* to find out which drugs are covered. Tells which kinds of drugs are not covered. Explains several kinds of restrictions that apply to coverage for certain drugs. Explains where to get your prescriptions filled. Tells about the plan’s programs for drug safety and managing medications.

Chapter 6. What you pay for your Part D prescription drugs 110

Tells about the three stages of drug coverage (initial coverage stage, coverage gap stage, catastrophic coverage stage) and how these stages affect what you pay for your drugs. Explains the six cost-sharing tiers for your Part D drugs and tells what you must pay for a drug in each cost-sharing tier.

Chapter 7. Asking us to pay a bill you have received for covered medical services or drugs 125

Explains when and how to send a bill to us when you want to ask us to pay you back for your covered services or drugs.

Chapter 8. Your rights and responsibilities 132

Explains the rights and responsibilities you have as a member of our plan. Tells what you can do if you think your rights are not being respected.

Chapter 9. What to do if you have a problem or complaint (coverage decisions, appeals, complaints) 146

Tells you step-by-step what to do if you are having problems or concerns as a member of our plan.

- Explains how to ask for coverage decisions and make appeals if you are having trouble getting the medical care or prescription drugs you think are covered by our plan. This includes asking us to make exceptions to the rules or extra restrictions on your coverage for prescription drugs, and asking us to keep covering hospital care and certain types of medical services if you think your coverage is ending too soon.
- Explains how to make complaints about quality of care, waiting times, customer service and other concerns.

Section 1. Introduction

Section 1.1

You are enrolled in Amerivantage Dual Coordination (HMO SNP), which is a specialized Medicare Advantage plan (special needs plan)

You are covered by both Medicare and Medicaid:

- **Medicare** is the Federal health insurance program for people 65 years of age or older, some people under age 65 with certain disabilities and people with end-stage renal disease (kidney failure).
- **Medicaid** is a joint Federal and state government program that helps with medical costs for certain people with limited incomes and resources. Medicaid coverage varies depending on the state and the type of Medicaid you have. Some people with Medicaid get help paying for their Medicare premiums and other costs. Other people also get coverage for additional services and drugs that are not covered by Medicare.

You have chosen to get your Medicare health care and your prescription drug coverage through our plan, Amerivantage Dual Coordination (HMO SNP).

There are different types of Medicare health plans. Amerivantage Dual Coordination (HMO SNP) is a specialized Medicare Advantage Plan (a Medicare “Special Needs Plan”), which means its benefits are designed for people with special health care needs. Amerivantage Dual Coordination (HMO SNP) is designed specifically for people who have Medicare and who are also entitled to assistance from Medicaid.

Coverage under this plan qualifies as minimum essential coverage (MEC) and satisfies the Patient Protection and Affordable Care Act’s (ACA) individual shared responsibility requirement. Please visit the Internal Revenue Service (IRS) website at:

<https://www.irs.gov/Affordable-Care-Act/Individuals-and-Families> for more information.

Because you get assistance from Medicaid with your Medicare Part A and B cost sharing (deductibles, copayments and coinsurance), you may pay nothing for your Medicare health care services. Medicaid may also provide other benefits to you by covering health care services that are not usually covered under Medicare. Your coverage under Washington Apple Health provides coverage for Medicare premiums, deductibles and cost sharing applied to covered Medicare services and for additional Medicaid benefits as per state guidelines. You may also receive “Extra Help” from Medicare to pay for the costs of your Medicare prescription drugs. Amerivantage Dual Coordination (HMO SNP) will help manage all of these benefits for you, so that you get the health care services and payment assistance that you are entitled to.

Amerivantage Dual Coordination (HMO SNP) is run by a private company. Like all Medicare Advantage plans, this Medicare Special Needs Plan is approved by Medicare. We are pleased to be providing your Medicare health care coverage, including your prescription drug coverage.

Section 1.2

What is the *Evidence of Coverage* booklet about?

This *Evidence of Coverage* booklet tells you how to get your Medicare medical care and prescription drugs covered through our plan. This booklet explains your rights and responsibilities, what is covered and what you pay as a member of the plan.

The words “coverage” and “covered services” refer to the medical care and services and the prescription drugs available to you as a member of our plan.

It’s important for you to learn what the plan’s rules are and what services are available to you. We

Chapter 1. Getting started as a member

encourage you to set aside some time to look through this *Evidence of Coverage* booklet.

If you are confused or concerned or just have a question, please contact our plan's Customer Service (phone numbers are printed on the back cover of this booklet).

Section 1.3

Legal information about the Evidence of Coverage

It's part of our contract with you

This *Evidence of Coverage* is part of our contract with you about how the plan covers your care. Other parts of this contract include your enrollment form, the *List of Covered Drugs (Formulary)* and any notices you receive from us about changes to your coverage or conditions that affect your coverage. These notices are sometimes called "riders" or "amendments."

The contract is in effect for the months in which you are enrolled in the plan between January 1, 2018, and December 31, 2018.

Each calendar year, Medicare allows us to make changes to the plans that we offer. This means we can change the costs and benefits of Amerivantage Dual Coordination (HMO SNP) after December 31, 2018. We can also choose to stop offering the plan, or to offer it in a different service area, after December 31, 2018.

Medicare must approve our plan each year

Medicare (the Centers for Medicare & Medicaid Services) and Washington Apple Health must approve our plan each year. You can continue to get Medicare coverage as a member of our plan as long as we choose to continue to offer the plan and Medicare renews its approval of the plan.

Section 2. What makes you eligible to be a plan member?

Section 2.1

Your eligibility requirements

You are eligible for membership in our plan as long as:

- You have both Medicare Part A and Medicare Part B (Section 2.2 tells you about Medicare Part A and Medicare Part B)
- *And* you live in our geographic service area (Section 2.4 describes our service area.)
- *And* you are a United States citizen or are lawfully present in the United States.
- *And* you do not have end-stage renal disease (ESRD), with limited exceptions, such as if you develop ESRD when you are already a member of a plan that we offer or you were a member of a different plan that was terminated.
- *And* you meet the special eligibility requirements described below.

Special eligibility requirements for our plan

Our plan is designed to meet the needs of people who receive certain Medicaid benefits. (Medicaid is a joint Federal and state government program that helps with medical costs for certain people with limited incomes and resources.)

To be eligible for our plan, you must be eligible for Medicare cost-sharing assistance under Medicaid as per Washington Apple Health program.

Please note: If you lose your eligibility but can reasonably be expected to regain eligibility within three months, then you are still eligible for membership in our plan (Chapter 4, Section 2.1 tells you about coverage and cost sharing during a period of deemed continued eligibility).

Section 2.2

What are Medicare Part A and Medicare Part B?

When you first signed up for Medicare, you received information about what services are covered under Medicare Part A and Medicare Part B. Remember:

- Medicare Part A generally helps cover services provided by hospitals (for inpatient services, skilled nursing facilities or home health agencies).
- Medicare Part B is for most other medical services (such as physicians' services and other outpatient services) and certain items (such as durable medical equipment (DME) and supplies).

Section 2.3

What is Medicaid?

Medicaid is a joint Federal and state government program that helps with medical costs for certain people who have limited incomes and resources. Each state decides what counts as income and resources, who is eligible, what services are covered and the cost for services. States also can decide how to run their program as long as they follow the Federal guidelines.

In addition, there are programs offered through Medicaid that help people with Medicare pay their Medicare costs, such as their Medicare premiums. These "Medicare Savings Programs" help people with limited income and resources save money each year:

- **Qualified Medicare Beneficiary (QMB):** Helps pay Medicare Part A and Part B premiums, and other cost-sharing (like deductibles, coinsurance and copayments). (Some people with QMB are also eligible for full Medicaid benefits (QMB+).)

- **Specified Low-Income Medicare Beneficiary (SLMB+):** Helps pay Part B premiums and are also eligible for full Medicaid benefits.

Section 2.4

Here is the plan service area for our plan

Although Medicare is a Federal program, our plan is available only to individuals who live in our plan service area. To remain a member of our plan, you must continue to reside in the plan service area. The service area is described below.

Our service area includes these counties in WA:
King, Snohomish

If you plan to move out of the service area, please contact Customer Service (phone numbers are printed on the back cover of this booklet). When you move you will have a Special Enrollment Period that will allow you to switch to Original Medicare or enroll in a Medicare health or drug plan that is available in your new location.

It is also important that you call Social Security if you move or change your mailing address. You can find phone numbers and contact information for Social Security in Chapter 2, Section 5.

Section 2.5

U.S. Citizen or Lawful Presence

A member of a Medicare health plan must be a U.S. citizen or lawfully present in the United States. Medicare (the Centers for Medicare & Medicaid Services) will notify Amerivantage Dual Coordination (HMO SNP) if you are not eligible to remain a member on this basis. Amerivantage Dual Coordination (HMO SNP) must disenroll you if you do not meet this requirement.

Section 3. What other materials will you get from us?

Section 3.1

Your plan membership card – use it to get all covered care and prescription drugs

While you are a member of our plan, you must use your membership card for our plan whenever you get any services covered by this plan and for prescription drugs you get at network pharmacies. You should also show the provider your Medicaid card.

Here's a *sample* membership card to show you what yours will look like:

Use of this card by any person other than the member is fraud.

As long as you are a member of our plan, **you must not use your red, white and blue Medicare card** to get covered medical services (with the exception of routine clinical research studies and hospice services). Keep your red, white and blue Medicare card in a safe place in case you need it later.

Here's why this is so important: If you get covered services using your red, white and blue Medicare card instead of using your Amerivantage Dual Coordination (HMO SNP) membership card while you are a plan member, you may have to pay the full cost yourself.

If your plan membership card is damaged, lost or stolen, call Customer Service right away and we will send you a new card. (Phone numbers for Customer Service are printed on the back cover of this booklet.)

Section 3.2

The *Provider/Pharmacy Directory*: Your guide to all providers in the plan's network

The *Provider/Pharmacy Directory* lists our network providers. Providers who also accept Medicaid coverage will have an indicator next to the provider's name in the *Provider/Pharmacy Directory*. If you do not see an indicator next to your Provider's name, please contact our plan's Customer Service. (Phone numbers are printed on the back cover of this booklet.)

What are network providers?

Network providers are the doctors and other health care professionals, medical groups, hospitals and other health care facilities that have an agreement with us to accept our payment, and any plan cost sharing, as payment in full. We have arranged for these providers to deliver covered services to members in our plan. The most recent list of providers and suppliers is available on our website at www.myamerigroup.com/medicare.

Why do you need to know which providers are part of our network?

It is important to know which providers are part of our network because, with limited exceptions, while you are a member of our plan, you must use network providers to get your medical care and services.

The only exceptions are emergencies, urgently needed services when the network is not available (generally, when you are out of the area), out-of-area dialysis services and cases in which the plan authorizes use of out-of-network providers. See Chapter 3 (*Using the plan's coverage for your medical and other covered services*) for more specific information about emergency, out-of-network and out-of-area coverage.

If you don't have your copy of the *Provider/Pharmacy Directory*, you can request a copy from Customer Service (phone numbers are printed on the back cover of this booklet). You may ask Customer Service for more information about our network providers, including their qualifications. You can also see the *Provider/Pharmacy Directory* at www.myamerigroup.com/medicare or download it from this website. Both Customer Service and the website can give you the most up-to-date information about changes in our network providers.

Section 3.3

The *Provider/Pharmacy Directory*: Your guide to pharmacies in our network

What are "network pharmacies"?

Network pharmacies are all of the pharmacies that have agreed to fill covered prescriptions for our plan members.

Why do you need to know about network pharmacies?

You can use the *Provider/Pharmacy Directory* to find the network pharmacy you want to use. There are changes to our network of pharmacies for next year. An updated *Provider/Pharmacy Directory* is located on our website at www.myamerigroup.com/medicare. You may also call Customer Service for updated provider information or to ask us to mail you a *Provider/Pharmacy Directory*. **Please review the 2018 *Provider/Pharmacy Directory* to see which pharmacies are in our network.**

If you don't have the *Provider/Pharmacy Directory*, you can get a copy from Customer Service (phone numbers are printed on the back cover of this booklet). At any time, you can call Customer Service to get up-to-date information about changes in the

Chapter 1. Getting started as a member

pharmacy network. You can also find this information on our website at www.myamerigroup.com/medicare.

Section 3.4

The plan's *List of Covered Drugs (Formulary)*

The plan has a *List of Covered Drugs (Formulary)*. We call it the “*Drug List*” for short. It tells which Part D prescription drugs are covered under the Part D benefit included in our plan.

In addition to the drugs covered by Part D, some prescription drugs are covered for you under your Medicaid benefits. Chapter 5, Section 1.1 tells you how to find out which drugs are covered under Medicaid.

The drugs on this list are selected by the plan with the help of a team of doctors and pharmacists. The list must meet requirements set by Medicare. Medicare has approved the plan's *Drug List*.

The *Drug List* also tells you if there are any rules that restrict coverage for your drugs.

We will send you a copy of the *Drug List*. To get the most complete and current information about which drugs are covered, you can visit the plan's website (www.myamerigroup.com/medicare) or call Customer Service (phone numbers are printed on the back cover of this booklet).

Section 3.5

The *Part D Explanation of Benefits (the “Part D EOB”)*: Reports with a summary of payments made for your Part D prescription drugs

When you use your Part D prescription drug benefits, we will send you a summary report to help you understand and keep track of payments for your Part D prescription drugs. This summary report

is called the *Part D Explanation of Benefits* (or the “*Part D EOB*”).

The *Part D Explanation of Benefits* tells you the total amount you, or others on your behalf, have spent on your Part D prescription drugs and the total amount we have paid for each of your Part D prescription drugs during the month. Chapter 6 (*What you pay for your Part D prescription drugs*) gives more information about the *Explanation of Benefits* and how it can help you keep track of your drug coverage.

A *Part D Explanation of Benefits* summary is also available upon request. To get a copy, please contact Customer Service (phone numbers are printed on the back cover of this booklet).

Section 4. Your monthly premium for the plan

Section 4.1

How much is your plan premium?

You do not pay a separate monthly plan premium for our plan. You must continue to pay your Medicare Part B premium (unless your Part B premium is paid for you by Medicaid or another third party).

In some situations, your plan premium could be *more*

In some situations, your plan premium could be more than the amount listed above in Section 4.1. This situation is described below.

- Some members are required to pay a Part D **late-enrollment penalty** because they did not join a Medicare drug plan when they first became eligible or because they had a continuous period of 63 days or more when they didn't have “creditable” prescription drug coverage. (“Creditable” means the drug coverage is expected to pay, on average, at least

Chapter 1. Getting started as a member

as much as Medicare’s standard prescription drug coverage.) For these members, the Part D late-enrollment penalty is added to the plan’s monthly premium. Their premium amount will be the monthly plan premium plus the amount of their Part D late-enrollment penalty.

- If you receive “Extra Help” from Medicare to pay for your prescription drugs, you will not pay a late-enrollment penalty.
- If you ever lose your low-income subsidy (“Extra Help”), you would be subject to the monthly Part D late-enrollment penalty if you have ever gone without creditable prescription drug coverage for 63 days or more.
- If you are required to pay the Part D late-enrollment penalty, the amount of your penalty depends on how many months you were without drug coverage after you became eligible.

Some members are required to pay other Medicare premiums

Some members are required to pay other Medicare premiums. As explained in Section 2 above, in order to be eligible for our plan, you must maintain your eligibility for Medicaid as well as be entitled to Medicare Part A and enrolled in Medicare Part B. As long as you remain eligible for the plan, your coverage under Washington Apple Health provides coverage for Medicare premiums, deductibles and cost sharing applied.

Your copy of *Medicare & You 2018* gives information about these premiums in the section called “2018 Medicare Costs.” Everyone with Medicare receives a copy of *Medicare & You* each year in the fall. Those new to Medicare receive it within a month after first signing up. You can also download a copy of *Medicare & You 2018* from the Medicare website (<https://www.medicare.gov>). Or, you can order a printed copy by phone at

1-800-MEDICARE (1-800-633-4227), 24 hours a day, seven days a week. TTY users call 1-877-486-2048.

Section 4.2

If you pay a Part D late-enrollment penalty, there are several ways you can pay your penalty

If you are required to pay a Part D late-enrollment penalty, there are three ways you can pay the penalty. You chose your payment option at the time you enrolled. You can change your payment type at any time. If you would like to change to a different premium payment option, call Customer Service. (Phone numbers are printed on the back cover of this booklet.)

If you decide to change the way you pay your Part D late-enrollment penalty, it can take up to three months for your new payment method to take effect. While we are processing your request for a new payment method, you are responsible for making sure that your Part D late-enrollment penalty is paid on time.

Option 1: You can pay by check

If you chose to pay directly to our plan, you will receive a billing statement each month.

Please send your payment as soon as possible after you receive the bill. We need to receive the payment no later than the date shown on your invoice. If there is no due date on your invoice, we need to receive the payment no later than the first of the next month. If you did not receive a return envelope, the address for sending your payment is:

Amerigroup
P.O. Box 54587
Los Angeles, CA 90054-0587

Please make your check payable to the plan. Checks should *not* be made out to the Centers for Medicare & Medicaid Services (CMS) or the U.S. Department

Chapter 1. Getting started as a member

of Health and Human Services (HHS) and should *not* be sent to these agencies.

Option 2: You can pay by automatic withdrawal

Instead of paying by check, you can have your payment automatically withdrawn from your bank account. You can request a bank account withdrawal request form by calling Customer Service at the phone number printed on the back cover of this booklet. Be sure to attach a blank, voided check when returning your bank account withdrawal request form.

If you have chosen to pay by automatic withdrawal from your bank account, your payment usually will be withdrawn between the 3rd and 9th day of each month. If we receive your request after the monthly withdrawal date has passed, the first payment deducted from your bank account may be for more than one month's premium. Going forward, one month's premium will be withdrawn from your bank account each month.

Option 3: You can have the Part D late-enrollment penalty taken out of your monthly Social Security check

You can have the Part D late-enrollment penalty taken out of your monthly Social Security check. Contact Customer Service for more information on how to pay your monthly penalty this way. We will be happy to help you set this up. (Phone numbers for Customer Service are printed on the back cover of this booklet.)

What to do if you are having trouble paying your Part D late-enrollment penalty

Your Part D late-enrollment penalty is due in our office by the first of the month. If we have not received your penalty by the 15th, we will send you a notice telling you that your plan membership will end if we do not receive your late-enrollment

penalty payment within 90 days. If you are required to pay a Part D late-enrollment penalty, you must pay the penalty to keep your prescription drug coverage.

If you are having trouble paying your Part D late-enrollment penalty on time, please contact Customer Service to see if we can direct you to programs that will help with your penalty. (Phone numbers for Customer Service are printed on the back cover of this booklet.)

If we end your membership because you did not pay your Part D late-enrollment penalty, you will have health coverage under Original Medicare. As long as you are receiving "Extra Help" with your prescription drug costs, you will continue to have Part D drug coverage. Medicare will enroll you into a new prescription drug plan for your Part D coverage.

At the time we end your membership, you may still owe us for the penalty you have not paid. In the future, if you want to enroll again in our plan (or another plan that we offer), you will need to pay the amount you owe before you can enroll.

If you think we have wrongfully ended your membership, you have a right to ask us to reconsider this decision by making a complaint. Chapter 9, Section 11 of this booklet tells how to make a complaint. If you had an emergency circumstance that was out of your control and it caused you to not be able to pay your premiums within our grace period, you can ask us to reconsider this decision by calling 1-844-812-2275 between 8 a.m. to 8 p.m., seven days a week (except Thanksgiving and Christmas) from October 1 through February 14, and Monday to Friday (except holidays) from February 15 through September 30. TTY users should call 711. You must make your request no later than 60 days after the date your membership ends.

Section 4.3

Can we change your monthly plan premium during the year?

No. We are not allowed to begin charging a monthly plan premium during the year. If the monthly plan premium changes for next year, we will tell you in September and the change will take effect on January 1.

However, in some cases, you may need to start paying or may be able to stop paying a late-enrollment penalty. (The late-enrollment penalty may apply if you had a continuous period of 63 days or more when you didn't have "creditable" prescription drug coverage.) This could happen if you become eligible for the "Extra Help" program or if you lose your eligibility for the "Extra Help" program during the year:

- If you currently pay the Part D late-enrollment penalty and become eligible for "Extra Help" during the year, you would be able to stop paying your penalty.
- If you ever lose your low-income subsidy ("Extra Help"), you would be subject to the monthly Part D late-enrollment penalty if you have ever gone without creditable prescription drug coverage for 63 days or more.

You can find out more about the "Extra Help" program in Chapter 2, Section 7.

Section 5. Please keep your plan membership record up to date

Section 5.1

How to help make sure that we have accurate information about you

Your membership record has information from your enrollment form, including your address and telephone number. It shows your specific plan coverage, including your primary care provider.

The doctors, hospitals, pharmacists and other providers in the plan's network need to have correct information about you. **These network providers use your membership record to know what services and drugs are covered and the cost-sharing amounts for you.** Because of this, it is very important that you help us keep your information up to date.

Let us know about these changes

- Changes to your name, your address or your phone number
- Changes in any other health insurance coverage you have (such as from your employer, your spouse's employer, Workers' Compensation or Medicaid)
- If you have any liability claims, such as claims from an automobile accident
- If you have been admitted to a nursing home
- If you receive care in an out-of-area or out-of-network hospital or emergency room
- If your designated responsible party (such as a caregiver) changes
- If you are participating in a clinical research study

Chapter 1. Getting started as a member

If any of this information changes, please let us know by calling Customer Service (phone numbers are printed on the back cover of this booklet).

It is also important to contact Social Security if you move or change your mailing address. You can find phone numbers and contact information for Social Security in Chapter 2, Section 5.

Read over the information we send you about any other insurance coverage you have

Medicare requires that we collect information from you about any other medical or drug insurance coverage that you have. That's because we must coordinate any other coverage you have with your benefits under our plan. (For more information about how our coverage works when you have other insurance, see Section 7 in this chapter.)

Once each year, we will send you a letter that lists any other medical or drug insurance coverage that we know about. Please read over this information carefully. If it is correct, you don't need to do anything. If the information is incorrect, or if you have other coverage that is not listed, please call Customer Service (phone numbers are printed on the back cover of this booklet).

Section 6. We protect the privacy of your personal health information

Section 6.1

We make sure that your health information is protected

Federal and state laws protect the privacy of your medical records and personal health information. We protect your personal health information as required by these laws.

For more information about how we protect your personal health information, please go to Chapter 8, Section 1.4 of this booklet.

Section 7. How other insurance works with our plan

Section 7.1

Which plan pays first when you have other insurance?

When you have other insurance (like employer group health coverage), there are rules set by Medicare that decide whether our plan or your other insurance pays first. The insurance that pays first is called the “primary payer” and pays up to the limits of its coverage. The one that pays second, called the “secondary payer,” only pays if there are costs left uncovered by the primary coverage. The secondary payer may not pay all of the uncovered costs.

These rules apply for employer or union group health plan coverage:

- If you have retiree coverage, Medicare pays first.
- If your group health plan coverage is based on your or a family member’s current employment, who pays first depends on your age, the number of people employed by your employer and whether you have Medicare based on age, disability or end-stage renal disease (ESRD):
 - If you’re under 65 and disabled and you or your family member is still working, your group health plan pays first if the employer has 100 or more employees or at least one employer in a multiple employer plan that has more than 100 employees.
 - If you’re over 65 and you or your spouse is still working, your group health plan pays first if the employer has 20 or more employees or at least one employer in a

Chapter 1. Getting started as a member

multiple employer plan that has more than 20 employees.

- If you have Medicare because of ESRD, your group health plan will pay first for the first 30 months after you become eligible for Medicare.

These types of coverage usually pay first for services related to each type:

- No-fault insurance (including automobile insurance)
- Liability (including automobile insurance)
- Black lung benefits
- Workers' compensation

Medicaid and TRICARE never pay first for Medicare-covered services. They only pay after Medicare and/or employer group health plans have paid.

If you have other insurance, tell your doctor, hospital and pharmacy. If you have questions about who pays first, or you need to update your other insurance information, call Customer Service. (Phone numbers are printed on the back cover of this booklet.) You may need to give your plan member ID number to your other insurers (once you have confirmed their identity) so your bills are paid correctly and on time.

Section 2. Medicare (how to get help and information directly from the federal Medicare program)

Medicare is the Federal health insurance program for people 65 years of age or older, some people under age 65 with disabilities and people with end-stage renal disease (permanent kidney failure requiring dialysis or a kidney transplant).

The federal agency in charge of Medicare is the Centers for Medicare & Medicaid Services (sometimes called “CMS”). This agency contracts with Medicare Advantage organizations, including us.

Website: <https://www.medicare.gov>

This is the official government website for Medicare. It gives you up-to-date information about

Medicare and current Medicare issues. It also has information about hospitals, nursing homes, physicians, home health agencies and dialysis facilities. It includes booklets you can print directly from your computer. You can also find Medicare contacts in your state.

The Medicare website also has detailed information about your Medicare eligibility and enrollment options with the following tools:

- **Medicare Eligibility Tool:** Provides Medicare eligibility status information.
- **Medicare Plan Finder:** Provides personalized information about available Medicare prescription drug plans, Medicare health plans and Medigap (Medicare Supplement Insurance) policies in your area. These tools provide an *estimate* of what your out-of-pocket costs might be in different Medicare plans.

You can also use the website to tell Medicare about any complaints you have about our plan.

- **Tell Medicare about your complaint:** You can submit a complaint about our plan directly to Medicare. To submit a complaint to Medicare, go to <https://www.medicare.gov/MedicareComplaintForm/home.aspx>. Medicare takes your complaints seriously and will use this information to help improve the quality of the Medicare program.

If you don't have a computer, your local library or senior center may be able to help you visit this

website using its computer. Or, you can call Medicare and tell them what information you are looking for. They will find the information on the website, print it out and send it to you. Section 3. State Health Insurance Assistance Program (free help, information and answers to your questions about Medicare)

The State Health Insurance Assistance Program (SHIP) is a government program with trained counselors in every state. The SHIP for your state is listed below.

SHIPs are independent (not connected with any insurance company or health plan). They are state programs that get money from the federal government to give free local health insurance counseling to people with Medicare.

SHIP counselors can help you with your Medicare questions or problems. They can help you understand your Medicare rights, help you make complaints about your medical care or treatment and help you straighten out problems with your Medicare bills. SHIP counselors can also help you understand your Medicare plan choices and answer questions about switching plans.

Section 4. Quality Improvement Organization (paid by Medicare to check on the quality of care for people with Medicare)

There is a Quality Improvement Organization for serving Medicare beneficiaries in each state. *The Quality Improvement Organization for your state is listed below.*

The Quality Improvement Organization has a group of doctors and other health care professionals who are paid by the federal government. This organization is paid by Medicare to check on and help improve the quality of care for people with Medicare. The Quality Improvement Organization is an independent organization. It is not connected with our plan.

You should contact the Quality Improvement Organization in your state in any of these situations:

- You have a complaint about the quality of care you have received.
- You think coverage for your hospital stay is ending too soon.
- You think coverage for your home health care, skilled nursing facility care or Comprehensive Outpatient Rehabilitation Facility (CORF) services is ending too soon.

Section 5. Social Security

Social Security is responsible for determining eligibility and handling enrollment for Medicare. U.S. citizens and lawful permanent residents who are 65 or older, or who have a disability or end-stage renal disease and meet certain conditions, are eligible for Medicare. If you are already getting Social Security checks, enrollment into Medicare is automatic. If you are not getting Social Security checks, you have to enroll in Medicare. Social Security handles the enrollment process for Medicare. To apply for Medicare, you can call Social Security or visit your local Social Security office.

Social Security is also responsible for determining who has to pay an extra amount for their Part D drug coverage because they have a higher income. If you got a letter from Social Security telling you that you have to pay the extra amount and have questions about the amount or if your income went down because of a life-changing event, you can call Social Security to ask for reconsideration.

If you move or change your mailing address, it is important that you contact Social Security to let them know.

Section 6. Medicaid (a joint Federal and state program that helps with medical costs for some people with limited income and resources)

Medicaid is a joint Federal and state government program that helps with medical costs for certain people with limited incomes and resources.

In addition, there are programs offered through Medicaid that help people with Medicare pay their Medicare costs, such as their Medicare premiums. These Medicare Savings Programs help people with limited income and resources save money each year:

- **Qualified Medicare Beneficiary (QMB):** Helps pay Medicare Part A and Part B premiums, and other cost sharing (like deductibles, coinsurance, and copayments). (Some people with QMB are also eligible for full Medicaid benefits (QMB+).)
- **Specified Low-Income Medicare Beneficiary (SLMB):** Helps pay Part B premiums. (Some people with SLMB are also eligible for full Medicaid benefits (SLMB+).)

Section 7. Information about programs to help people pay for their prescription drugs

Medicare’s “Extra Help” program

Because you are eligible for Medicaid, you qualify for and are getting “Extra Help” from Medicare to pay for your prescription drug plan costs. You do not need to do anything further to get this “Extra Help.”

If you have questions about “Extra Help,” call:

- 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048 (applications), 24 hours a day, seven days a week;
- The Social Security Office at 1-800-772-1213, between 7 a.m. to 7 p.m., Monday through Friday. TTY users should call 1-800-325-0778; or
- Your State Medicaid Office (applications). (See Section 6 of this chapter for contact information.)

If you believe that you are paying an incorrect cost-sharing amount when you get your prescription at a pharmacy, our plan has established a process that allows you to either request assistance in obtaining evidence of your proper copayment level, or if you already have the evidence, to provide this evidence to us.

Please fax or mail a copy of your paperwork showing you qualify for a subsidy using the fax number or address shown on the back cover of this booklet. Below are examples of the paperwork you can provide:

- A copy of your Medicaid card if it includes your eligibility date during the discrepant period;
- A copy of a letter from the state or SSA showing Medicare Low-Income Subsidy status;
- A copy of a state document that confirms active Medicaid status during the discrepant period;
- A screen print from the state’s Medicaid systems showing Medicaid status during the discrepant period;
- Evidence at point-of-sale of recent Medicaid billing and payment in the pharmacy’s patient profile, backed up by one of the above indicators post point-of-sale.

If you have been a resident of a long-term-care facility (like a nursing home), instead of providing one of the items above, you should provide one of the items listed below. If you do, you may be eligible for the highest level of subsidy.

- A remittance from the facility showing Medicaid payment for a full calendar month for you during the discrepant period;

Chapter 2. Important phone numbers and resources

- A copy of a state document that confirms Medicaid payment to the facility for a full calendar month on your behalf; or
- A screen print from the state's Medicaid systems showing your institutional status based on at least a full calendar month stay for Medicaid payment purposes during the discrepant period.

Once we have received your paperwork and verified your status, we will call you so you can begin filling your prescriptions at the low-income copayment.

When we receive the evidence showing your copayment level, we will update our system so that you can pay the correct copayment when you get your next prescription at the pharmacy. If you overpay your copayment, we will reimburse you. Either we will forward a check to you in the amount of your overpayment or we will offset future copayments. If the pharmacy hasn't collected a copayment from you and is carrying your copayment as a debt owed by you, we may make the payment directly to the pharmacy. If a state paid on your behalf, we may make payment directly to the state. Please contact Customer Service if you have questions (phone numbers are printed on the back cover of this booklet).

What if you have coverage from an AIDS Drug Assistance Program (ADAP)? What is the AIDS Drug Assistance Program (ADAP)?

The AIDS Drug Assistance Program (ADAP) helps ADAP-eligible individuals living with HIV/AIDS have access to life-saving HIV medications. Medicare Part D prescription drugs that are also covered by ADAP qualify for prescription cost-sharing assistance.

Note: To be eligible for the ADAP operating in your State, individuals must meet certain criteria, including proof of State residence and HIV status, low income as defined by the State, and uninsured/under-insured status.

If you are currently enrolled in an ADAP, it can continue to provide you with Medicare Part D

prescription cost-sharing assistance for drugs on the ADAP formulary. In order to be sure you continue receiving this assistance, please notify your local ADAP enrollment worker of any changes in your Medicare Part D plan name or policy number.

For information on eligibility criteria, covered drugs, or how to enroll in the program, please call:

What if you get “Extra Help” from Medicare to help pay your prescription drug costs? Can you get the discounts?

Most of our members get “Extra Help” from Medicare to pay for their prescription drug plan costs. If you get “Extra Help,” the Medicare Coverage Gap Discount Program does not apply to you. If you get “Extra Help,” you already have coverage for your prescription drug costs during the coverage gap.

What if you don't get a discount and you think you should have?

If you think that you have reached the coverage gap and did not get a discount when you paid for your brand-name drug, you should review your next *Part D Explanation of Benefits (Part D EOB)* notice. If the discount doesn't appear on your *Part D Explanation of Benefits*, you should contact us to make sure that your prescription records are correct and up to date. If we don't agree that you are owed a discount, you can appeal. You can get help filing an appeal from your State Health Insurance Assistance Program (SHIP) (telephone numbers are in Section 3 of this chapter) or by calling 1-800-MEDICARE (1-800-633-4227), 24 hours a day, seven days a week. Section 1. Things to know about getting your medical care and other services covered as a member of our plan

This chapter explains what you need to know about using the plan to get your medical care and other services covered. It gives definitions of terms and explains the rules you will need to follow to get the medical treatments, services and other medical care that are covered by the plan.

For the details on what medical care and other services are covered by our plan, use the benefits chart in the next chapter, Chapter 4 (*Benefits chart, what is covered*).

Section 1.1

What are “network providers” and “covered services”?

Here are some definitions that can help you understand how you get the care and services that are covered for you as a member of our plan:

- **“Providers”** are doctors and other health care professionals licensed by the state to provide medical services and care. The term “providers” also includes hospitals and other health care facilities.
- **“Network providers”** are the doctors and other health care professionals, medical groups, hospitals and other health care facilities that have an agreement with us to accept our payment as payment in full. We have arranged for these providers to deliver covered services to members in our plan. The providers in our network bill us directly for care they give you. When you see a network provider, you pay nothing for covered services.
- **“Covered services”** include all the medical care, health care services, supplies and equipment

that are covered by our plan. Your covered services for medical care are listed in the Benefits Chart in Chapter 4.

Section 1.2

Basic rules for getting your medical care and other services covered by the plan

As a Medicare health plan, our plan must cover all services covered by Original Medicare and other services and must follow Original Medicare's coverage rules for these services.

The plan will generally cover your medical care as long as:

- **The care you receive is included in the plan's Benefits Chart** (this chart is in Chapter 4 of this booklet).
- **The care you receive is considered medically necessary.** “Medically necessary” means that the services, supplies or drugs are needed for the prevention, diagnosis or treatment of your medical condition and meet accepted standards of medical practice.
- **You have a network primary care provider (a PCP) who is providing and overseeing your care.** As a member of our plan, you must choose a network PCP (for more information about this, see Section 2.1 in this chapter).
 - In most situations, your network PCP may need to give you approval in advance before you can use other providers in the plan's network, such as specialists, hospitals, skilled nursing facilities or home health care agencies. This is called giving you a “referral.” For more information about this, see Section 2.3 of this chapter.
 - Referrals from your PCP are not required for emergency care or urgently needed services. There are also some other kinds of care you can get without having approval in advance

from your PCP. For more information about this, see Section 2.2 of this chapter.

- **You must receive your care from a network provider** (for more information about this, see Section 2 in this chapter). In most cases, care you receive from an out-of-network provider (a provider who is not part of our plan's network) will not be covered. Here are three exceptions:
 - The plan covers emergency care or urgently needed services that you get from an out-of-network provider. For more information about this, and to see what emergency or urgently needed services means, see Section 3 in this chapter.
 - If you need medical care that Medicare requires our plan to cover and the providers in our network cannot provide this care, you can get this care from an out-of-network provider. You should obtain authorization from the plan prior to seeking care. In this situation, we will cover these services at no cost to you. For information about getting approval to see an out-of-network doctor, see Section 2.4 in this chapter.
 - The plan covers kidney dialysis services that you get at a Medicare-certified dialysis facility when you are temporarily outside the plan's service area.

Section 2. Use providers in the plan's network to get your medical care and other services

Section 2.1

You must choose a primary care provider (PCP) to provide and oversee your care

What is a "PCP" and what does the PCP do for you?

When you join our plan, you must choose a plan provider to be your primary care provider (PCP). Your PCP is a physician who meets state requirements and is trained to give you basic medical care. If you do not have a PCP at the time you join, a plan representative can help you select one. If you are not able to choose a PCP, we will assign you to a contracted PCP with a convenient office location based on your home address.

PCPs can be any of the following kinds of doctors as long as they are in our plan's network:

- General practitioners
- Family practitioners
- Internal medicine doctors
- Pediatrics

Members who have special medical conditions and receive ongoing care from a specialist physician may request that the specialist serve as their PCP. Our plan will approve these requests if the specialist agrees to serve as the PCP and our plan decides that the specialist can provide you with appropriate primary care.

As we explain below, you will get your routine or basic care from your PCP. Your PCP will also coordinate the rest of the covered services you get as a plan member.

You will see your PCP for most of your routine health care needs. There are only a few types of covered services you can get on your own without contacting your PCP first, except, as we explain below and in Section 3.

Your PCP will provide most of your care and will help arrange or coordinate the rest of the covered services you get as a plan member. This includes your X-rays, laboratory tests, therapies, care from doctors who are specialists, hospital admissions and follow-up care. Coordinating your services includes checking or consulting with other plan providers about your care and how it is going. If you need certain types of covered services or supplies, your PCP will help arrange your care, such as sending you to see a specialist. In some cases, your PCP will need to get prior authorization (prior approval). Since your PCP will provide and coordinate your medical care, you should have all of your past medical records sent to your PCP's office.

When your PCP thinks that you need specialized treatment, he or she may send you to see a plan specialist. A specialist is a doctor who provides health care services for a specific disease or part of the body. Examples of specialists include oncologists (who care for patients with cancer), cardiologists (who care for patients with heart conditions), and orthopedists (who care for patients with certain bone, joint or muscle conditions). The referral from your PCP tells the specialist something about your medical condition and the things that your PCP would like the specialist to check on.

Your PCP is available to coordinate your care with specialists and other providers. If one of your providers orders a service that requires an authorization, the provider is responsible for obtaining a prior authorization from our plan.

How do you choose your PCP?

You chose a PCP when you completed your enrollment form.

If you did not choose a PCP, we will select one for you who is located close to where you live. Your PCP's name and phone number will be printed on your membership card.

To select a new PCP, you may refer to the Provider/Pharmacy Directory you received, the Provider/Pharmacy Directory on our website, or call the Customer Service phone number on the back cover of this booklet. To help you make your selection, our online provider search allows you to choose providers near you and gives information about the doctor's gender, language, hospital affiliations and board certifications.

If there is a particular specialist or hospital that you want to use, check first to be sure your PCP makes referrals to that specialist or uses that hospital. Customer Service also can help you choose a doctor. If you are already seeing a doctor, you can look in the Provider/Pharmacy Directory to see if that doctor is in our network. If so, you can tell us you want to keep that doctor.

Changing your PCP

You may change your PCP for any reason, at any time. Also, it's possible that your PCP might leave our plan's network of providers and you would have to find a new PCP.

If your request to change your PCP is made on days 1-14 of the month, the effective date of your PCP change will default to the first of the current month in which you have requested your PCP change. If your request to change your PCP is made on days 15-31 of the month, the effective date of your PCP change will default to the 1st of the following month.

If you want to change your PCP, and you need help finding a network provider, please call Customer Service at the number shown on the back cover of this booklet, or visit our website to access our online, searchable directory. If you would like a provider directory mailed to you, you may call Customer Service, or request one on our website.

To change your PCP, call Customer Service at the number shown on the back cover of this booklet. When you call, be sure to tell Customer Service if you are seeing specialists or getting other covered services that needed your PCP's approval (such as home health services and durable medical equipment).

Customer Service will help make sure that you can continue with the specialty care and other services you have been getting when you change to a new PCP. They will also check to be sure the PCP you want to switch to is able to accept new patients.

Customer Service will change your membership record to show the name of your new PCP and tell you when the change to your PCP will take effect. Once your PCP has been changed, you will get a new membership card in the mail within 10 working days.

Section 2.2

What kinds of medical care and other services can you get without getting approval in advance from your PCP?

You can get the services listed below without getting approval in advance from your PCP.

- Routine women's health care, which includes breast exams, screening mammograms (X-rays of the breast), Pap tests and pelvic exams, as long as you get them from a network provider.
- Flu shots and pneumonia vaccinations, as long as you get them from a network provider.
- Emergency services from network providers or from out-of-network providers.
- Urgently needed services from network providers or from out-of-network providers when network providers are temporarily unavailable or inaccessible, e.g. when you are temporarily outside of the plan's service area.
- Kidney dialysis services that you get at a Medicare-certified dialysis facility when you are temporarily outside the plan's service area. If possible, please call Customer Service before you leave the service area so we can help arrange for you to have maintenance dialysis while you are away. Phone numbers for Customer Service are printed on the back cover of this booklet.
- Abdominal aortic aneurysm screening, as long as you get it from a network provider.
- Annual routine physical, as long as you get it from a network provider
- Bone mass measurement, as long as you get it from a network provider.
- Cardiovascular disease risk reduction visit (therapy for cardiovascular disease), as long as you get it from a network provider.
- Cardiovascular disease testing, as long as you get it from a network provider.
- Colorectal cancer screening, as long as you get it from a network provider.
- Depression screening, as long as you get it from a network provider.
- Diabetes screening, diabetes self-management training, diabetes services and supplies, as long as you get them from a network provider.
- Health and wellness education programs, as long as you get them from a network provider.
- HIV screening, as long as you get it from a network provider.
- Medical nutrition therapy, as long as you get it from a network provider.
- Medicare Diabetes Prevention Program (MDPP) services will be covered as long as you get the services from a network provider.
- Obesity screening and therapy to promote sustained weight loss, as long as you get it from a network provider.
- Prostate cancer screening, as long as you get it from a network provider.

- Screening and counseling to reduce alcohol misuse, as long as you get them from a network provider.
- Screening for Hepatitis C, as long as you get it from a network provider
- Screening for sexually transmitted infections (STIs) and counseling to prevent STIs, as long as you get them from a network provider.
- Smoking and tobacco use cessation (counseling to stop smoking or tobacco use), as long as you get it from a network provider.
- Welcome to Medicare preventive visit and annual wellness visit, as long as you get them from a network provider.

Section 2.3

How to get care from specialists and other network providers

A specialist is a doctor who provides health care services for a specific disease or part of the body.

There are many kinds of specialists. Here are a few examples:

- Oncologists care for patients with cancer.
- Cardiologists care for patients with heart conditions.
- Orthopedists care for patients with certain bone, joint or muscle conditions.

It is very important to get a referral (approval in advance) before you see a network contracted specialist or receive specialty services (with the exception of those services listed above under Section 2.2). Please refer to Chapter 4, Section 2.1 for information about which services require referrals and/or prior authorizations.

For certain services provided by specialists, your PCP will need to get prior approval from us. This is called getting "prior authorization." (For more information about this, see the Medical Benefits Chart in Chapter 4.)

What if a specialist or another network provider leaves our plan?

We may make changes to the hospitals, doctors and specialists (providers) that are part of your plan during the year. There are a number of reasons why your provider might leave your plan but if your doctor or specialist does leave your plan, you have certain rights and protections that are summarized below:

- Even though our network of providers may change during the year, Medicare requires that we furnish you with uninterrupted access to qualified doctors and specialists.
- We will make a good faith effort to provide you with at least 30 days' notice that your provider is leaving our plan so that you have time to select a new provider.
- We will assist you in selecting a new qualified provider to continue managing your health care needs.
- If you are undergoing medical treatment you have the right to request, and we will work with you to ensure, that the medically necessary treatment you are receiving is not interrupted.
- If you believe we have not furnished you with a qualified provider to replace your previous provider or that your care is not being appropriately managed you have the right to file an appeal of our decision.
- If you find out your doctor or specialist is leaving your plan, please contact us so we can assist you in finding a new provider and managing your care.

If you need assistance, please call Customer Service (phone numbers are printed on the back cover of this booklet).

Section 2.4

How to get care from out-of-network providers

This plan does not provide coverage for services received from out-of-network providers, except emergency, urgently needed care and end-stage renal disease services. You are not responsible for obtaining authorization for emergency, urgently needed care or end-stage renal disease services received from out-of-network providers.

Section 3. How to get covered services when you have an emergency or urgent need for care or during a disaster

Section 3.1

Getting care if you have a medical emergency

What is a “medical emergency” and what should you do if you have one?

A “**medical emergency**” is when you, or any other prudent layperson with an average knowledge of health and medicine, believe that you have medical symptoms that require immediate medical attention to prevent loss of life, loss of a limb or loss of function of a limb. The medical symptoms may be an illness, injury, severe pain or a medical condition that is quickly getting worse.

If you have a medical emergency:

- **Get help as quickly as possible.** Call 911 for help or go to the nearest emergency room or hospital. Call for an ambulance if you need it. You do not need to get approval or a referral first from your PCP.

- **As soon as possible, make sure that our plan has been told about your emergency.** We need to follow up on your emergency care. You or someone else should call to tell us about your emergency care, usually within 48 hours. Please call the number on the back of your plan membership card.

What is covered if you have a medical emergency?

You may get covered emergency medical care whenever you need it, anywhere in the United States or its territories. Our plan covers ambulance services in situations where getting to the emergency room in any other way could endanger your health. For more information, see the Benefits Chart in Chapter 4 of this booklet.

This plan provides limited coverage for emergency care outside of the United States. Prescriptions purchased outside of the country are not covered even for emergency care.

When you receive emergency/urgent care outside the country, you will need to pay the bill and ask for an itemized bill for your services. When you return to the United States, send the itemized bill and proof of payment to us along with a note describing your emergency/urgent care you received. If you did not pay your bill in U.S. dollars, the plan will reimburse you in U.S. dollars at the current exchange rate. See Chapter 7, Section 2 for more information on how to submit a bill for reimbursement, and the “Medical Benefits Chart” in Chapter 4 for additional information.

If you have an emergency, we will talk with the doctors who are giving you emergency care to help manage and follow up on your care. The doctors who are giving you emergency care will decide when your condition is stable and the medical emergency is over.

After the emergency is over, you are entitled to follow-up care to be sure your condition continues to be stable. Your follow-up care will be covered

by our plan. If your emergency care is provided by out-of-network providers, we will try to arrange for network providers to take over your care as soon as your medical condition and the circumstances allow.

What if it wasn't a medical emergency?

Sometimes it can be hard to know if you have a medical emergency. For example, you might go in for emergency care – thinking that your health is in serious danger – and the doctor may say that it wasn't a medical emergency after all. If it turns out that it was not an emergency, as long as you reasonably thought your health was in serious danger, we will cover your care.

However, after the doctor has said that it was *not* an emergency, we will cover additional care *only* if you get the additional care in one of these two ways:

- You go to a network provider to get the additional care.
- Or, the additional care you get is considered “urgently needed services” and you follow the rules for getting this urgent care. (For more information about this, see Section 3.2 below.)

Section 3.2

Getting care when you have an urgent need for services

What are “urgently needed services”?

“Urgently needed services” are a nonemergency, unforeseen medical illness, injury or condition that requires immediate medical care. Urgently needed services may be furnished by network providers or by out-of-network providers when network providers are temporarily unavailable or inaccessible. The unforeseen condition could, for example, be an unforeseen flare-up of a known condition that you have.

What if you are in the plan's service area when you have an urgent need for care?

You should always try to obtain urgently needed services from network providers. However, if providers are temporarily unavailable or inaccessible and it is not reasonable to wait to obtain care from your network provider when the network becomes available, we will cover urgently needed services that you get from an out-of-network provider.

You can receive care from any urgent care provider included in your provider directory. If you are having trouble finding an urgent care provider, please call Customer Service at the phone number printed on the back cover of this booklet.

What if you are *outside* the plan's service area when you have an urgent need for care?

When you are outside the service area and cannot get care from a network provider, our plan will cover urgently needed services that you get from any provider.

Our plan offers limited supplemental urgently needed medical care coverage for occasions when you are outside of the United States. Please refer to the Benefits Chart in Chapter 4 for more details.

Section 3.3

Getting care during a disaster

If the governor of your state, the U.S. Secretary of Health and Human Services or the President of the United States declares a state of disaster or emergency in your geographic area, you are still entitled to care from your plan.

Please visit the following website: www.myamerigroup.com/medicare for information on how to obtain needed care during a disaster.

Generally, if you cannot use a network provider during a disaster, your plan will allow you to obtain

care from out-of-network providers at in-network cost-sharing. If you cannot use a network pharmacy during a disaster, you may be able to fill your prescription drugs at an out-of-network pharmacy. Please see Chapter 5, Section 2.5 for more information.

Section 4. What if you are billed directly for the full cost of your covered services?

Section 4.1

You can ask us to pay for covered services

If you have paid for covered services, or if you have received a bill for covered medical services, go to Chapter 7 (*Asking us to pay a bill you have received for covered medical services or drugs*) for information about what to do.

Section 4.2

What should you do if services are not covered by our plan?

The plan covers all medical services that are medically necessary, are listed in the plan’s Benefits Chart (this chart is in Chapter 4 of this booklet), and are obtained consistent with plan rules. You are responsible for paying the full cost of services that aren’t covered by our plan, either because they are not plan-covered services, or they were obtained out-of-network and were not authorized. Before paying for the cost of the service, members should check if the service is covered by Medicaid.

If you have any questions about whether we will pay for any medical service or care that you are considering, you have the right to ask us whether we will cover it before you get it. You also have the

right to ask for this in writing. If we say we will not cover your services, you have the right to appeal our decision not to cover your care.

Chapter 9 (*What to do if you have a problem or complaint (coverage decisions, appeals, complaints)*), has more information about what to do if you want a coverage decision from us or want to appeal a decision we have already made. You may also call Customer Service to get more information (phone numbers are printed on the back cover of this booklet).

For covered services that have a benefit limitation, you pay the full cost of any services you get after you have used up your benefit for that type of covered service. When the benefit limit has been reached, the costs you pay do not count toward your out-of-pocket maximum. You can call Customer Service when you want to know how much of your benefit limit you have already used.

Section 5. How are your medical services covered when you are in a “clinical research study”?

Section 5.1

What is a “clinical research study”?

A clinical research study (also called a “clinical trial”) is a way that doctors and scientists test new types of medical care, like how well a new cancer drug works. They test new medical care procedures or drugs by asking for volunteers to help with the study. This kind of study is one of the final stages of a research process that helps doctors and scientists see if a new approach works and if it is safe.

Not all clinical research studies are open to members of our plan. Medicare first needs to approve the research study. If you participate in a study that Medicare has *not* approved, *you will be*

responsible for paying all costs for your participation in the study.

Once Medicare approves the study, someone who works on the study will contact you to explain more about the study and see if you meet the requirements set by the scientists who are running the study. You can participate in the study as long as you meet the requirements for the study *and* you have a full understanding and acceptance of what is involved if you participate in the study.

If you participate in a Medicare-approved study, Original Medicare pays most of the costs for the covered services you receive as part of the study. When you are in a clinical research study, you may stay enrolled in our plan and continue to get the rest of your care (the care that is not related to the study) through our plan.

If you want to participate in a Medicare-approved clinical research study, you do *not* need to get approval from us or your PCP. The providers that deliver your care as part of the clinical research study do *not* need to be part of our plan's network of providers.

Although you do not need to get our plan's permission to be in a clinical research study, **you do need to tell us before you start participating in a clinical research study.**

If you plan on participating in a clinical research study, contact Customer Service (phone numbers are printed on the back cover of this booklet) to let them know that you will be participating in a clinical trial and to find out more specific details about what your plan will pay.

Section 5.2

When you participate in a clinical research study, who pays for what?

Once you join a Medicare-approved clinical research study, you are covered for routine items

and services you receive as part of the study, including:

- Room and board for a hospital stay that Medicare would pay for even if you weren't in a study.
- An operation or other medical procedure if it is part of the research study.
- Treatment of side effects and complications of the new care.

Original Medicare pays most of the cost of the covered services you receive as part of the study. After Medicare has paid its share of the cost for these services, our plan will pay the rest. Like for all covered services, you will pay nothing for the covered services you get in a clinical research study.

In order for us to pay for our share of the costs, you will need to submit a request for payment. With your request, you will need to send us a copy of your Medicare Summary Notices or other documentation that shows what services you received as part of the study. Please see Chapter 7 for more information about submitting requests for payment.

When you are part of a clinical research study, **neither Medicare nor our plan will pay for any of the following:**

- Generally, Medicare will *not* pay for the new item or service that the study is testing unless Medicare would cover the item or service even if you were *not* in a study.
- Items and services the study gives you or any participant for free.
- Items or services provided only to collect data, and not used in your direct health care. For example, Medicare would not pay for monthly CT scans done as part of the study if your medical condition would normally require only one CT scan.

Do you want to know more?

You can get more information about joining a clinical research study by reading the publication

“Medicare and Clinical Research Studies” on the Medicare website (<https://www.medicare.gov>). You can also call 1-800-MEDICARE (1-800-633-4227), 24 hours a day, seven days a week. TTY users should call 1-877-486-2048.

Section 6. Rules for getting care covered in a “religious nonmedical health care institution”

Section 6.1

What is a religious nonmedical health care institution?

A religious nonmedical health care institution is a facility that provides care for a condition that would ordinarily be treated in a hospital or skilled nursing facility.

If getting care in a hospital or a skilled nursing facility is against a member's religious beliefs, we will instead provide coverage for care in a religious nonmedical health care institution.

You may choose to pursue medical care at any time for any reason. This benefit is provided only for Part A inpatient services (nonmedical health care services). Medicare will only pay for nonmedical health care services provided by religious nonmedical health care institutions.

Section 6.2

What care from a religious nonmedical health care institution is covered by our plan?

To get care from a religious nonmedical health care institution, you must sign a legal document that says you are conscientiously opposed to getting medical treatment that is “nonexcepted.”

- “Nonexcepted” medical care or treatment is any medical care or treatment that is *voluntary* and *not required* by any federal, state or local law.
- “Excepted” medical treatment is medical care or treatment that you get that is *not* voluntary or *is required* under federal, state or local law.

To be covered by our plan, the care you get from a religious nonmedical health care institution must meet the following conditions:

- The facility providing the care must be certified by Medicare.
- Our plan's coverage of services you receive is limited to *nonreligious* aspects of care.
- If you get services from this institution that are provided to you in a facility, the following conditions apply:
 - You must have a medical condition that would allow you to receive covered services for inpatient hospital care or skilled nursing facility care.
 - *And* you must get approval in advance from our plan before you are admitted to the facility or your stay will not be covered.

The Medicare inpatient hospital coverage limits apply to care received in a religious nonmedical health care institution. For more information, see the Benefits Chart in Chapter 4.

Your coverage under Medicaid may provide additional coverage or benefits.

Section 7. Rules for ownership of durable medical equipment

Section 7.1

Will you own the durable medical equipment after making a certain number of payments under our plan?

Durable medical equipment (DME) includes items such as oxygen equipment and supplies, wheelchairs, walkers, powered mattress systems, crutches, diabetic supplies, speech generating devices, IV infusion pumps, nebulizers and hospital beds ordered by a provider for use in the home. The member always owns certain items, such as prosthetics. In this section, we discuss other types of DME that you must rent.

In Original Medicare, people who rent certain types of DME own the equipment after paying copayments for the item for 13 months. As a member of our plan, you will acquire ownership of

the DME items following a rental period not to exceed 13 months from an in-network provider or 13 months rental from a non-network provider. Your copayments will end when you obtain ownership of the item. Oxygen-related equipment rental is 36 months before ownership transfers to you.

What happens to payments you have made for durable medical equipment if you switch to Original Medicare?

If you did not acquire ownership of the DME item while in our plan, you will have to make 13 new consecutive payments after you switch to Original Medicare in order to own the item. Payments you made while in our plan do not count toward these 13 consecutive payments.

If you made fewer than 13 payments for the DME item under Original Medicare before you joined our plan, your previous payments also do not count toward the 13 consecutive payments. You will have to make 13 new consecutive payments after you return to Original Medicare in order to own the item. There are no exceptions to this case when you return to Original Medicare.

Section 1. Understanding covered services

This chapter focuses on what services are covered. It includes a Benefits Chart that lists your covered services as a member of our plan. Later in this chapter, you can find information about medical services that are not covered. It also explains limits on certain services.

Section 1.1

You pay nothing for your covered services

Because you get assistance from Medicaid, you pay nothing for your covered services as long as you follow the plans' rules for getting your care. See Chapter 3 for more information about the plans' rules for getting your care.

Section 1.2

What is the most you will pay for Medicare Part A and Part B covered medical services?

Note: Because our members also get assistance from Medicaid, very few members ever reach this out-of-pocket maximum. If you are eligible for Medicare cost-sharing assistance under Medicaid, you are not responsible for paying any out-of-pocket costs toward the maximum out-of-pocket amount for covered Part A and Part B services.

Because you are enrolled in a Medicare Advantage plan, there is a limit to how much you have to pay out of pocket each year for medical services that are covered under Medicare Part A and Part B (see the Medical Benefits Chart in Section 2, below). This limit is called the maximum out-of-pocket amount for medical services.

As a member of our plan, the most you will have to pay out of pocket for Part A and Part B services in 2018 is \$6,700. The amounts you pay for copayments and coinsurance for covered services count toward this maximum out-of-pocket amount. (The amounts you pay for your Part D prescription drugs do not count toward your maximum out-of-pocket amount.) If you reach the maximum out-of-pocket amount of \$6,700, you will not have to pay any out-of-pocket costs for the rest of the year for covered Part A and Part B services. However, you must continue to pay the Medicare Part B premium (unless your Part B premium is paid for you by Medicaid or another third party).

If you are eligible for Medicare cost-sharing assistance under Medicaid, we do not allow providers to bill you for covered services. We pay our providers directly, and we protect you from any charges. This is true even if we pay the provider less than the provider charges for a service. If you receive a bill from a provider, call Customer Service (phone numbers are printed on the back cover of this booklet).

Section 2. Use the Medical Benefits Chart to find out what is covered for you

Section 2.1

Your medical benefits as a member of the plan

The Benefits Chart on the following pages lists the services the plan covers. The services listed in the Benefits Chart are covered only when the following coverage requirements are met:

- Your Medicare-covered services must be provided according to the coverage guidelines established by Medicare.
- Your services (including medical care, services, supplies and equipment) *must* be medically necessary. "Medically necessary" means that

Chapter 4. Benefits chart (what is covered)

the services, supplies or drugs are needed for the prevention, diagnosis or treatment of your medical condition and meet accepted standards of medical practice.

- You receive your care from a network provider. In most cases, care you receive from an out-of-network provider will not be covered. Chapter 3 provides more information about requirements for using network providers and the situations when we will cover services from an out-of-network provider.
- You have a primary care provider (a PCP) who is providing and overseeing your care. In most situations, your PCP must give you approval in advance before you can see other providers in the plan's network. This is called giving you a "referral." Chapter 3 provides more information about getting a referral and the situations when you do not need a referral.
- Some of the services listed in the Medical Benefits Chart are covered *only* if your doctor or other network provider gets approval in advance (sometimes called "prior authorization") from us. Covered services that need approval in advance are marked with a note in the Medical Benefits Chart.

Other important things to know about our coverage:

- You are covered by both Medicare and Medicaid. Medicare covers health care and prescription drugs. Medicaid covers your cost sharing for Medicare services, including hospital

and doctor visits. Medicaid also covers services Medicare does not cover, like home and community based services or other Medicaid-only services.

- Like all Medicare health plans, we cover everything that Original Medicare covers. (If you want to know more about the coverage and costs of Original Medicare, look in your *Medicare & You 2018 Handbook*. View it online at <https://www.medicare.gov> or ask for a copy by calling 1-800-MEDICARE (1-800-633-4227), 24 hours a day, seven days a week. TTY users should call 1-877-486-2048.)
- For all preventive services that are covered at no cost under Original Medicare, we also cover the service at no cost to you.
- Sometimes, Medicare adds coverage under Original Medicare for new services during the year. If Medicare adds coverage for any services during 2018, either Medicare or our plan will cover those services.
- If you are within our plan's three-month period of deemed continued eligibility, we will continue to provide all Medicare Advantage plan-covered Medicare benefits. However, during this period, we will not cover Medicaid benefits that are included under the Medicaid state plan. Medicare cost-sharing amounts for Medicare basic and supplemental benefits do not change during this period.

Additional services may be covered by the plan in accordance with your Medicaid benefits and guidelines.

If you are eligible for Medicare cost-sharing assistance under Medicaid, you do not pay anything for the services listed in the Benefits Chart, as long as you meet the coverage requirements described above.

You will see this apple next to the preventive services in the benefits chart.

If you need a transplant, we will arrange to have your case reviewed by a Medicare-approved transplant center that will decide whether you are a candidate for a transplant. Transplant providers may be local or outside of the service area. If our in-network transplant services outside the community pattern of care, you may choose to go locally as long as the local transplant providers are willing to accept the Original Medicare rate. If the plan provides transplant services at a location outside the pattern of care for transplants in your community and you choose to obtain transplants at this distant location, we will arrange or pay for appropriate lodging and transportation costs for you and one companion. The reimbursement for transportation costs are while you and your companion are traveling to and from the medical providers for services related to the transplant care. The plan defines the distant location as a location that is outside of the member's service area AND a minimum of 75 miles from the member's home. For each travel and lodging reimbursement request, please submit a letter from the Medicare-approved transplant center indicating the dates you were an inpatient of the Medicare-approved transplant center, and the dates you were treated as an outpatient when required to be near the Medicare-approved transplant center to receive treatment/services related to the transplant care. Please also include documentation of any companion and the dates they traveled with you while you were receiving services related to the transplant care. Travel reimbursement forms can be requested from Customer Service. Section 3. What services are covered outside of the plan?

Section 3.1

Services *not* covered by the plan

The following services are not covered by Amerivantage Dual Coordination (HMO SNP) but are available through Medicaid:

- Private duty nursing

In addition, Medicaid provides benefits beyond that of what our plan offers. Please check your Medicaid contract for full list of services.

Section 4. What services are not covered outside of the plan?

Section 4.1

Services *not* covered by the plan (exclusions)

This section tells you what services are “excluded.” Excluded means that the plan doesn’t cover these services.

The chart below describes some services and items that aren’t covered by the plan under any conditions or are covered by the plan only under specific conditions.

We won’t pay for the excluded medical services listed in the chart below except under the specific conditions listed. The only exception: We will pay if a service in the chart below is found upon appeal to be a medical service that we should have paid for or covered because of your specific situation. (For information about appealing a decision we have made to not cover a medical service, go to Chapter 9, Section 6.3 in this booklet.)

All exclusions or limitations on services are described in the Benefits Chart or in the chart below:

Routine dental care, such as cleanings, fillings or dentures.		<p style="text-align: center;">✓</p> Medicare doesn't cover most dental care, dental procedures, or supplies, like cleanings, fillings, tooth extractions, dentures, dental plates, or other dental devices. This plan may cover routine dental care if specified in the Chapter 4 Benefit Chart as a supplemental benefit. Any supplemental benefit offered is not covered under the Original Medicare program but as extra benefits under this plan. To utilize this benefit you must use a provider who participates in our routine dental Vendor network. Please contact Customer Service to locate a provider that is within that dental vendors network.
Non-routine dental care.		<p style="text-align: center;">✓</p> Dental care required to treat illness or injury may be covered as inpatient or outpatient care. Dental services are excluded from coverage in connection with the care, treatment, filling, removal, or replacement of teeth, or structures directly supporting the teeth, except for inpatient or outpatient hospital services required because of a medical condition. Additionally, some dental services are covered if an integral part of a covered medical procedure. Medicare has specific guidelines for covered services. Contact Customer Service for more information on these limited services.

How can you get information about your drug costs?

Because you are eligible for Medicaid, you qualify for and are getting “Extra Help” from Medicare to pay for your prescription drug plan costs. Because you are in the “Extra Help” program, some information in this Evidence of Coverage about the costs for Part D Prescription drugs may not apply to you.

We send you a separate insert, called the “*Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs*” (also known as the “*Low Income Subsidy Rider*” or the “*LIS Rider*”), which tells you about your drug coverage. If you don't have this insert, please call Customer Service and ask for the “*LIS Rider*.” (Phone numbers for Customer Service are printed on the back cover of this booklet.)

Section 1. Introduction

Section 1.1

This chapter describes your coverage for Part D drugs

This chapter **explains rules for using your coverage for Part D drugs**. The plan will cover additional Services in accordance with Medicaid coverage criteria. You must use participating provider for this service. The next chapter tells what you pay for Part D drugs (Chapter 6, *What you pay for your Part D prescription drugs*).

In addition to your coverage for Part D drugs, the plan also covers some drugs under the plan's medical benefits.

Through its coverage of Medicare Part A benefits, our plan generally covers drugs you are given during covered stays in the hospital or in a skilled nursing facility.

Through its coverage of Medicare Part B benefits, our plan covers drugs including certain chemotherapy drugs, certain drug injections you are given during an office visit and drugs you are given at a dialysis facility. Chapter 4 (*Medical Benefits chart, What is covered*), tells about the benefits and costs for drugs during a covered hospital or skilled nursing facility stay, as well as your benefits and costs for Part B drugs.

Your drugs may be covered by Original Medicare if you are in Medicare hospice. Our plan only covers Medicare Parts A, B, and D services and drugs that are unrelated to your terminal prognosis and related conditions and therefore not covered under the Medicare hospice benefit. For more information, please see Section 9.3 (*What if you're in Medicare-certified hospice*). For information on hospice coverage, see the hospice section of Chapter 4 (*Medical Benefits Chart, What is covered*).

The following sections discuss coverage of your drugs under the plan's Part D benefit rules. Section 9, *Part D drug coverage in special situations* includes more information on your Part D coverage and Original Medicare.

In addition to the plan's Part D and medical benefits coverage, your drugs may be covered by Original Medicare if you are in Medicare hospice. For more information, please see Section 9.3, *What if you're in Medicare-certified hospice*.

In addition to the drugs covered by Medicare, some prescription drugs are covered for you under your Medicaid benefits. Contact your state Medicaid office for more information on what is covered under your state's Medicaid program (phone numbers are in Chapter 2, Section 6).

Section 1.2

Basic rules for the plan's Part D drug coverage

The plan will generally cover your drugs as long as you follow these basic rules:

- You must have a provider (a doctor, dentist or other prescriber) write your prescription.
- Your prescriber must either accept Medicare or file documentation with CMS showing that he or she is qualified to write prescriptions, or your Part D claim will be denied. You should ask your prescribers the next time you call or visit if they meet this condition. If not, please be aware it takes time for your prescriber to submit the necessary paperwork to be processed.
- You generally must use a network pharmacy to fill your prescription. (See Section 2, *Fill your prescriptions at a network pharmacy or through the plan's mail-order service.*)
- Your drug must be on the plan's *List of Covered Drugs (Formulary)*. We call it the "*Drug List*" for short. (See Section 3, *Your drugs need to be on the plan's "Drug List."*)
- Your drug must be used for a medically accepted indication. "Medically accepted indication" is a use of the drug that is either approved by the Food and Drug Administration or supported by certain reference books. (See Section 3 for more information about a medically accepted indication.)

Section 2. Fill your prescription at a network pharmacy or through the plan's mail-order service

Section 2.1

To have your prescription covered, use a network pharmacy

In most cases, your prescriptions are covered only if they are filled at the plan's network pharmacies. (See Section 2.5 for information about when we would cover prescriptions filled at out-of-network pharmacies.)

A network pharmacy is a pharmacy that has a contract with the plan to provide your covered prescription drugs. The term "covered drugs" means all of the Part D prescription drugs that are covered on the plan's *Drug List*.

Our network includes pharmacies that offer standard cost sharing and pharmacies that offer preferred cost sharing. You may go to either type of network pharmacy to receive your covered prescription drugs. Your costs will be the same if you use a pharmacy that offers standard cost sharing or a pharmacy that offers preferred cost sharing.

Section 2.2

Finding network pharmacies

How do you find a network pharmacy in your area?

To find a network pharmacy, you can look in your Pharmacy Directory, visit our website (www.myamerigroup.com/medicare) or call Customer Service (phone numbers are printed on the back cover of this booklet).

You may go to any of our network pharmacies.

If you switch from one network pharmacy to another, and you need a refill of a drug you have been taking, you can ask to have your prescription transferred to your new network pharmacy.

What if the pharmacy you have been using leaves the network?

If the pharmacy you have been using leaves the plan's network, you will have to find a new pharmacy that is in the network. To find another network pharmacy in your area, you can get help from Customer Service (phone numbers are printed on the back cover of this booklet) or use the *Provider/Pharmacy Directory*.

What if you need a specialized pharmacy?

Sometimes prescriptions must be filled at a specialized pharmacy. Specialized pharmacies include:

- Pharmacies that supply drugs for home infusion therapy. Our plan will cover home infusion therapy if:
 - Your prescription drug is on our plan's formulary or a formulary exception has been granted for your prescription drug.
 - Your prescription drug is not otherwise covered under our plan's medical benefit.
 - Our plan has approved your prescription for home infusion therapy.
 - Your prescription is written by an authorized prescriber.

Please refer to your Pharmacy Directory to find a home infusion pharmacy provider in your area. For more information, call Customer Service.

- Pharmacies that supply drugs for residents of a long-term-care (LTC) facility. Usually, a long-term-care facility (such as a nursing home) has its own pharmacy. If you are in an LTC facility, we must ensure that you are able to routinely receive your Part D benefits through our network of LTC pharmacies, which is typically the pharmacy that the LTC facility uses. If you have any difficulty accessing your Part D

benefits in an LTC facility, please contact Customer Service.

- Pharmacies that serve the Indian Health Service/Tribal/Urban Indian Health Program (not available in Puerto Rico). Except in emergencies, only Native Americans or Alaska Natives have access to these pharmacies in our network.
- Pharmacies that dispense drugs that are restricted by the FDA to certain locations or that require special handling, provider coordination or education on their use. (**Note:** This scenario should rarely happen.)

To locate a specialized pharmacy, look in your *Provider/Pharmacy Directory* or call Customer Service (phone numbers are printed on the back cover of this booklet).

Section 2.3

Using the plan's mail-order services

Our plan's mail-order service requires you to order **at least a 30-day supply of the drug and no more than a 90-day supply**.

To get order forms and information about filling your prescriptions by mail, call our mail-order Customer Service at 1-888-565-8361. TTY users should call 711. Hours are 24 hours a day, 7 days a week. Our Interactive Voice Response (IVR) Service is available 24 hours a day, seven days a week.

Usually a mail-order pharmacy order will get to you in no more than 14 days. Pharmacy processing time will average about two to five business days; however, you should allow additional time for postal service delivery. It is advisable for first-time users of the mail-order pharmacy to have at least a 30-day supply of medication on hand when a mail-order request is placed. If the prescription order has insufficient information, or if we need to contact the prescribing physician, delivery could take longer.

It is advisable for first-time users of the mail-order pharmacy to ask the doctor for two signed prescriptions:

- One for an initial supply to be filled at their local retail participating pharmacy.
- The second for up to a three-month supply with refills to send to the mail-order pharmacy.

New prescriptions the pharmacy receives directly from your doctor's office:

- The pharmacy will automatically fill and deliver new prescriptions it receives from health care providers, without checking with you first, if you used mail-order services with this plan in the past.
- If you receive a prescription automatically by mail that you do not want, and you were not contacted to see if you wanted it before it shipped, you may be eligible for a refund.
- If you used mail order in the past and do not want the pharmacy to automatically fill and ship each new prescription, please contact us by calling the Customer Service phone number on your ID card.
- If you never have never used our mail-order delivery and/or decide to stop automatic fills of new prescriptions, the pharmacy will contact you each time it gets a new prescription from a health care provider to see if you want the medication filled and shipped immediately. This will give you an opportunity to make sure that the pharmacy is delivering the correct drug (including strength, amount, and form) and, if necessary, allow you to cancel or delay the order before you are billed and it is shipped. It is important that you respond each time you are contacted by the pharmacy, to let them know what to do with the new prescription and to prevent any delays in shipping.
- To opt out of automatic deliveries of new prescriptions received directly from your health care provider's office, please contact us by calling the Customer Service phone number on your ID card.

Refills on mail order prescriptions:

- For refills, please contact your pharmacy 30 days before you think the drugs you have on hand will run out to make sure your next order is shipped to you in time.

So the pharmacy can reach you to confirm your order before shipping, please make sure to let the pharmacy know the best ways to contact you by calling the Customer Service phone number on your ID card.

Section 2.4

How can you get a long-term supply of drugs?

The plan offers two ways to get a long-term supply (also called an "extended supply") of maintenance drugs on our plan's *Drug List*. (Maintenance drugs are drugs that you take on a regular basis, for a chronic or long-term medical condition.) You may order this supply through mail order (see Section 2.3) or you may go to a retail pharmacy.

- 1. Some retail pharmacies** in our network allow you to get a long-term supply of maintenance drugs. Your Pharmacy Directory tells you which pharmacies in our network can give you a long-term supply of maintenance drugs. You can also call Customer Service for more information (phone numbers are printed on the back cover of this booklet).
- 2. For certain kinds of drugs**, you can use the plan's network **mail-order services**. These drugs are marked as mail-order drugs on our plan's Drug List. Our plan's mail-order service requires you to order *at least* a 30-day supply of the drug and *no more than* a 90-day supply. See Section 2.3 for more information about using our mail-order services.

Section 2.5

When can you use a pharmacy that is not in the plan's network?

Your prescription may be covered in certain situations

Generally, we cover drugs filled at an out-of-network pharmacy *only* when you are not able to use a network pharmacy. To help you, we have network pharmacies outside of our service area where you can get your prescriptions filled as a member of our plan. If you cannot use a network pharmacy, here are the circumstances when we would cover prescriptions filled at an out-of-network pharmacy:

- You are traveling within the United States and its territories and become ill, or lose or run out of your prescription drugs.
- You are traveling within the United States and its territories and the prescription is for a medical emergency or urgent care.
- You are unable to obtain a covered drug in a timely manner within our service area because a network pharmacy that provides 24-hour service is not available within a 25-mile driving distance.
- You are filling a prescription for a covered drug that is not regularly stocked at an accessible network retail pharmacy. (For example, an orphan drug or other specialty pharmaceutical.)

In these situations, **please check first with Customer Service** to see if there is a network pharmacy nearby. (Phone numbers for Customer Service are printed on the back cover of this booklet.) You may be required to pay the difference between what you pay for the drug at the out-of-network pharmacy and the cost that we would cover at an in-network pharmacy.

How do you ask for reimbursement from the plan?

If you must use an out-of-network pharmacy, you will generally have to pay the full cost (rather than your normal share of the cost) at the time you fill your prescription. You can ask us to reimburse you for our share of the cost. (Chapter 7, Section 2.1 explains how to ask the plan to pay you back.)

Section 3. Your drugs need to be on the plan's "Drug List"

Section 3.1

The "Drug List" tells which Part D drugs are covered

The plan has a "List of Covered Drugs (Formulary)." In this *Evidence of Coverage*, we call it the "Drug List" for short.

The drugs on this list are selected by the plan with the help of a team of doctors and pharmacists. The list must meet requirements set by Medicare. Medicare has approved the plan's *Drug List*.

The *Drug List* includes the drugs covered under Medicare Part D (earlier in this chapter, Section 1.1 explains about Part D drugs.) In addition to the drugs covered by Medicare, some prescription drugs are covered for you under your Medicaid benefits.

We will generally cover a drug on the plan's *Drug List* as long as you follow the other coverage rules explained in this chapter and the use of the drug is a medically accepted indication. A "medically accepted indication" is a use of the drug that is *either*:

- Approved by the Food and Drug Administration. (That is, the Food and Drug Administration has approved the drug for the diagnosis or condition for which it is being prescribed.)

- Or, supported by certain reference books. (These reference books are the American Hospital Formulary Service Drug Information; the DRUGDEX Information System; the USPDI or its successor, and, for cancer, the National Comprehensive Cancer Network and Clinical Pharmacology or their successors.)

The “Drug List” includes both brand-name and generic drugs

A generic drug is a prescription drug that has the same active ingredients as the brand-name drug. Generally, it works just as well as the brand-name drug and usually costs less. There are generic drug substitutes available for many brand-name drugs.

What is *not* on the *Drug List*?

The plan does not cover all prescription drugs.

- In some cases, the law does not allow any Medicare plan to cover certain types of drugs. (For more information about this, see Section 7.1 in this chapter.)
- In other cases, we have decided not to include a particular drug on our *Drug List*.
- The *Drug List* does not include prescription drugs that are only covered by Medicaid. Please contact your state Medicaid agency for information about prescription drugs covered by Medicaid.

Section 3.2

There are six tiers for drugs on the *Drug List*

Every drug on the plan's *Drug List* is in one of six cost-sharing tiers. In general, the higher the cost-sharing tier, the higher your cost for the drug:

- Tier 1 includes preferred generic drugs.
- Tier 2 includes generic drugs.
- Tier 3 includes preferred brand drugs.
- Tier 4 includes nonpreferred drugs.

- Tier 5 includes specialty drugs.
- Tier 6 includes select care drugs with no cost sharing on preferred generic drugs for diabetic, blood pressure, cholesterol conditions and osteoporosis.

To find out which cost-sharing tier your drug is in, look it up in the plan's *Drug List*.

The amount you pay for drugs in each cost-sharing tier is shown in Chapter 6 (*What you pay for your Part D prescription drugs*).

Section 3.3

How can you find out if a specific drug is on the *Drug List*?

You have three ways to find out:

1. Check the most recent *Drug List* we sent you in the mail.
2. Visit the plan's website (www.myamerigroup.com/medicare). The *Drug List* on the website is always the most current.
3. Call Customer Service to find out if a particular drug is on the plan's *Drug List* or to ask for a copy of the list. (Phone numbers for Customer Service are printed on the back cover of this booklet.)

Section 4. There are restrictions on coverage for some drugs

Section 4.1

Why do some drugs have restrictions?

For certain prescription drugs, special rules restrict how and when the plan covers them. A team of doctors and pharmacists developed these rules to help our members use drugs in the most effective ways. These special rules also help control overall

drug costs, which keeps your drug coverage more affordable.

In general, our rules encourage you to get a drug that works for your medical condition and is safe and effective. Whenever a safe, lower-cost drug will work just as well medically as a higher-cost drug, the plan's rules are designed to encourage you and your provider to use that lower-cost option. We also need to comply with Medicare's rules and regulations for drug coverage and cost sharing.

If there is a restriction for your drug, it usually means that you or your provider will have to take extra steps in order for us to cover the drug. If you want us to waive the restriction for you, you will need to use the coverage decision process and ask us to make an exception. We may or may not agree to waive the restriction for you. (See Chapter 9, Section 7.2 for information about asking for exceptions.)

Please note that sometimes a drug may appear more than once in our drug list. This is because different restrictions or cost sharing may apply based on factors such as the strength, amount or form of the drug prescribed by your health care provider (for instance, 10 mg versus 100 mg; one per day versus two per day; tablet versus liquid).

Section 4.2

What kinds of restrictions?

Our plan uses different types of restrictions to help our members use drugs in the most effective ways. The sections below tell you more about the types of restrictions we use for certain drugs.

Restricting brand-name drugs when a generic version is available

Generally, a "generic" drug works the same as a brand-name drug and usually costs less. **When a generic version of a brand-name drug is available, our network pharmacies will provide you the**

generic version. We usually will not cover the brand-name drug when a generic version is available. However, if your provider has told us the medical reason that the generic drug will not work for you or has written "no substitutions" on your prescription for a brand-name drug, then we will cover the brand-name drug. (Your share of the cost may be greater for the brand-name drug than for the generic drug.)

Getting plan approval in advance

For certain drugs, you or your provider need to get approval from the plan before we will agree to cover the drug for you. This is called "**prior authorization.**" Sometimes the requirement for getting approval in advance helps guide appropriate use of certain drugs. If you do not get this approval, your drug might not be covered by the plan.

Trying a different drug first

This requirement encourages you to try less costly, but just as effective drugs before the plan covers another drug. For example, if Drug A and Drug B treat the same medical condition, the plan may require you to try Drug A first. If Drug A does not work for you, the plan will then cover Drug B. This requirement to try a different drug first is called "**step therapy.**"

Quantity limits

For certain drugs, we limit the amount of the drug that you can have by limiting how much of a drug you can get each time you fill your prescription. For example, if it is normally considered safe to take only one pill per day for a certain drug, we may limit coverage for your prescription to no more than one pill per day.

Section 4.3

Do any of these restrictions apply to your drugs?

The plan's *Drug List* includes information about the restrictions described above. To find out if any of these restrictions apply to a drug you take or want to take, check the *Drug List*. For the most up-to-date information, call Customer Service (phone numbers are printed on the back cover of this booklet) or, check our website (www.myamerigroup.com/medicare).

If there is a restriction for your drug, it usually means that you or your provider will have to take extra steps in order for us to cover the drug. If there is a restriction on the drug you want to take, you should contact Customer Service to learn what you or your provider would need to do to get coverage for the drug. If you want us to waive the restriction for you, you will need to use the coverage decision process and ask us to make an exception. We may or may not agree to waive the restriction for you. (See Chapter 9, Section 7.2 for information about asking for exceptions.)

Section 5. What if one of your drugs is not covered in the way you'd like it to be covered?

Section 5.1

There are things you can do if your drug is not covered in the way you'd like it to be covered

We hope that your drug coverage will work well for you. But it's possible that there could be a prescription drug you are currently taking, or one that you and your provider think you should be

taking, that is not on our formulary or is on our formulary with restrictions.

For example:

- The drug might not be covered at all. Or maybe a generic version of the drug is covered, but the brand-name version you want to take is not covered.
- The drug is covered, but there are extra rules or restrictions on coverage for that drug? As explained in Section 4, some of the drugs covered by the plan have extra rules to restrict their use. For example, you might be required to try a different drug first, to see if it will work, before the drug you want to take will be covered for you. Or there might be limits on what amount of the drug (number of pills, etc.) is covered during a particular time period. In some cases, you may want us to waive the restriction for you.

There are things you can do if your drug is not covered in the way that you'd like it to be covered.

- If your drug is not on the *Drug List* or if your drug is restricted, go to Section 5.2 to learn what you can do.

Section 5.2

What can you do if your drug is not on the *Drug List* or if the drug is restricted in some way?

If your drug is not on the *Drug List* or is restricted, here are things you can do:

- You may be able to get a temporary supply of the drug. (Only members in certain situations can get a temporary supply.) This will give you and your provider time to change to another drug or to file a request to have the drug covered.
- You can change to another drug.
- You can request an exception and ask the plan to cover the drug or remove restrictions from the drug.

You may be able to get a temporary supply

Under certain circumstances, the plan can offer a temporary supply of a drug to you when your drug is not on the *Drug List* or when it is restricted in some way. Doing this gives you time to talk with your provider about the change in coverage and figure out what to do.

To be eligible for a temporary supply, you must meet the two requirements below:

1. The change to your drug coverage must be one of the following types of changes:

- The drug you have been taking is **no longer on the plan's *Drug List***.
- Or, the drug you have been taking is **now restricted in some way**. (Section 4 in this chapter tells about restrictions.)

2. You must be in one of the situations described below:

- **For those members who are new or who were in the plan last year and aren't in a long-term-care (LTC) facility:** We will cover a temporary supply of your drug **during the first 90 days of your membership in the plan if you were new and during the first 90 days of the calendar year if you were in the plan last year**. This temporary supply will be for a maximum of 30 days. If your prescription is written for fewer days, we will allow multiple fills to provide up to a maximum of 30 days of medication. The prescription must be filled at a network pharmacy.
- **For those members who are new or who were in the plan last year and reside in a long-term-care (LTC) facility:** We will cover a temporary supply of your drug **during the first 90 days of your membership in the plan if you are new and during the first 90 days of the calendar year if you were in the plan last year**. The total supply will be for a maximum of 98 days. If your prescription is written for fewer days, we allow multiple fills to provide up to a maximum of 98 days of medication. The

prescription must be filled at a network pharmacy. (Please note that the long-term-care pharmacy may provide the drug in smaller amounts at a time to prevent waste.)

- **For those members who have been in the plan for more than 90 days, reside in a long-term-care (LTC) facility and need a supply right away:** We will cover one 34-day supply of a particular drug, or less if your prescription is written for fewer days. This is in addition to the above long-term-care transition supply.

To ask for a temporary supply, call Customer Service. (Phone numbers are printed on the back cover of this booklet.)

During the time when you are getting a temporary supply of a drug, you should talk with your provider to decide what to do when your temporary supply runs out. You can either switch to a different drug covered by the plan or ask the plan to make an exception for you and cover your current drug. The sections below tell you more about these options.

You can change to another drug

Start by talking with your provider. Perhaps there is a different drug covered by the plan that might work just as well for you. You can call Customer Service to ask for a list of covered drugs that treat the same medical condition. This list can help your provider find a covered drug that might work for you. (Phone numbers for Customer Service are printed on the back cover of this booklet.)

You can ask for an exception

You and your provider can ask the plan to make an exception for you and cover the drug in the way you would like it to be covered. If your provider says that you have medical reasons that justify asking us for an exception, your provider can help you request an exception to the rule.

For example, you can ask the plan to cover a drug even though it is not on the plan's *Drug List*. Or you can ask the plan to make an exception and cover the drug without restrictions.

If you and your provider want to ask for an exception, Chapter 9, Section 7.4 tells what to do. It explains the procedures and deadlines that have been set by Medicare to make sure your request is handled promptly and fairly.

Section 6. What if your coverage changes for one of your drugs?

Section 6.1

The “Drug List” can change during the year

Most of the changes in drug coverage happen at the beginning of each year (January 1). However, during the year, the plan might make changes to the *Drug List*.

For example, the plan might:

- **Add or remove drugs from the *Drug List*.** New drugs become available, including new generic drugs. Perhaps the government has given approval to a new use for an existing drug. Sometimes, a drug gets recalled and we decide not to cover it. Or we might remove a drug from the list because it has been found to be ineffective.
- **Add or remove a restriction on coverage for a drug** (for more information about restrictions to coverage, see Section 4 in this chapter).
- **Replace a brand-name drug with a generic drug.**

In almost all cases, we must get approval from Medicare for changes we make to the plan's *Drug List*.

Section 6.2

What happens if coverage changes for a drug you are taking?

How will you find out if your drug's coverage has been changed?

If there is a change to coverage *for a drug you are taking*, the plan will send you a notice to tell you. Normally, **we will let you know at least 60 days ahead of time.**

Once in a while, a drug is **suddenly recalled** because it's been found to be unsafe or for other reasons. If this happens, the plan will immediately remove the drug from the *Drug List*. We will let you know of this change right away. Your provider will also know about this change, and can work with you to find another drug for your condition.

Do changes to your drug coverage affect you right away?

If any of the following types of changes affect a drug you are taking, the change will not affect you until January 1 of the next year if you stay in the plan:

- If we put a new restriction on your use of the drug.
- If we remove your drug from the *Drug List*, but not because of a sudden recall or because a new generic drug has replaced it.

If any of these changes happen for a drug you are taking, then the change won't affect your use or what you pay as your share of the cost until January 1 of the next year. Until that date, you probably won't see any increase in your payments or any added restriction to your use of the drug. However, on January 1 of the next year, the changes will affect you.

In some cases, you will be affected by the coverage change before January 1:

- If a **brand-name drug you are taking is replaced by a new generic drug**, the plan must give you at least 60 days' notice or give you a 60-day refill of your brand-name drug at a network pharmacy.
 - During this 60-day period, you should be working with your provider to switch to the generic or to a different drug that we cover.
 - Or you and your provider can ask the plan to make an exception and continue to cover the brand-name drug for you. For information on how to ask for an exception, see Chapter 9 (*What to do if you have a problem or complaint (coverage decisions, appeals, complaints)*).
- Again, if a drug is **suddenly recalled** because it's been found to be unsafe or for other reasons, the plan will immediately remove the drug from the *Drug List*. We will let you know of this change right away.
 - Your provider will also know about this change, and can work with you to find another drug for your condition.

Section 7. What types of drugs are *not* covered by the plan?

Section 7.1

Types of drugs we do not cover

This section tells you what kinds of prescription drugs are “excluded.” This means Medicare does not pay for these drugs. We won't pay for the drugs that are listed in this section. The only exception: If the requested drug is found upon appeal to be a drug that is not excluded under Part D, and we should have paid for or covered it because of your specific situation. (For information about appealing a decision we have made to not cover a drug, go

to Chapter 9, Section 7.5 in this booklet.) If the drug excluded by our plan is also excluded by Medicaid, you must pay for it yourself.

Here are three general rules about drugs that Medicare drug plans will not cover under Part D:

- Our plan's Part D drug coverage cannot cover a drug that would be covered under Medicare Part A or Part B.
- Our plan cannot cover a drug purchased outside the United States and its territories.
- Our plan usually cannot cover off-label use. “Off-label use” is any use of the drug other than those indicated on a drug's label as approved by the Food and Drug Administration.
 - Generally, coverage for “off-label use” is allowed only when the use is supported by certain reference books. These reference books are the American Hospital Formulary Service Drug Information; the DRUGDEX Information System; and for cancer, the National Comprehensive Cancer Network and Clinical Pharmacology or their successors. If the use is not supported by any of these reference books, then our plan cannot cover its “off-label use.”

Also, by law, these categories of drugs are not covered by Medicare. However, some of these drugs may be covered for you under your Medicaid drug coverage. Contact your state Medicaid office for more information on what is covered under your state's Medicaid program (phone numbers are in Chapter 2, Section 6).

- Nonprescription drugs (also called over-the-counter drugs)
- Drugs when used to promote fertility
- Drugs when used for the relief of cough or cold symptoms
- Drugs when used for cosmetic purposes or to promote hair growth
- Prescription vitamins and mineral products, except prenatal vitamins and fluoride preparations

- Drugs when used for the treatment of sexual or erectile dysfunction, such as Viagra, Cialis, Levitra and Caverject
- Drugs when used for treatment of anorexia, weight loss or weight gain
- Outpatient drugs for which the manufacturer seeks to require that associated tests or monitoring services be purchased exclusively from the manufacturer as a condition of sale
- For more information about Medicaid benefits, call Customer Service (phone numbers are printed on the back cover of this booklet).

Section 8. Show your plan membership card when you fill a prescription

Section 8.1

Show your membership card

To fill your prescription, show your plan membership card at the network pharmacy you choose.

When you show your plan membership card, the network pharmacy will automatically bill the plan for *our* share of the costs of your covered prescription drug. You will need to pay the pharmacy *your* share of the cost when you pick up your prescription.

If your prescription is not covered under the plan, you may have coverage under your Medicaid benefits. Please provide the pharmacy with your Medicaid card to fill prescriptions not covered under the Medicare Part D prescription drug benefit.

Section 8.2

What if you don't have your membership card with you?

If you don't have your plan membership card with you when you fill your prescription, ask the pharmacy to call the plan to get the necessary information.

If the pharmacy is not able to get the necessary information, **you may have to pay the full cost of the prescription when you pick it up.** (You can then ask us to reimburse you for our share. See Chapter 7, Section 2.1 for information about how to ask the plan for reimbursement.)

Section 9. Part D drug coverage in special situations

Section 9.1

What if you're in a hospital or a skilled nursing facility for a stay that is covered by the plan?

If you are admitted to a hospital or to a skilled nursing facility for a stay covered by the plan, we will generally cover the cost of your prescription drugs during your stay. Once you leave the hospital or skilled nursing facility, the plan will cover your drugs as long as the drugs meet all of our rules for coverage. See the previous parts of this chapter that tell about the rules for getting drug coverage. Chapter 6 (*What you pay for your Part D prescription drugs*) gives more information about drug coverage and what you pay.

Section 9.2

What if you're a resident in a long-term-care (LTC) facility?

Usually, a long-term-care (LTC) facility (such as a nursing home) has its own pharmacy, or a pharmacy that supplies drugs for all of its residents. If you are a resident of a long-term-care facility, you may get your prescription drugs through the facility's pharmacy as long as it is part of our network.

Check your *Provider/Pharmacy Directory* to find out if your long-term-care facility's pharmacy is part of our network. If it isn't, or if you need more information, please contact Customer Service (phone numbers are printed on the back cover of this booklet).

What if you're a resident in a long-term-care (LTC) facility and become a new member of the plan?

If you need a drug that is not on our *Drug List* or is restricted in some way, the plan will cover a **temporary supply** of your drug during the first 90 days of your membership. The total supply will be for a maximum of 98 days, or less if your prescription is written for fewer days. (Please note that the long-term care pharmacy may provide the drug in smaller amounts at a time to prevent waste.)

If you have been a member of the plan for more than 90 days and need a drug that is not on our *Drug List* or if the plan has any restriction on the drug's coverage, we will cover one 34-day supply, or less if your prescription is written for fewer days.

During the time when you are getting a temporary supply of a drug, you should talk with your provider to decide what to do when your temporary supply runs out. Perhaps there is a different drug covered by the plan that might work just as well for you. Or you and your provider can ask the plan to make an exception for you and cover the drug in the way

you would like it to be covered. If you and your provider want to ask for an exception, Chapter 9, Section 7.4 tells what to do.

Section 9.3

What if you're in Medicare-certified hospice?

Drugs are never covered by both hospice and our plan at the same time. If you are enrolled in Medicare hospice and require an antinausea, laxative, pain medication or antianxiety drug that is not covered by your hospice because it is unrelated to your terminal illness and related conditions, our plan must receive notification from either the prescriber or your hospice provider that the drug is unrelated before our plan can cover the drug. To prevent delays in receiving any unrelated drugs that should be covered by our plan, you can ask your hospice provider or prescriber to make sure we have the notification that the drug is unrelated before you ask a pharmacy to fill your prescription.

In the event you either revoke your hospice election or are discharged from hospice, our plan should cover all your drugs. To prevent any delays at a pharmacy when your Medicare hospice benefit ends, you should bring documentation to the pharmacy to verify your revocation or discharge. See the previous parts of this section that tell about the rules for getting drug coverage under Part D. Chapter 6 (*What you pay for your Part D prescription drugs*) gives more information about drug coverage and what you pay.

Section 10. Programs on drug safety and managing medications

Section 10.1

Programs to help members use drugs safely

We conduct drug use reviews for our members to help make sure that they are getting safe and appropriate care. These reviews are especially important for members who have more than one provider who prescribes their drugs.

We do a review each time you fill a prescription. We also review our records on a regular basis.

During these reviews, we look for potential problems such as:

- Possible medication errors.
- Drugs that may not be necessary because you are taking another drug to treat the same medical condition.
- Drugs that may not be safe or appropriate because of your age or gender.
- Certain combinations of drugs that could harm you if taken at the same time.
- Prescriptions written for drugs that have ingredients you are allergic to.
- Possible errors in the amount (dosage) of a drug you are taking.

If we see a possible problem in your use of medications, we will work with your provider to correct the problem.

Section 10.2

Medication therapy management (MTM) program to help members manage their medications

We have a program that can help our members with complex health needs. For example, some members have several medical conditions, take different drugs at the same time and have high drug costs.

This program is voluntary and free to members. A team of pharmacists and doctors developed the program for us. This program can help make sure that our members get the most benefit from the drugs they take.

Our program is called a Medication Therapy Management (MTM) program. Some members who take medications for different medical conditions may be able to get services through an MTM program. A pharmacist or other health professional will give you a comprehensive review of all your medications. You can talk about how best to take your medications, your costs and any problems or questions you have about your prescription and over-the-counter medications. You'll get a written summary of this discussion. The summary has a medication action plan that recommends what you can do to make the best use of your medications, with space for you to take notes or write down any follow-up questions. You'll also get a personal medication list that will include all the medications you're taking and why you take them.

It's a good idea to have your medication review before your yearly "Wellness" visit so you can talk to your doctor about your action plan and medication list. Bring your action plan and medication list with you to your visit or anytime you talk with your doctors, pharmacists and other health care providers. Also, keep your medication list with you (for example, with your ID) in case you go to the hospital or emergency room.

If we have a program that fits your needs, we will automatically enroll you in the program and send you information. If you decide not to participate, please notify us and we will withdraw you from the

program. If you have any questions about these programs, please contact Customer Service (phone numbers are printed on the back cover of this booklet).

How can you get information about your drug costs ?

Because you are eligible for Medicaid, you qualify for and are getting “Extra Help” from Medicare to pay for your prescription drug plan costs. Because you are in the “Extra Help” program, some information in this *Evidence of Coverage* about the costs for Part D prescription drugs may not apply to you.

We send you a separate insert, called the “*Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs*” (also known as the “*Low-Income Subsidy Rider*” or “*LIS Rider*”), which tells you about your drug coverage. If you don’t have this insert, please call Customer Service and ask for the “*LIS Rider*”. (Phone numbers for Customer Service are printed on the back cover of this booklet.)

Section 1. Introduction

Section 1.1

Use this chapter together with other materials that explain your drug coverage

This chapter focuses on what you pay for your Part D prescription drugs. To keep things simple, we use “drug” in this chapter to mean a Part D prescription drug. As explained in Chapter 5, not all drugs are Part D drugs – some drugs are excluded from Part D coverage by law. Some of the drugs excluded from Part D coverage are covered under Medicare Part A or Part B.

To understand the payment information we give you in this chapter, you need to know the basics of what drugs are covered, where to fill your prescriptions and what rules to follow when you get your covered drugs.

Here are materials that explain these basics:

- **The plan's List of Covered Drugs (Formulary):** To keep things simple, we call this the “*Drug List*.”
 - This *Drug List* tells which drugs are covered for you.
 - It also tells which of the six “cost-sharing tiers” the drug is in and whether there are any restrictions on your coverage for the drug.
 - If you need a copy of the *Drug List*, call Customer Service (phone numbers are

printed on the back cover of this booklet). You can also find the *Drug List* on our website at www.myamerigroup.com/medicare. The *Drug List* on the website is always the most current.

- **Chapter 5 of this booklet:** Chapter 5 gives the details about your prescription drug coverage, including rules you need to follow when you get your covered drugs. Chapter 5 also tells which types of prescription drugs are not covered by our plan.
- **The plan's Provider/Pharmacy Directory:** In most situations, you must use a network pharmacy to get your covered drugs. (See Chapter 5 for the details.) The *Provider/Pharmacy Directory* has a list of pharmacies in the plan's network. It also tells you which pharmacies in our network can give you a long-term supply of a drug (such as filling a prescription for a three-month supply).

Section 1.2

Types of out-of-pocket costs you may pay for covered drugs

To understand the payment information we give you in this chapter, you need to know about the types of out-of-pocket costs you may pay for your covered services. The amount that you pay for a drug is called “cost sharing,” and there are three ways you may be asked to pay.

- The “**deductible**” is the amount you must pay for drugs before our plan begins to pay its share.

- **“Copayment”** means that you pay a fixed amount each time you fill a prescription.
- **“Coinsurance”** means that you pay a percent of the total cost of the drug each time you fill a prescription.

Section 2. What you pay for a drug depends on which drug payment stage you are in when you get the drug

Section 2.1

What are the drug payment stages for Amerivantage Dual Coordination (HMO SNP) members?

As shown in the table below, there are “drug payment stages” for your Medicare Part D prescription drug coverage under our plan. How much you pay for a drug depends on which of these stages you are in at the time you get a prescription filled or refilled.

Stage 1 Yearly deductible stage	Stage 2 Initial coverage stage	Stage 3 Coverage gap stage	Stage 4 Catastrophic coverage stage
<p>Because you receive “Extra Help” to pay your prescription drugs, this payment stage does not apply to you.</p> <p>(Details are in Section 4 of this chapter.)</p>	<p>You begin in this stage when you fill your first prescription of the year. During this stage, the plan pays its share of the cost of your drugs and you pay your share of the cost.</p> <p>You stay in this stage until your year-to-date “out-of-pocket” costs (your payments), plus any Part D plan’s payments, total \$3,750.</p> <p>(Details are in Section 5 of this chapter.)</p>	<p>During this stage, for Tier 6 drugs, you do not pay a copay. For Tier 1, 2, 3, 4 and 5 drugs, you will pay your LIS level cost sharing.</p> <p>You stay in this stage until your year-to-date “out-of-pocket costs” (your payments) reach a total of \$5,000. This amount and rules for counting costs toward this amount have been set by Medicare.</p> <p>(Details are in Section 6 of this chapter.)</p>	<p>During this stage, the plan will pay all of the cost of your drugs for the rest of the calendar year (through December 31, 2018).</p> <p>(Details are in Section 7 of this chapter.)</p>

Section 3. We send you reports that explain payments for your drugs and which payment stage you are in

Section 3.1

We send you a monthly report called the *Part D Explanation of Benefits* (the “*Part D EOB*”)

Our plan keeps track of the costs of your prescription drugs and the payments you have made when you get your prescriptions filled or refilled at the pharmacy. This way, we can tell you when you have moved from one drug payment stage to the next.

In particular, there are two types of costs we keep track of:

- We keep track of how much you have paid. This is called your “**out-of-pocket**” cost.
- We keep track of your “**total drug costs.**” This is the amount you pay out-of-pocket or others pay on your behalf, plus the amount paid by the plan.

Our plan will prepare a written report called the *Part D Explanation of Benefits* (it is sometimes called the “*Part D EOB*”) when you have had one or more prescriptions filled through the plan during the previous month.

It includes:

- **Information for that month.** This report gives the payment details about the prescriptions you have filled during the previous month. It shows the total drug costs, what the plan paid and what you and others on your behalf paid.
- **Totals for the year since January 1.** This is called “year-to-date” information. It shows you the

total drug costs and total payments for your drugs since the year began.

Section 3.2

Help us keep our information about your drug payments up to date

To keep track of your drug costs and the payments you make for drugs, we use records we get from pharmacies.

Here is how you can help us keep your information correct and up to date:

- **Show your membership card when you get a prescription filled.** To make sure we know about the prescriptions you are filling and what you are paying, show your plan membership card every time you get a prescription filled.
- **Make sure we have the information we need.** There are times you may pay for prescription drugs when we will not automatically get the information we need to keep track of your out-of-pocket costs. To help us keep track of your out-of-pocket costs, you may give us copies of receipts for drugs that you have purchased. (If you are billed for a covered drug, you can ask our plan to pay our share of the cost for the drug. For instructions on how to do this, go to Chapter 7, Section 2 of this booklet.) Here are some types of situations when you may want to give us copies of your drug receipts to be sure we have a complete record of what you have spent for your drugs:
 - When you purchase a covered drug at a network pharmacy at a special price or using a discount card that is not part of our plan's benefit.
 - When you made a copayment for drugs that are provided under a drug manufacturer patient assistance program.
 - Any time you have purchased covered drugs at out-of-network pharmacies or other times

you have paid the full price for a covered drug under special circumstances.

- **Send us information about the payments others have made for you.** Payments made by certain other individuals and organizations also count toward your out-of-pocket costs and help qualify you for catastrophic coverage. For example, payments made by a State Pharmaceutical Assistance Program, an AIDS drug assistance program (ADAP), the Indian Health Service and most charities count toward your out-of-pocket costs. You should keep a record of these payments and send them to us so we can track your costs.
- **Check the written report we send you.** When you receive a *Part D Explanation of Benefits (a Part D EOB)* in the mail, please look it over to be sure the information is complete and correct. If you think something is missing from the report, or you have any questions, please call Customer Service (phone numbers are printed on the back cover of this booklet). Be sure to keep these reports. They are an important record of your drug expenses.

Section 4. There is no deductible for our plan

Section 4.1

You do not pay a deductible for your Part D drugs

There is no deductible for Amerivantage Dual Coordination (HMO SNP). You begin in the initial coverage stage when you fill your first prescription of the year. See Section 5 for information about your coverage in the initial coverage stage.

Because you get “Extra Help” with your prescription drug costs, the deductible stage does not apply to you.

Section 5. During the initial coverage stage, the plan pays its share of your drug costs and you pay your share

Section 5.1

What you pay for a drug depends on the drug and where you fill your prescription

During the initial coverage stage, the plan pays its share of the cost of your covered prescription drugs, and you pay your share (your copayment amount). Your share of the cost will vary depending on the drug and where you fill your prescription.

The plan has six cost-sharing tiers

Every drug on the plan's *Drug List* is in one of six cost-sharing tiers. In general, the higher the cost-sharing tier number, the higher your cost for the drug:

- Tier 1 includes preferred generic drugs.
- Tier 2 includes generic drugs.
- Tier 3 includes preferred brand drugs.
- Tier 4 includes nonpreferred drugs.
- Tier 5 includes specialty drugs.
- Tier 6 includes select care drugs with no cost sharing on preferred generic drugs for diabetic, blood pressure, cholesterol conditions and osteoporosis.

To find out which cost-sharing tier your drug is in, look it up in the plan's *Drug List*.

Your pharmacy choices

How much you pay for a drug depends on whether you get the drug from:

- A network retail pharmacy

- A network retail pharmacy that offers preferred cost sharing
- A pharmacy that is not in the plan’s network
- The plan's mail-order pharmacy

For more information about these pharmacy choices and filling your prescriptions, see Chapter 5 in this booklet and the plan’s *Provider/Pharmacy Directory*.

Generally, we will cover your prescriptions *only* if they are filled at one of our network pharmacies. Some of our network pharmacies also offer preferred cost sharing. You may go to either network pharmacies that offer preferred cost sharing or other network pharmacies that offer standard cost sharing to receive your covered prescription drugs. Your costs will be the same if you use a pharmacy that offers standard cost sharing or a pharmacy that offers preferred cost sharing.

Section 5.2

A table that shows your costs for a one-month supply of a drug

During the initial coverage stage, your share of the cost of a covered drug will be either a copayment or coinsurance.

- **“Copayment”** means that you pay a fixed amount each time you fill a prescription.
- **“Coinsurance”** means that you pay a percent of the total cost of the drug each time you fill a prescription.

As shown in the table below, the amount of the copayment or coinsurance depends on which cost-sharing tier your drug is in. Please note:

- If your covered drug costs less than the copayment amount listed in the chart, you will pay that lower price for the drug. You pay *either* the full price of the drug or the copayment amount, *whichever is lower*.
- We cover prescriptions filled at out-of-network pharmacies in only limited situations. *Please see* Chapter 5, Section 2.5 for information about when we will cover a prescription filled at an out-of-network pharmacy.

¹. In addition to your copayment, at an out-of-network pharmacy, you pay the difference between the actual charge and what we would have paid at a network pharmacy. So, amounts you pay may vary at out-of-network pharmacies.

². Your costs will be the same if you use a pharmacy that offers standard cost sharing or a pharmacy that offers preferred cost sharing.

Section 5.3

If your doctor prescribes less than a full month's supply, you may not have to pay the cost of the entire month's supply

Typically, the amount you pay for a prescription drug covers a full month's supply of a covered drug. However, your doctor can prescribe less than a month's supply of drugs. There may be times when

you want to ask your doctor about prescribing less than a month's supply of a drug (for example, when you are trying a medication for the first time that is known to have serious side effects). If your doctor prescribes less than a full month's supply, you will not have to pay for the full month's supply for certain drugs.

The amount you pay when you get less than a full month's supply will depend on whether you are responsible for paying coinsurance (a percentage of the total cost) or a copayment (a flat dollar amount).

Chapter 6. What you pay for your Part D prescription drugs

- If you are responsible for coinsurance, you pay a percentage of the total cost of the drug. You pay the same percentage regardless of whether the prescription is for a full month’s supply or for fewer days. However, because the entire drug cost will be lower if you get less than a full month’s supply, the amount you pay will be less.
- If you are responsible for a copayment for the drug, your copay will be based on the number of days of the drug that you receive. We will calculate the amount you pay per day for your drug (the “daily cost-sharing rate”) and multiply it by the number of days of the drug you receive.
 - Here’s an example: Let’s say the copay for your drug for a full month’s supply (a 30-day supply) is \$30. This means that the amount you pay per day for your drug is \$1. If you receive a seven days’ supply of the drug, your payment will be \$1 per day multiplied by seven days, for a total payment of \$7.

Daily cost sharing allows you to make sure a drug works for you before you have to pay for an entire

month’s supply. You can also ask your doctor to prescribe, and your pharmacist to dispense, less than a full month’s supply of a drug or drugs, if this will help you better plan refill dates for different prescriptions so that you can take fewer trips to the pharmacy. The amount you pay will depend upon the days’ supply you receive.

Section 5.4

A table that shows your costs for a long-term (up to a 90-day) supply of a drug

For some drugs, you can get a long-term supply (also called an “extended supply”) when you fill your prescription.

A long-term supply is up to a 90-day supply. (For details on where and how to get a long-term supply of a drug, see Chapter 5.) The table below shows what you pay when you get a long-term, up to a 90-day supply of a drug.

². Your costs will be the same if you use a pharmacy that offers standard cost sharing or a pharmacy that offers preferred cost sharing.

Section 5.5

You stay in the initial coverage stage until your total drug costs for the year reach \$3,750

You stay in the initial coverage stage until the total amount for the prescription drugs you have filled and refilled reaches the **\$3,750 limit for the initial coverage stage**.

Your total drug cost is based on adding together what you have paid and what any Part D plan has paid:

- **What you have paid** for all the covered drugs you have gotten since you started with your first drug purchase of the year. (See Section 6.2 for more information about how Medicare calculates your out-of-pocket costs.) This includes:

- The total you paid as your share of the cost for your drugs during the initial coverage stage.

- **What the plan has paid** as its share of the cost for your drugs during the initial coverage stage. (If you were enrolled in a different Part D plan at any time during 2018, the amount that the plan paid during the initial coverage stage also counts toward your total drug costs.)

The *Part D Explanation of Benefits (Part D EOB)* that we send to you will help you keep track of how much you and the plan, as well as any third parties, have spent on your behalf during the year. Many people do not reach the \$3,750 limit in a year.

We will let you know if you reach this \$3,750 amount. If you do reach this amount, you will leave the initial coverage stage and move on to the coverage gap stage.

Section 6. During the coverage gap stage, the plan provides some drug coverage

Section 6.1

You stay in the coverage gap stage until your out-of-pocket costs reach \$5,000

During this stage, for Tier 6 drugs, you do not pay a copay. For Tier 1, 2, 3, 4 and 5 drugs, you will pay your LIS level cost sharing.

Please refer to your *LIS Rider* for the specific amount you pay.

Medicare has rules about what counts and what does *not* count as your out-of-pocket costs. When you reach an out-of-pocket limit of \$5,000, you leave the coverage gap stage and move on to the catastrophic coverage stage.

Section 6.2

How Medicare calculates your out-of-pocket costs for prescription drugs

Here are Medicare's rules that we must follow when we keep track of your out-of-pocket costs for your drugs.

These payments *are included* in your out-of-pocket costs

*When you add up your out-of-pocket costs, you **can include** the payments listed below (as long as they are for Part D covered drugs and you followed the rules for drug coverage that are explained in Chapter 5 of this booklet):*

- The amount you pay for drugs when you are in any of the following drug payment stages:
 - The initial coverage stage
 - The coverage gap stage
- Any payments you made during this calendar year as a member of a different Medicare prescription drug plan before you joined our plan.

It matters who pays

- If you make these payments **yourself**, they are included in your out-of-pocket costs.
- These payments are *also included* if they are made on your behalf by **certain other individuals or organizations**. This includes payments for your drugs made by a friend or relative, by most charities, by AIDS drug assistance programs, by a State Pharmaceutical Assistance Program that is qualified by Medicare or by the Indian Health Service. Payments made by Medicare's "Extra Help" Program are also included.

Moving on to the catastrophic coverage stage

When you (or those paying on your behalf) have spent a total of \$5,000 in out-of-pocket costs within the calendar year, you will move from the coverage gap stage to the catastrophic coverage stage.

These payments *are not included* in your out-of-pocket costs

When you add up your out-of-pocket costs, you *are not allowed to include* any of these types of payments for prescription drugs:

- Drugs you buy outside the United States and its territories.
- Drugs that are not covered by our plan.
- Drugs you get at an out-of-network pharmacy that do not meet the plan's requirements for out-of-network coverage.

- Non-Part D drugs, including prescription drugs covered by Part A or Part B and other drugs excluded from coverage by Medicare.
- Payments you make toward prescription drugs not normally covered in a Medicare prescription drug plan.
- Payments made by the plan for your brand or generic drugs while in the coverage gap.
- Payments for your drugs that are made by group health plans including employer health plans.
- Payments for your drugs that are made by certain insurance plans and government-funded health programs, such as TRICARE and Veterans Affairs.
- Payments for your drugs made by a third party with a legal obligation to pay for prescription costs (for example, Workers' Compensation).

Reminder: If any other organization, such as the ones listed above, pays part or all of your out-of-pocket costs for drugs, you are required to tell our plan. Call Customer Service to let us know (phone numbers are printed on the back cover of this booklet).

How can you keep track of your out-of-pocket total?

- **We will help you.** The *Part D Explanation of Benefits (Part D EOB)* report we send to you includes the current amount of your out-of-pocket costs. (Section 3 in this chapter tells about this report.) When you reach a total of \$5,000 in out-of-pocket costs for the year, this report will tell you that you have left the coverage gap stage and have moved on to the catastrophic coverage stage.
- **Make sure we have the information we need.** Section 3.2 tells what you can do to help make sure that our records of what you have spent are complete and up to date.

Section 7. During the catastrophic coverage stage, the plan pays all of the costs for your drugs

Section 7.1

Once you are in the catastrophic coverage stage, you will stay in this stage for the rest of the year

You qualify for the catastrophic coverage stage when your out-of-pocket costs have reached the \$5,000 limit for the calendar year. Once you are in the catastrophic coverage stage, you will stay in this payment stage until the end of the calendar year.

During this stage, the plan will pay all of the cost for your drugs.

Section 8. What you pay for vaccinations covered by Part D depends on how and where you get them

Section 8.1

Our plan may have separate coverage for the Part D vaccine medication itself and for the cost of giving you the vaccine

Our plan provides coverage of a number of Part D vaccines. We also cover vaccines that are considered medical benefits. You can find out about coverage of these vaccines by going to the Benefits Chart in Chapter 4, Section 2.1.

There are two parts to our coverage of Part D vaccinations:

- The first part of coverage is the cost of **the vaccine medication itself**. The vaccine is a prescription medication.
- The second part of coverage is for the cost of **giving you the vaccine**. (This is sometimes called the “administration” of the vaccine.)

What do you pay for a Part D vaccination?

What you pay for a Part D vaccination depends on three things:

1. The type of vaccine (what you are being vaccinated for).

- Some vaccines are considered medical benefits. You can find out about your coverage of these vaccines by going to Chapter 4, *Benefits chart (what is covered)*.
- Other vaccines are considered Part D drugs. You can find these vaccines listed in the plan's *List of Covered Drugs (Formulary)*.

2. Where you get the vaccine medication.

3. Who gives you the vaccine.

What you pay at the time you get the Part D vaccination can vary depending on the circumstances.

For example:

- Sometimes when you get your vaccine, you will have to pay the entire cost for both the vaccine medication and for getting the vaccine. You can ask our plan to pay you back.
- Other times when you get the vaccine medication or the vaccine, you will pay only your share of the cost.

To show how this works, here are three common ways you might get a Part D vaccine.

Situation 1: You buy the Part D vaccine at the pharmacy and you get your vaccine at the network pharmacy. (Whether you have this choice depends on where you live. Some states do not allow pharmacies to administer a vaccination.)

- You will have to pay the pharmacy the amount of your coinsurance or copayment for the vaccine and the cost of giving you the vaccine.
- Our plan will pay the remainder of the costs.

Situation 2: You get the Part D vaccination at your doctor's office.

- When you get the vaccination, you will pay for the entire cost of the vaccine and its administration.
- You can then ask our plan to pay you back for our share of the cost by using the procedures that are described in Chapter 7 of this booklet (*Asking us to pay a bill you have received for covered medical services or drugs*).
- You will be reimbursed the amount you paid, less your normal coinsurance or copayment for the vaccine (including administration), less any difference between the amount the doctor charges and what we normally pay. (If you get “Extra Help,” we will reimburse you for this difference.)

Situation 3: You buy the Part D vaccine at your pharmacy and then take it to your doctor's office where they give you the vaccine.

- You will have to pay the pharmacy the amount of your coinsurance or copayment for the vaccine itself.
- When your doctor gives you the vaccine, you will pay the entire cost for this service. You can then ask our plan to pay you back for our share of the cost by using the procedures described in Chapter 7 of this booklet.
- You will be reimbursed the amount charged by the doctor for administering the vaccine.

Section 8.2

You may want to call us at Customer Service before you get a vaccination

The rules for coverage of vaccinations are complicated. We are here to help. We recommend that you call us first at Customer Service whenever you are planning to get a vaccination. (Phone numbers for Customer Service are printed on the back cover of this booklet.)

- We can tell you about how your vaccination is covered by our plan and explain your share of the cost.
- We can tell you how to keep your own cost down by using providers and pharmacies in our network.
- If you are not able to use a network provider and pharmacy, we can tell you what you need to do to ask us to pay you back for our share of the cost.

Section 1. Situations in which you should ask us to pay for your covered services or drugs

Section 1.1

If you pay for your covered services or drugs, or if you receive a bill, you can ask us for payment

Our network providers bill the plan directly for your covered services and drugs. If you get a bill for the full cost of medical care or drugs you have received, you should send this bill to us so that we can pay it. When you send us the bill, we will look at the bill and decide whether the services should be covered. If we decide they should be covered, we will pay the provider directly.

If you have already paid for services or drugs covered by the plan, you can ask our plan to pay you back. (Paying you back is often called “reimbursing” you.) It is your right to be paid back by our plan whenever you’ve paid more than your share of the cost for medical services or drugs that are covered by our plan. When you send us a bill you have already paid, we will look at the bill and decide whether the services or drugs should be covered. If we decide they should be covered, we will pay you back for the services or drugs.

Here are examples of situations in which you may need to ask our plan to pay you back or to pay a bill you have received:

1. When you’ve received emergency or urgently needed medical care from a provider who is not in our plan’s network

You can receive emergency services from any provider, whether or not the provider is a part of our network. When you receive emergency or

urgently needed services from a provider who is not part of our network, you should ask the provider to bill the plan.

- If you pay the entire amount yourself at the time you receive the care, you need to ask us to pay you back for our share of the cost. Send us the bill, along with documentation of any payments you have made.
- At times you may get a bill from the provider asking for payment that you think you do not owe. Send us this bill, along with documentation of any payments you have already made.
 - If the provider is owed anything, we will pay the provider directly.
 - If you have already paid more than your share of the cost for the service, we will determine how much you owed and pay you back for our share of the cost.

2. When a network provider sends you a bill you think you should not pay

Network providers should always bill the plan directly. But sometimes they make mistakes and ask you to pay more than your share of the cost.

- You only have to pay your cost-sharing amount when you get services covered by our plan. We do not allow providers to add additional separate charges, called “balance billing.” This protection (that you never pay more than your cost-sharing amount) applies even if we pay the provider less than the provider charges for a service and even if there is a dispute and we don’t pay certain provider charges. If you are eligible for Medicare cost-sharing assistance under Medicaid, we do not allow providers to bill you for covered services. We pay our providers directly, and we protect you from any charges. This is true even if we pay the provider less than the provider charges for a service.
- Whenever you get a bill from a network provider that you think is more than you should pay, send us the bill. We will contact the provider directly and resolve the billing problem.

Chapter 7. Asking us to pay a bill you have received for covered medical services or drugs

- If you have already paid a bill to a network provider, but you feel that you paid too much, send us the bill along with documentation of any payment you have made. You should ask us to pay you back the difference between the amount you paid and the amount you owed under the plan.

3. If you are retroactively enrolled in our plan

Sometimes a person's enrollment in the plan is retroactive. (Retroactive means that the first day of their enrollment has already passed. The enrollment date may even have occurred last year.)

If you were retroactively enrolled in our plan and you paid out of pocket for any of your covered services or drugs after your enrollment date, you can ask us to pay you back for our share of the costs. You will need to submit paperwork for us to handle the reimbursement.

Please contact Customer Service for additional information about how to ask us to pay you back and deadlines for making your request. (Phone numbers for Customer Service are printed on the back cover of this booklet.)

4. When you use an out-of-network pharmacy to get a prescription filled

If you go to an out-of-network pharmacy and try to use your membership card to fill a prescription, the pharmacy may not be able to submit the claim directly to us. When that happens, you will have to pay the full cost of your prescription. (We cover prescriptions filled at out-of-network pharmacies only in a few special situations. Please go to Chapter 5, Section 2.5 to learn more.) Save your receipt and send a copy to us when you ask us to pay you back for our share of the cost.

5. When you pay the full cost for a prescription because you don't have your plan membership card with you

If you do not have your plan membership card with you, you can ask the pharmacy to call the plan or to look up your plan enrollment information.

However, if the pharmacy cannot get the enrollment information they need right away, you may need to pay the full cost of the prescription yourself. Save your receipt and send a copy to us when you ask us to pay you back for our share of the cost.

6. When you pay the full cost for a prescription in other situations

You may pay the full cost of the prescription because you find that the drug is not covered for some reason.

- For example, the drug may not be on the plan's *List of Covered Drugs (Formulary)*; or it could have a requirement or restriction that you didn't know about or don't think should apply to you. If you decide to get the drug immediately, you may need to pay the full cost for it.
- Save your receipt and send a copy to us when you ask us to pay you back. In some situations, we may need to get more information from your doctor in order to pay you back for our share of the cost of the drug.

When you send us a request for payment, we will review your request and decide whether the service or drug should be covered. This is called making a "coverage decision." If we decide it should be covered, we will pay for our share of the cost for the service or drug. If we deny your request for payment, you can appeal our decision. Chapter 9 of this booklet (*What to do if you have a problem or complaint (coverage decisions, appeals, complaints)*), has information about how to make an appeal.

Section 2. How to ask us to pay you back or to pay a bill you have received

Section 2.1

How and where to send us your request for payment

Send us your request for payment, along with your bill and documentation of any payment you have made. It's a good idea to make a copy of your bill and receipts for your records.

To make sure you are giving us all the information we need to make a decision, you can fill out our claim form to make your request for payment.

- You don't have to use the form, but it will help us process the information faster.
- Either download a copy of the form from our website (www.myamerigroup.com/medicare) or call Customer Service and ask for the form. (Phone numbers for Customer Service are printed on the back cover of this booklet.)

Mail your request for payment **for medical services**, together with any bills or receipts, to us at this address:

Amerigroup, Customer Claims
P.O. Box 61010
Virginia Beach, VA23466-1010

Mail your request for payment **for Part D prescription drugs**, together with any bills or receipts, to us at this address:

Express Scripts
ATTN: Medicare Part D
P.O. Box 14718
Lexington, KY40512-4718

Contact Customer Service if you have any questions (phone numbers for Customer Service are printed on the back cover of this booklet). If you don't know what you should have paid, or you receive bills and you don't know what to do about those bills, we

can help. You can also call if you want to give us more information about a request for payment you have already sent to us.

Section 3. We will consider your request for payment and say yes or no

Section 3.1

We check to see whether we should cover the service or drug and how much we owe

When we receive your request for payment, we will let you know if we need any additional information from you. Otherwise, we will consider your request and make a coverage decision.

- If we decide that the medical care or drug is *covered* and you *followed* all the rules for getting the care or drug, we will pay for our share of the cost for the service. If you have already paid for the service or drug, we will mail your reimbursement of our share of the cost to you. If you have not paid for the service or drug yet, we will mail the payment directly to the provider. (Chapter 3 explains the rules you need to follow for getting your medical services covered. Chapter 5 explains the rules you need to follow for getting your Part D prescription drugs covered.)
- If we decide that the medical care or drug is *not covered*, or you did *not* follow all the rules, we will not pay for our share of the cost of the care or drug. Instead, we will send you a letter that explains the reasons why we are not sending the payment you have requested and your rights to appeal that decision.

Section 3.2

If we tell you that we will not pay for all or part of the medical care or drug, you can make an appeal

If you think we have made a mistake in turning down your request for payment or you don't agree with the amount we are paying, you can make an appeal. If you make an appeal, it means you are asking us to change the decision we made when we turned down your request for payment.

For the details on how to make this appeal, go to Chapter 9 of this booklet (*What to do if you have a problem or complaint (coverage decisions, appeals, complaints)*). The appeals process is a formal process with detailed procedures and important deadlines. If making an appeal is new to you, you will find it helpful to start by reading Section 5 of Chapter 9. Section 5 is an introductory section that explains the process for coverage decisions and appeals and gives definitions of terms such as "appeal."

Then after you have read Section 5, you can go to the section in Chapter 9 that tells what to do for your situation:

- If you want to make an appeal about getting paid back for a medical service, go to Section 6.3 in Chapter 9.
- If you want to make an appeal about getting paid back for a drug, go to Section 7.5 in Chapter 9.

Section 4. Other situations in which you should save your receipts and send copies to us

Section 4.1

In some cases, you should send copies of your receipts to us to help us track your out-of-pocket drug costs

There are some situations when you should let us know about payments you have made for your drugs. In these cases, you are not asking us for payment. Instead, you are telling us about your payments so that we can calculate your out-of-pocket costs correctly. This may help you to qualify for the catastrophic coverage stage more quickly.

Below is an example of a situation when you should send us copies of receipts to let us know about payments you have made for your drugs:

When you get a drug through a patient assistance program offered by a drug manufacturer:

Some members are enrolled in a patient assistance program offered by a drug manufacturer that is outside the plan benefits. If you get any drugs through a program offered by a drug manufacturer, you may pay a copayment to the patient assistance program.

- Save your receipt and send a copy to us so that we can have your out-of-pocket expenses count toward qualifying you for the catastrophic coverage stage.
- **Please note:** Because you are getting your drug through the patient assistance program and not through the plan's benefits, we will not pay for

Chapter 7. Asking us to pay a bill you have received for covered medical services or drugs

any share of these drug costs. But sending a copy of the receipt allows us to calculate your out-of-pocket costs correctly and may help you qualify for the catastrophic coverage stage more quickly.

Since you are not asking for payment in the case described above, this situation is not considered a coverage decision. Therefore, you cannot make an appeal if you disagree with our decision.

Section 1. Our plan must honor your rights as a member of the plan

Section 1.1

We must provide information in a way that works for you

(In languages other than English and in large print)

To get information from us in a way that works for you, please call Customer Service (phone numbers are printed on the back cover of this booklet).

Our plan has people and free interpreter services available to answer questions from disabled and non-English speaking members. We can also give you information in Braille, in large print, or other alternate formats at no cost if you need it. We are required to give you information about the plan's benefits in a format that is accessible and appropriate for you. To get information from us in a way that works for you, please call Customer Service (phone numbers are printed on the back cover of this booklet) or contact our Civil Rights Coordinator.

If you have any trouble getting information from our plan in a format that is accessible and appropriate for you, please call to file a grievance with us at 1-844-812-2275 (TTY 711) or by writing us at: Civil Rights Coordinator, 4361 Irwin-Simpson Rd, Mailstop: OH0205-A537; Mason, Ohio 45040. You may also file a complaint with Medicare by calling 1-800-MEDICARE (1-800-633-4227) or directly with the Office for Civil Rights. Contact information is included in this *Evidence of Coverage* or with this mailing, or you may contact Customer Service (phone numbers are printed on the back cover of this booklet) for additional information.

Section 1.2

We must treat you with fairness and respect at all times

Our plan must obey laws that protect you from discrimination or unfair treatment. **We do not discriminate** based on a person's race, ethnicity, national origin, religion, gender, age, mental or physical disability, health status, claims experience, medical history, genetic information, evidence of insurability or geographic location within the service area.

If you want more information or have concerns about discrimination or unfair treatment, please call the Department of Health and Human Services' **Office for Civil Rights** at 1-800-368-1019 (TTY 1-800-537-7697), or your local Office for Civil Rights.

If you have a disability and need help with access to care, please call Customer Service. (Phone numbers are printed on the back cover of this booklet.) If you have a complaint, such as a problem with wheelchair access, Customer Service can help.

Section 1.3

We must ensure that you get timely access to your covered services and drugs

As a member of our plan, you have the right to choose a Primary Care Provider (PCP) in the plan's network to provide and arrange for your covered services. (*Chapter 3* explains more about this.) Call Customer Service to learn which doctors are accepting new patients (phone numbers are printed on the back cover of this booklet). You also have the right to go to a women's health specialist (such as a gynecologist) without a referral.

As a plan member, you have the right to get appointments and covered services from the plan's network of providers *within a reasonable amount*

of time. This includes the right to get timely services from specialists when you need that care. You also have the right to get your prescriptions filled or refilled at any of our network pharmacies without long delays.

If you think that you are not getting your medical care or Part D drugs within a reasonable amount of time, Chapter 9, Section 11 of this booklet tells what you can do. (If we have denied coverage for your medical care or drugs and you don't agree with our decision, Chapter 9, Section 5 tells what you can do.)

Section 1.4

We must protect the privacy of your personal health information

Federal and state laws protect the privacy of your medical records and personal health information. We protect your personal health information as required by these laws.

- Your “personal health information” includes the personal information you gave us when you enrolled in this plan, as well as your medical records and other medical and health information.
- The laws that protect your privacy give you rights related to getting information and controlling how your health information is used. We give you a written notice, called a “Notice of Privacy Practices,” that tells about these rights and explains how we protect the privacy of your health information.

How do we protect the privacy of your health information?

- We make sure that unauthorized people don't see or change your records.
- In most situations, if we give your health information to anyone who isn't providing your care or paying for your care, *we are required to*

get written permission from you first. Written permission can be given by you or by someone you have given legal power to make decisions for you.

- There are certain exceptions that do not require us to get your written permission first. These exceptions are allowed or required by law.
 - For example, we are required to release health information to government agencies that are checking on quality of care.
 - Because you are a member of our plan through Medicare, we are required to give Medicare your health information, including information about your Part D prescription drugs. If Medicare releases your information for research or other uses, this will be done according to Federal statutes and regulations.

You can see the information in your records and know how it has been shared with others

You have the right to look at your medical records held at the plan, and to get a copy of your records. We are allowed to charge you a fee for making copies. You also have the right to ask us to make additions or corrections to your medical records. If you ask us to do this, we will work with your health care provider to decide whether the changes should be made.

You have the right to know how your health information has been shared with others for any purposes that are not routine.

If you have questions or concerns about the privacy of your personal health information, please call Customer Service (phone numbers are printed on the back cover of this booklet).

Below is the Notice of Privacy Practices as of 3/1/2016. This Notice can change so to make sure you're viewing the most recent version. You can request the current version from Customer Service (phone numbers are printed on the back cover of

Chapter 8. Your rights and responsibilities

this booklet) or view it on our website at www.myamerigroup.com/medicare.

Notices of privacy practices

Every year, we're required to send you specific information about your rights, your benefits and more. This can use up a lot of trees, so we've combined a couple of these required annual notices. Please take a few minutes to read about:

- State notice of privacy practices
- HIPAA notice of privacy practices
- Breast reconstruction surgery benefits

State notice of privacy practices

As mentioned in our Health Insurance Portability and Accountability Act (HIPAA) notice, we must follow state laws that are stricter than the federal HIPAA privacy law. This notice explains your rights and our legal duties under state law, in addition to health, dental and vision benefits that you may have.

Your personal information

We may collect, use and share your nonpublic personal information (PI) as described in this notice. PI identifies a person and is often gathered in an insurance matter.

We may collect PI about you from other persons or entities, such as doctors, hospitals or other carriers. We may share PI with persons or entities outside of our company — without your OK in some cases. If we take part in an activity that would require us to give you a chance to opt out, we will contact you. We will tell you how you can let us know that you do not want us to use or share your PI for a given activity.

You have the right to access and correct your PI. Because PI is defined as any information that can be used to make judgments about your health, finances, character, habits, hobbies, reputation, career and credit, we take reasonable safety measures to protect the PI we have about you.

A more detailed state notice is available upon request. Please call the phone number printed on your ID card. Customer Service is available 8 a.m. to 8 p.m., seven days a week (except Thanksgiving and Christmas) from October 1 through February 14, and Monday to Friday (except holidays) from February 15 through September 30.

HIPAA Notice of privacy practices

THIS NOTICE DESCRIBES HOW HEALTH, VISION AND DENTAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION WITH REGARD TO YOUR HEALTH BENEFITS. PLEASE REVIEW IT CAREFULLY.

We keep the health and financial information of our current and former members private as required by law, accreditation standards and our rules. This notice explains your rights. It also explains our legal duties and privacy practices. We are required by federal law to give you this notice.

Your protected health information

We may collect, use and share your Protected Health Information (PHI) for the following reasons, and others as allowed or required by law, including the HIPAA Privacy rule:

For Payment: We use and share PHI to manage your account or benefits, or to pay claims for health care you get through your plan. For example, we keep information about your premium and deductible payments. We may give information to a doctor's office to confirm your benefits.

For Health Care Operations: We use and share PHI for our health care operations. For example, we may use PHI to review the quality of care and services you get.

For Treatment Activities: We do not provide treatment. This is the role of a health care provider, such as your doctor or a hospital.

Examples of ways we use your information for payment, treatment and health care operations:

- We keep information about your premium and deductible payments.
- We may give information to a doctor's office to confirm your benefits.
- We may share your explanation of benefits (EOB) with the subscriber of your plan for payment purposes.
- We may share PHI with your health care provider so that the provider may treat you.
- We may use PHI to review the quality of care and services you get.
- We may use PHI to provide you with case management or care coordination services for conditions like asthma, diabetes or traumatic injury.

We may also use and share PHI directly or indirectly with health information exchanges for payment, health care operations and treatment. If you do not want your PHI to be shared for payment, health care operations, or treatment purposes in health information exchanges, please visit www.amerigroup.com/privacy for more information.

To You: We must give you access to your own PHI. We may also contact you to let you know about treatment options or other health-related benefits and services. When you or your dependents reach a certain age, we may tell you about other products or programs for which you may be eligible. This may include individual coverage. We may also send you reminders about routine medical checkups and tests.

To Others: In most cases, if we use or disclose your PHI outside of treatment, payment, operations or research activities, we must get your OK in writing first. We must receive your written OK before we can use your PHI for certain marketing activities. We must get your written OK before we sell your PHI. If we have them, we must get your OK before we disclose your provider's psychotherapy notes.

Other uses and disclosures of your PHI not mentioned in this notice may also require your written OK. You always have the right to revoke any written OK you provide. You may tell us in writing that it is OK for us to give your PHI to someone else for any reason. Also, if you are present, and tell us it is OK, we may give your PHI to a family member, friend or other person. We would do this if it has to do with your current treatment or payment for your treatment. If you are not present, if it is an emergency or you are not able to tell us it is OK, we may give your PHI to a family member, friend or other person if sharing your PHI is in your best interest.

As Allowed or Required by Law: We may also share your PHI for other types of activities including:

- Health oversight activities;
- Judicial or administrative proceedings, with public health authorities, for law enforcement reasons, and with coroners, funeral directors or medical examiners (about decedents);
- Organ donation groups for certain reasons, for research, and to avoid a serious threat to health or safety;
- Special government functions, for Workers' Compensation, to respond to requests from the U.S. Department of Health and Human Services, and to alert proper authorities if we reasonably believe that you may be a victim of abuse, neglect, domestic violence or other crimes; and
- As required by law.

If you are enrolled with us through an employer-sponsored group health plan, we may share PHI with your group health plan. If your employer pays your premium or part of your premium, but does not pay your health insurance claims, your employer is not allowed to receive your PHI — unless your employer promises to protect your PHI and makes sure the PHI will be used for legal reasons only.

If you submit an online enrollment application for a Medicare Advantage, Medicare Advantage Part D

or Part D Prescription Drug Plan, or if an agent/broker submits it on your behalf, we record the Internet Protocol (IP) address the application is submitted from. We use this information in our efforts to prevent and detect fraud, waste and abuse in the Medicare program.

Authorization: We will get an OK from you in writing before we use or share your PHI for any other purpose not stated in this notice. You may take away this OK at any time, in writing. We will then stop using your PHI for that purpose. But, if we have already used or shared your PHI based on your OK, we cannot undo any actions we took before you told us to stop.

Genetic Information: If we use or disclose PHI for underwriting purposes, we are prohibited from using or disclosing PHI that is genetic information of an individual for such purposes.

Race, Ethnicity and Language: We may receive race, ethnicity and language information about you and protect this information as described in this Notice. We may use this information for various health care operations which include identifying health care disparities, developing care management programs and educational materials, and providing interpretation services. We do not use race, ethnicity and language information to perform underwriting, rate setting or benefit determinations, and we do not disclose this information to unauthorized persons.

Your Rights

Under federal law, you have the right to:

- Send us a written request to see or get a copy of certain PHI, including a request to receive a copy of your PHI through email. It is important to note that there is some level of risk that your PHI could be read or accessed by a third party when it is sent by unencrypted email. We will confirm that you want to receive PHI by unencrypted email before sending it to you.
- Ask that we correct your PHI that you believe is missing or incorrect. If someone else (such as

your doctor) gave us the PHI, we will let you know so you can ask him or her to correct it.

- Send us a written request to ask us not to use your PHI for treatment, payment or health care operations activities. We are not required to agree to these requests.
- Give us a verbal or written request to ask us to send your PHI using other means that are reasonable. Also, let us know if you want us to send your PHI to an address other than your home if sending it to your home could place you in danger.
- Send us a written request to ask us for a list of certain disclosures of your PHI. Call Customer Service at the phone number printed on your identification (ID) card to use any of these rights. Customer Service is available 8 a.m. to 8 p.m., seven days a week (except Thanksgiving and Christmas) from October 1 through February 14, and Monday to Friday (except holidays) from February 15 through September 30. Customer Service representatives can give you the address to send the request. They can also give you any forms we have that may help you with this process.
- Right to restriction for services you pay for out of your own pocket: If you pay in full for any medical services out of your own pocket, you have the right to ask for a restriction. The restriction would prevent the use or disclosure of that PHI for treatment, payment or operations reasons. If you or your provider submits a claim to us, we do not have to agree to a restriction (see Your Rights section above). If a law requires the disclosure, we do not have to agree to your restriction.

How we protect information

We are dedicated to protecting your PHI, and have set up a number of policies and practices to help make sure your PHI is kept secure.

We have to keep your PHI private. If we believe your PHI has been breached, we must let you know.

We keep your oral, written and electronic PHI safe using physical, electronic and procedural means. These safeguards follow federal and state laws. Some of the ways we keep your PHI safe include securing offices that hold PHI, password-protecting computers and locking storage areas and filing cabinets. We require our employees to protect PHI through written policies and procedures. These policies limit access to PHI to only those employees who need the data to do their job.

Employees are also required to wear ID badges to help keep people who do not belong out of areas where sensitive data is kept. Also, where required by law, our affiliates and nonaffiliates must protect the privacy of data we share in the normal course of business. They are not allowed to give PHI to others without your written OK, except as allowed by law and outlined in this notice.

Potential impact of other applicable laws

HIPAA (the federal privacy law) generally does not preempt or override other laws that give people greater privacy protections. As a result, if any state or federal privacy law requires us to provide you with more privacy protections, then we must also follow that law in addition to HIPAA.

Contacting You

We, including our affiliates or vendors, may call or text any telephone numbers provided by you using an automated telephone dialing system and/or a prerecorded message. Without limitation, these calls may concern treatment options, other health-related benefits and services, enrollment, payment or billing.

Complaints

If you think we have not protected your privacy, you can file a complaint with us.

You may also file a complaint with the Office for Civil Rights in the U.S. Department of Health and Human Services. We will not take action against you for filing a complaint.

Contact information

Please call Customer Service at the phone number printed on your ID card. Customer Service is available 8 a.m. to 8 p.m., seven days a week (except Thanksgiving and Christmas) from October 1 through February 14, and Monday to Friday (except holidays) from February 15 through September 30. Representatives can help you apply your rights, file a complaint or talk with you about privacy issues.

Copies and changes

You have the right to get a new copy of this notice at any time. We reserve the right to change this notice. A revised notice will apply to PHI we already have about you, as well as any PHI we may get in the future. We are required by law to follow the privacy notice that is in effect at this time.

We may tell you about any changes to our notice in a number of ways. We may tell you about the changes in a member newsletter or post them on our website. We may also mail you a letter that tells you about any changes.

Effective date of this notice

The original effective date of this notice was April 14, 2003. The most recent revision date of this notice is March 1, 2016.

Breast reconstruction surgery benefits

If you ever need a benefit-covered mastectomy, we hope it will give you some peace of mind to know that your Amerigroup benefits comply with the Women's Health and Cancer Rights Act of 1998, which provides for:

- Reconstruction of the breast(s) that underwent a covered mastectomy.
- Surgery and reconstruction of the other breast to restore a symmetrical appearance.

Chapter 8. Your rights and responsibilities

- Prostheses and coverage for physical complications related to all stages of a covered mastectomy, including lymphedema.

All applicable benefit provisions will apply, including existing deductibles, copayments and/or coinsurance. Contact Customer Service for more information.

For more information about the Women's Health and Cancer Rights Act, you can go to the Federal Department of Labor website at: dol.gov/ebsa/publications/whcra.html.

Section 1.5

We must give you information about the plan, its network of providers and your covered services

As a member of our plan, you have the right to get several kinds of information from us. (As explained above in Section 1.1, you have the right to get information from us in a way that works for you. This includes getting the information in languages other than English that are spoken in the plan's service area and in large print.)

If you want any of the following kinds of information, please call Customer Service. (Phone numbers are printed on the back cover of this booklet.)

- **Information about our plan.** This includes, for example, information about the plan's financial condition. It also includes information about the number of appeals made by members and the plan's performance ratings, including how it has been rated by plan members and how it compares to other Medicare health plans.
- **Information about our network providers including our network pharmacies.**
 - For example, you have the right to get information from us about the qualifications of the providers and pharmacies in our

network and how we pay the providers in our network.

- For a list of the providers in the plan's network, see the *Provider/Pharmacy Directory*.
- For a list of the pharmacies in the plan's network, see the *Provider/Pharmacy Directory*.
- For more detailed information about our providers or pharmacies, you can call Customer Service (phone numbers are printed on the back cover of this booklet). Or, visit our website at www.myamerigroup.com/medicare.
- **Information about your coverage and the rules you must follow when using your coverage.**
 - In Chapter 3 and Chapter 4 of this booklet, we explain what medical services are covered for you, any restrictions to your coverage and what rules you must follow to get your covered medical services.
 - To get the details on your Part D prescription drug coverage, see Chapter 5 and Chapter 6 of this booklet, plus the plan's *List of Covered Drugs (Formulary)*. These chapters, together with the *List of Covered Drugs (Formulary)*, tell you what drugs are covered and explain the rules you must follow and the restrictions to your coverage for certain drugs.
 - If you have questions about the rules or restrictions, please call Customer Service (phone numbers are printed on the back cover of this booklet).
- **Information about why something is not covered and what you can do about it.**
 - If a medical service or Part D drug is not covered for you, or if your coverage is restricted in some way, you can ask us for a written explanation. You have the right to this explanation even if you received the medical service or drug from an out-of-network provider or pharmacy.

- If you are not happy, or if you disagree with a decision we make about what medical care or Part D drug is covered for you, you have the right to ask us to change the decision. You can ask us to change the decision by making an appeal. For details on what to do if something is not covered for you in the way you think it should be covered, see Chapter 9 of this booklet. It gives you the details about how to make an appeal if you want us to change our decision. (Chapter 9 also tells about how to make a complaint about quality of care, waiting times and other concerns.)
- If you want to ask our plan to pay our share of a bill you have received for medical care or a Part D prescription drug, see Chapter 7 of this booklet.

Section 1.6

We must support your right to make decisions about your care

You have the right to know your treatment options and participate in decisions about your health care

You have the right to get full information from your doctors and other health care providers when you go for medical care. Your providers must explain your medical condition and your treatment choices *in a way that you can understand*. You also have the right to participate fully in decisions about your health care.

To help you make decisions with your doctors about what treatment is best for you, your rights include the following:

- **To know about all of your choices.** This means that you have the right to be told about all of the treatment options that are recommended for your condition, no matter what they cost or whether they are covered by our plan. It also includes being told about programs our plan

offers to help members manage their medications and use drugs safely.

- **To know about the risks.** You have the right to be told about any risks involved in your care. You must be told in advance if any proposed medical care or treatment is part of a research experiment. You always have the choice to refuse any experimental treatments.
- **The right to say “no.”** You have the right to refuse any recommended treatment. This includes the right to leave a hospital or other medical facility, even if your doctor advises you not to leave. You also have the right to stop taking your medication. Of course, if you refuse treatment or stop taking medication, you accept full responsibility for what happens to your body as a result.
- **To receive an explanation if you are denied coverage for care.** You have the right to receive an explanation from us if a provider has denied care that you believe you should receive. To receive this explanation, you will need to ask us for a coverage decision. Chapter 9 of this booklet tells how to ask the plan for a coverage decision.

You have the right to give instructions about what is to be done if you are not able to make medical decisions for yourself

Sometimes people become unable to make health care decisions for themselves due to accidents or serious illness. You have the right to say what you want to happen if you are in this situation.

This means that, *if you want to*, you can:

- Fill out a written form to **give someone the legal authority to make medical decisions for you** if you ever become unable to make decisions for yourself.
- **Give your doctors written instructions** about how you want them to handle your medical care if you become unable to make decisions for yourself.

The legal documents that you can use to give your directions in advance in these situations are called

“advance directives.” There are different types of advance directives and different names for them. Documents called **“living will”** and **“power of attorney for health care”** are examples of advance directives.

If you want to use an “advance directive” to give your instructions, here is what to do:

- **Get the form.** If you want to have an advance directive, you can get a form from your lawyer, from a social worker or from some office supply stores. You can sometimes get advance directive forms from organizations that give people information about Medicare.
- **Fill it out and sign it.** Regardless of where you get this form, keep in mind that it is a legal document. You should consider having a lawyer help you prepare it.
- **Give copies to appropriate people.** You should give a copy of the form to your doctor and to the person you name on the form as the one to make decisions for you if you can't. You may want to give copies to close friends or family members as well. Be sure to keep a copy at home.

If you know ahead of time that you are going to be hospitalized, and you have signed an advance directive, **take a copy with you to the hospital.**

- If you are admitted to the hospital, they will ask you whether you have signed an advance directive form and whether you have it with you.
- If you have not signed an advance directive form, the hospital has forms available and will ask if you want to sign one.

Remember, it is your choice whether you want to fill out an advance directive (including whether you want to sign one if you are in the hospital). According to law, no one can deny you care or discriminate against you based on whether or not you have signed an advance directive.

What if your instructions are not followed?

If you have signed an advance directive, and you believe that a doctor or hospital did not follow the instructions in it, you may file a complaint with the Washington State Health Care Authority.

Section 1.7

You have the right to make complaints and to ask us to reconsider decisions we have made

If you have any problems or concerns about your covered services or care, Chapter 9 of this booklet tells what you can do. It gives the details about how to deal with all types of problems and complaints.

What you need to do to follow up on a problem or concern depends on the situation. You might need to ask our plan to make a coverage decision for you, make an appeal to us to change a coverage decision or make a complaint. Whatever you do – ask for a coverage decision, make an appeal or make a complaint – **we are required to treat you fairly.**

You have the right to get a summary of information about the appeals and complaints that other members have filed against our plan in the past. To get this information, please call Customer Service (phone numbers are printed on the back cover of this booklet).

You have the right to make recommendations regarding the organization's member rights and responsibilities policy.

Section 1.8

What can you do if you believe you are being treated unfairly or your rights are not being respected?

If it is about discrimination, call the Office for Civil Rights

If you believe you have been treated unfairly or your rights have not been respected due to your race, disability, religion, sex, health, ethnicity, creed (beliefs), age or national origin, you should call the Department of Health and Human Services' Office for Civil Rights at 1-800-368-1019 (TTY 1-800-537-7697), or call your local Office for Civil Rights.

Is it about something else?

If you believe you have been treated unfairly or your rights have not been respected, *and it's not* about discrimination, you can get help dealing with the problem you are having:

- You can **call Customer Service** (phone numbers are printed on the back cover of this booklet).
- You can **call the State Health Insurance Assistance Program**. For details about this organization and how to contact it, go to Chapter 2, Section 3.
- Or, you can call Medicare at 1-800-MEDICARE (1-800-633-4227), 24 hours a day, seven days a week. TTY users should call 1-877-486-2048.

Section 1.9

How to get more information about your rights

There are several places where you can get more information about your rights:

- You can **call Customer Service** (phone numbers are printed on the back cover of this booklet).

- You can **call the State Health Insurance Assistance Program**. For details about this organization and how to contact it, go to Chapter 2, Section 3.
- You can contact **Medicare**.
 - You can visit the Medicare website to read or download the publication *Your Medicare Rights & Protections*. (The publication is available at: <https://www.medicare.gov/Pubs/pdf/11534.pdf>.)
 - Or, you can call 1-800-MEDICARE (1-800-633-4227), 24 hours a day, seven days a week. TTY users should call 1-877-486-2048.

Section 2. You have some responsibilities as a member of the plan

Section 2.1

What are your responsibilities?

Things you need to do as a member of the plan are listed below. If you have any questions, please call Customer Service (phone numbers are printed on the back cover of this booklet). We're here to help.

- **Get familiar with your covered services and the rules you must follow to get these covered services.** Use this *Evidence of Coverage* booklet to learn what is covered for you and the rules you need to follow to get your covered services.
 - Chapter 3 and Chapter 4 give the details about your medical services, including what is covered, what is not covered, rules to follow and what you pay.
 - Chapter 5 and Chapter 6 give the details about your coverage for Part D prescription drugs.
- **If you have any other health insurance coverage or prescription drug coverage in addition to our plan, you are required to tell us.** Please call

Customer Service to let us know (phone numbers are printed on the back cover of this booklet).

- We are required to follow rules set by Medicare and Medicaid to make sure that you are using all of your coverage in combination when you get your covered services from our plan. This is called **“coordination of benefits”** because it involves coordinating the health and drug benefits you get from our plan with any other health and drug benefits available to you. We’ll help you coordinate your benefits. (For more information about coordination of benefits, go to Chapter 1, Section 7.)
- **Tell your doctor and other health care providers that you are enrolled in our plan.** Show your plan membership card whenever you get your medical care or Part D prescription drugs.
- **Help your doctors and other providers help you by giving them information, asking questions and following through on your care.**
 - To help your doctors and other health providers give you the best care, learn as much as you are able to about your health problems and give them the information they need about you and your health. Follow the treatment plans and instructions that you and your doctors agree upon.
 - Make sure your doctors know all of the drugs you are taking, including over-the-counter drugs, vitamins and supplements.
 - If you have any questions, be sure to ask. Your doctors and other health care providers are supposed to explain things in a way you can understand. If you ask a question and you don’t understand the answer you are given, ask again.
 - You are encouraged to contact your physician before receiving urgent care services after normal business hours.
- **Be considerate.** We expect all our members to respect the rights of other patients. We also expect you to act in a way that helps the smooth running of your doctor’s office, hospitals and other offices.
- **Pay what you owe.** As a plan member, you are responsible for these payments:
 - In order to be eligible for our plan, you must have Medicare Part A and Medicare Part B. As a Amerivantage Dual Coordination (HMO SNP) member, Medicaid pays for your Part A premium (if you don’t qualify for it automatically) and for your Part B premium. If Medicaid is not paying your Medicare premiums for you, you must continue to pay your Medicare premiums to remain a member of the plan.
 - For most of your drugs covered by the plan, you must pay your share of the cost when you get the drug. This will be a copayment (a fixed amount). Chapter 6 tells what you must pay for your Part D prescription drugs.
 - If you get any medical services or drugs that are not covered by our plan or by other insurance you may have, you must pay the full cost.
 - If you disagree with our decision to deny coverage for a service or drug, you can make an appeal. Please see Chapter 9 of this booklet for information about how to make an appeal.
 - If you are required to pay the extra amount for Part D because of your higher income (as reported on your last tax return), you must pay the extra amount directly to the government to remain a member of the plan.
- **Tell us if you move.** If you are going to move, it's important to tell us right away. Call Customer Service (phone numbers are printed on the back cover of this booklet).
 - **If you move *outside* of our plan service area, you cannot remain a member of our plan.** (Chapter 1 tells about our service area.) We can help you figure out whether you are moving outside our service area. If you are

Chapter 8. Your rights and responsibilities

leaving our service area, you will have a Special Enrollment Period when you can join any Medicare plan available in your new area. We can let you know if we have a plan in your new area.

- **If you move *within* our service area, we still need to know** so we can keep your membership record up to date and know how to contact you.
- If you move, it is also important to tell Social Security (or the Railroad Retirement Board). You can find phone numbers and contact

information for these organizations in Chapter 2.

- **Call Customer Service for help if you have questions or concerns.** We also welcome any suggestions you may have for improving our plan.
 - Phone numbers and calling hours for Customer Service are printed on the back cover of this booklet.
 - For more information on how to reach us, including our mailing address, please see Chapter 2.

Problems about your *Medicaid* benefits

Section 12.	Handling problems about your <i>Medicaid</i> benefits	190
--------------------	--	------------

Background

Section 1. Introduction

Section 1.1

What to do if you have a problem or concern

This chapter explains the processes for handling problems and concerns. The process you use to handle your problem depends on two things:

1. Whether your problem is about benefits covered by **Medicare** or **Medicaid**. If you would like help deciding whether to use the Medicare process or the Medicaid process, or both, please contact Customer Service (phone numbers are printed on the back cover of this booklet).
2. The type of problem you are having:
 - For some types of problems, you need to use the **process for coverage decisions and appeals**.
 - For other types of problems, you need to use the **process for making complaints**.

These processes have been approved by Medicare. To ensure fairness and prompt handling of your problems, each process has a set of rules, procedures and deadlines that must be followed by us and by you.

Which one do you use? The guide in Section 3 will help you identify the right process to use.

Section 1.2

What about the legal terms?

There are technical legal terms for some of the rules, procedures and types of deadlines explained in this chapter. Many of these terms are unfamiliar to most people and can be hard to understand.

To keep things simple, this chapter explains the legal rules and procedures using simpler words in place of certain Legal terms. For example, this

chapter generally says “making a complaint” rather than “filing a grievance,” “coverage decision” rather than “organization determination” or “coverage determination,” and “Independent Review Organization” instead of “Independent Review Entity.” It also uses abbreviations as little as possible.

However, it can be helpful – and sometimes quite important – for you to know the correct legal terms for the situation you are in. Knowing which terms to use will help you communicate more clearly and accurately when you are dealing with your problem and get the right help or information for your situation. To help you know which terms to use, we include legal terms when we give the details for handling specific types of situations.

Section 2. You can get help from government organizations that are not connected with us

Section 2.1

Where to get more information and personalized assistance

Sometimes it can be confusing to start or follow through the process for dealing with a problem. This can be especially true if you do not feel well or have limited energy. Other times, you may not have the knowledge you need to take the next step.

Get help from an independent government organization

We are always available to help you. But in some situations you may also want help or guidance from someone who is not connected with us. You can always contact your **State Health Insurance Assistance Program (SHIP)**.

This government program has trained counselors in every state. The program is not connected with us or with any insurance company or health plan. The counselors at this program can help you understand which process you should use to handle a problem you are having. They can also answer your questions, give you more information and offer guidance on what to do.

The services of SHIP counselors are free. You will find phone numbers in Chapter 2, Section 3 of this booklet.

You can also get help and information from Medicare

For more information and help in handling a problem, you can also contact Medicare. Here are two ways to get information directly from Medicare:

- You can call 1-800-MEDICARE (1-800-633-4227), 24 hours a day, seven days a week. TTY users should call 1-877-486-2048.
- You can visit the Medicare website (<https://www.medicare.gov>).

You can get help and information from Medicaid

In Washington:

Washington Apple Health

Call: 1-800-562-3022

TTY: 711

This number requires special telephone equipment and is only for people who have difficulties with hearing or speaking.

Write: Washington Apple Health

Section 3. To deal with your problem, which process should you use?

Section 3.1

Should you use the process for Medicare benefits or Medicaid benefits?

Because you have Medicare and get assistance from Medicaid, you have different processes that you can use to handle your problem or complaint. Which process you use depends on whether the problem is about Medicare benefits or Medicaid benefits. If your problem is about a benefit covered by Medicare, then you should use the Medicare process. If your problem is about a benefit covered by Medicaid, then you should use the Medicaid process. If you would like help deciding whether to use the Medicare process or the Medicaid process, please contact Customer Service (phone numbers are printed on the back cover of this booklet).

The Medicare process and Medicaid process are described in different parts of this chapter. To find

out which part you should read, use the chart below.

<p>To figure out which part of this chapter will help with your specific problem or concern, start here:</p> <p>Is your problem about Medicare benefits or Medicaid benefits? Section 5. A guide to the basics of coverage decisions and appeals

Section 5.1

Asking for coverage decisions and making appeals: The big picture

The process for asking for coverage decisions and appeals deals with problems related to your benefits and coverage, including problems related to payment. This is the process you use for issues such as whether something is covered or not and the way in which something is covered.

Asking for coverage decisions

A coverage decision is a decision we make about your benefits and coverage or about the amount we will pay for your medical services or drugs. We are making a coverage decision whenever we decide what is covered for you and how much we pay. For example, your plan network doctor makes a (favorable) coverage decision for you whenever you receive medical care from him or her or if your network doctor refers you to a medical specialist.

You or your doctor can also contact us and ask for a coverage decision if your doctor is unsure whether we will cover a particular medical service or refuses to provide medical care you think that you need. In other words, if you want to know if we will cover a medical service before you receive it, you can ask us to make a coverage decision for you.

In some cases we might decide a service or drug is not covered or is no longer covered by Medicare for you. If you disagree with this coverage decision, you can make an appeal.

Making an appeal

If we make a coverage decision and you are not satisfied with this decision, you can “appeal” the decision. An appeal is a formal way of asking us to review and change a coverage decision we have made.

When you appeal a decision for the first time, this is called a Level 1 Appeal. In this appeal, we review the coverage decision we made to check to see if we were following all of the rules properly. Your appeal is handled by different reviewers than those who made the original unfavorable decision. When we have completed the review, we give you our decision. Under certain circumstances, which we discuss later, you can request an expedited or “fast coverage decision” or fast appeal of a coverage decision.

If we say no to all or part of your Level 1 Appeal, you can go on to a Level 2 Appeal. The Level 2

Appeal is conducted by an independent organization that is not connected to us. (In some situations, your case will be automatically sent to the independent organization for a Level 2 Appeal. If this happens, we will let you know. In other situations, you will need to ask for a Level 2 Appeal.) If you are not satisfied with the decision at the Level 2 Appeal, you may be able to continue through additional levels of appeal.

Section 5.2

How to get help when you are asking for a coverage decision or making an appeal

Would you like some help? Here are resources you may wish to use if you decide to ask for any kind of coverage decision or appeal a decision:

- You **can call Customer Service** (phone numbers are printed on the back cover of this booklet).
- To **get free help from an independent organization** that is not connected with our plan, contact your State Health Insurance Assistance Program (see Section 2 of this chapter).
- **Your doctor can make a request for you.**
 - For medical care, your doctor can request a coverage decision or a Level 1 appeal on your behalf. If your appeal is denied at Level 1, it will be automatically forwarded to Level 2. To request any appeal after Level 2, your doctor must be appointed as your representative.
 - For Part D prescription drugs, your doctor or other prescriber can request a coverage decision or a Level 1 or Level 2 appeal on your behalf. To request any appeal after Level 2, your doctor or other prescriber must be appointed as your representative.
- **You can ask someone to act on your behalf.** If you want to, you can name another person to act for you as your “representative” to ask for a coverage decision or make an appeal.

- There may be someone who is already legally authorized to act as your representative under state law.
- If you want a friend, relative, your doctor or other provider or other person to be your representative, call Customer Service (phone numbers are printed on the back cover of this booklet) and ask for the “Appointment of Representative” form. (The form is also available on Medicare’s website at <https://www.cms.hhs.gov/cmsforms/downloads/cms1696.pdf>.) The form gives that person permission to act on your behalf. It must be signed by you and by the person whom you would like to act on your behalf. You must give us a copy of the signed form.
- **You also have the right to hire a lawyer to act for you.** You may contact your own lawyer, or get the name of a lawyer from your local bar association or other referral service. There are also groups that will give you free legal services if you qualify. However, **you are not required to hire a lawyer** to ask for any kind of coverage decision or appeal a decision.

Section 5.3

Which section of this chapter gives the details for *your* situation?

There are four different types of situations that involve coverage decisions and appeals. Since each situation has different rules and deadlines, we give the details for each one in a separate section:

- **Section 6** of this chapter, *“Your medical care: How to ask for a coverage decision or make an appeal”*
- **Section 7** of this chapter, *“Your Part D prescription drugs: How to ask for a coverage decision or make an appeal”*
- **Section 8** of this chapter, *“How to ask us to cover a longer inpatient hospital stay if you think the doctor is discharging you too soon”*

- **Section 9** of this chapter, *“How to ask us to keep covering certain medical services if you think your coverage is ending too soon.* (Applies to these services only: home health care, skilled nursing facility care and Comprehensive Outpatient Rehabilitation Facility (CORF) services.)

If you're not sure which section you should be using, please call Customer Service. (Phone numbers are printed on the back cover of this booklet.) You can also get help or information from government organizations, such as your State Health Insurance Assistance Program. (Chapter 2, Section 3 of this booklet has the phone numbers for this program.)

Section 6. Your medical care: How to ask for a coverage decision or make an appeal

Have you read Section 5 of this chapter (A Guide to the Basics of Coverage Decisions and Appeals)? If not, you may want to read it before you start this section.

Section 6.1

This section tells what to do if you have problems getting coverage for medical care or if you want us to pay you back for your care

This section is about your benefits for medical care and services. These benefits are described in Chapter 4 of this booklet, *Benefits chart (What is covered)*. To keep things simple, we generally refer to “medical care coverage” or “medical care” in the rest of this section, instead of repeating “medical care or treatment or services” every time.

This section tells what you can do if you are in any of the five following situations:

1. You are not getting certain medical care you want, and you believe that this care is covered by our plan.
2. Our plan will not approve the medical care your doctor or other medical provider wants to give you, and you believe that this care is covered by the plan.
3. You have received medical care or services that you believe should be covered by the plan, but we have said we will not pay for this care.
4. You have received and paid for medical care or services that you believe should be covered by the plan, and you want to ask our plan to reimburse you for this care.
5. You are being told that coverage for certain medical care you have been getting that we previously approved will be reduced or stopped, and you believe that reducing or stopping this care could harm your health.
 - **Note: If the coverage that will be stopped is for hospital care, home health care, skilled**

nursing facility care or Comprehensive Outpatient Rehabilitation Facility (CORF) services, you need to read a separate section of this chapter because special rules apply to these types of care. Here's what to read in those situations:

- Chapter 9, Section 8: *How to ask us to cover a longer inpatient hospital stay if you think the doctor is discharging you too soon.*
- Chapter 9, Section 9: *How to ask us to keep covering certain medical services if you think your coverage is ending too soon.* This section is about three services only: home health care, skilled nursing facility care and Comprehensive Outpatient Rehabilitation Facility (CORF) services.
- For *all other* situations that involve being told that medical care you have been getting will be stopped, use this section (Section 6) as your guide for what to do.

Which of these situations are you in?	
If you are in this situation:	This is what you can do:
Do you want to find out whether we will cover the medical care or services you want?	You can ask us to make a coverage decision for you. Go to the next section of this chapter, Section 6.2 .
Have we already told you that we will not cover or pay for a medical service in the way that you want it to be covered or paid for?	You can make an appeal . (This means you are asking us to reconsider.) Skip ahead to Section 6.3 of this chapter.
Do you want to ask us to pay you back for medical care or services you have already received and paid for?	You can send us the bill. Skip ahead to Section 6.5 of this chapter.

Section 6.2

Step-by-step: How to ask for a coverage decision (how to ask our plan to authorize or provide the medical care coverage you want)

Legal Terms When a coverage decision involves your medical care, it is called an **“organization determination.”**

Step 1: You ask our plan to make a coverage decision on the medical care you are requesting. If your health requires a quick response, you should ask us to make a **“fast coverage decision.”**

Legal Terms A “fast coverage decision” is called an **“expedited determination.”**

How to request coverage for the medical care you want

- Start by calling, writing or faxing our plan to make your request for us to authorize or provide coverage for the medical care you want. You, your doctor or your representative can do this.
- For the details on how to contact us, go to Chapter 2, Section 1 and look for the topic called *How to contact us when you are asking for a coverage decision.*

Generally we use the standard deadlines for giving you our decision

When we give you our decision, we will use the “standard” deadlines, unless we have agreed to use the “fast” deadlines. **A standard coverage decision means we will give you an answer within 14 calendar days** after we receive your request.

- **However, we can take up to 14 more calendar days** if you ask for more time, or if we need

information (such as medical records from out-of-network providers) that may benefit you. If we decide to take extra days to make the decision, we will tell you in writing.

- If you believe we should *not* take extra days, you can file a “fast complaint” about our decision to take extra days. When you file a fast complaint, we will give you an answer to your complaint within 24 hours. (The process for making a complaint is different from the process for coverage decisions and appeals. For more information about the process for making complaints, including fast complaints, see Section 11 of this chapter.)

If your health requires it, ask us to give you a fast coverage decision

- **A fast coverage decision means we will answer within 72 hours.**
 - **However, we can take up to 14 more calendar days** if we find that some information that may benefit you is missing (such as medical records from out-of-network providers), or if you need time to get information to us for the review. If we decide to take extra days, we will tell you in writing.
 - If you believe we should *not* take extra days, you can file a “fast complaint” about our decision to take extra days. (For more information about the process for making complaints, including fast complaints, see Section 11 of this chapter.) We will call you as soon as we make the decision.
- **To get a fast coverage decision, you must meet two requirements:**
 - You can get a fast coverage decision *only* if you are asking for coverage for medical care *you have not yet received.* (You cannot get a fast coverage decision if your request is about payment for medical care you have already received.)
 - You can get a fast coverage decision only if using the standard deadlines could *cause*

serious harm to your health or hurt your ability to function.

- **If your doctor tells us that your health requires a “fast coverage decision,” we will automatically agree to give you a fast coverage decision.**
- If you ask for a fast coverage decision on your own, without your doctor's support, we will decide whether your health requires that we give you a fast coverage decision.
 - If we decide that your medical condition does not meet the requirements for a fast coverage decision, we will send you a letter that says so (and we will use the standard deadlines instead).
 - This letter will tell you that if your doctor asks for the fast coverage decision, we will automatically give a fast coverage decision.
 - The letter will also tell how you can file a “fast complaint” about our decision to give you a standard coverage decision, instead of the fast coverage decision you requested. (For more information about the process for making complaints, including fast complaints, see Section 11 of this chapter.)

Step 2: We consider your request for medical care coverage and give you our answer.

Deadlines for a “fast” coverage decision

- Generally, for a fast coverage decision, we will give you our answer **within 72 hours**.
 - As explained above, we can take up to 14 more calendar days under certain circumstances. If we decide to take extra days to make the coverage decision, we will tell you in writing.
 - If you believe we should not take extra days, you can file a “fast complaint” about our decision to take extra days. When you file a fast complaint, we will give you an answer to your complaint within 24 hours. (For more information about the process for making

complaints, including fast complaints, see Section 11 of this chapter.)

- If we do not give you our answer within 72 hours (or if there is an extended time period, by the end of that period), you have the right to appeal. Section 6.3 below tells how to make an appeal.
- **If our answer is yes to part or all of what you requested**, we must authorize or provide the medical care coverage we have agreed to provide within 72 hours after we received your request. If we extended the time needed to make our coverage decision, we will authorize or provide the coverage by the end of that extended period.
- **If our answer is no to part or all of what you requested**, we will send you a detailed written explanation as to why we said no.

Deadlines for a “standard” coverage decision

- Generally, for a standard coverage decision, we will give you our answer **within 14 calendar days of receiving your request**.
 - We can take up to 14 more calendar days (“an extended time period”) under certain circumstances. If we decide to take extra days to make the coverage decision, we will tell you in writing.
 - If you believe we should *not* take extra days, you can file a “fast complaint” about our decision to take extra days. When you file a fast complaint, we will give you an answer to your complaint within 24 hours. (For more information about the process for making complaints, including fast complaints, see Section 11 of this chapter.)
 - If we do not give you our answer within 14 calendar days (or if there is an extended time period, by the end of that period), you have the right to appeal. Section 6.3 below tells how to make an appeal.

- **If our answer is yes to part or all of what you requested**, we must authorize or provide the coverage we have agreed to provide within 14 calendar days after we received your request. If we extended the time needed to make our coverage decision, we will authorize or provide the coverage by the end of that extended period.
- **If our answer is no to part or all of what you requested**, we will send you a written statement that explains why we said no.

Step 3: If we say no to your request for coverage for medical care, you decide if you want to make an appeal.

- If we say no, you have the right to ask us to reconsider – and perhaps change – this decision by making an appeal. Making an appeal means making another try to get the medical care coverage you want.
- If you decide to make an appeal, it means you are going on to Level 1 of the appeals process. (See Section 6.3 below.).

Section 6.3

Step-by-step: How to make a Level 1 Appeal (how to ask for a review of a medical care coverage decision made by our plan)

Legal Terms An appeal to the plan about a medical care coverage decision is called a plan **“reconsideration.”**

Step 1: You contact us and make your appeal. If your health requires a quick response, you must ask for a “fast appeal.”

What to do

- **To start an appeal, you, your doctor or your representative, must contact us.** For details on how to reach us for any purpose related to your appeal, go to Chapter 2, Section 1 and look for a topic called, *How to contact us when you are making an appeal.*
- **If you are asking for a standard appeal, make your standard appeal in writing by submitting a request.**
 - If you have someone appealing our decision for you other than your doctor, your appeal must include an Appointment of Representative form authorizing this person to represent you. (To get the form, call Customer Service at the phone numbers printed on the back cover of this booklet and ask for the “Appointment of Representative” form. It is also available on Medicare’s website at <https://www.cms.hhs.gov/cmsforms/downloads/cms1696.pdf>.) While we can accept an appeal request without the form, we cannot begin or complete our review until we receive it. If we do not receive the form within 44 calendar days after receiving your appeal request (our deadline for making a decision on your appeal), your appeal request will be dismissed. If this happens, we will send you a written notice explaining your right to ask the Independent Review Organization to review our decision to dismiss your appeal.
- **If you are asking for a fast appeal, make your appeal in writing or call us** at the phone number shown in Chapter 2, Section 1, and look for a topic called, *How to contact us when you are making an appeal.*
- **You must make your appeal request within 60 calendar days** from the date on the written notice we sent to tell you our answer to your request for a coverage decision. If you miss this deadline and have a good reason for missing it, we may give you more time to make your

appeal. Examples of good cause for missing the deadline may include if you had a serious illness that prevented you from contacting us or if we provided you with incorrect or incomplete information about the deadline for requesting an appeal.

- **You can ask for a copy of the information regarding your medical decision and add more information to support your appeal.**
 - You have the right to ask us for a copy of the information regarding your appeal. We are allowed to charge a fee for copying and sending this information to you.
 - If you wish, you and your doctor may give us additional information to support your appeal.

If your health requires it, ask for a “fast appeal” (you can make a request by calling us)

Legal Terms A “fast appeal” is also called an **“expedited reconsideration.”**

- If you are appealing a decision we made about coverage for care you have not yet received, you and/or your doctor will need to decide if you need a “fast appeal.”
- The requirements and procedures for getting a “fast appeal” are the same as those for getting a “fast coverage decision.” To ask for a fast appeal, follow the instructions for asking for a fast coverage decision. (These instructions are given earlier in this section.)
- If your doctor tells us that your health requires a “fast appeal,” we will give you a fast appeal.

Step 2: We consider your appeal and we give you our answer.

- When we are reviewing your appeal, we take another careful look at all of the information about your request for coverage of medical care.

We check to see if we were following all the rules when we said no to your request.

- We will gather more information if we need it. We may contact you or your doctor to get more information.

Deadlines for a “fast” appeal

- When we are using the fast deadlines, we must give you our answer **within 72 hours after we receive your appeal.** We will give you our answer sooner if your health requires us to do so.
 - However, if you ask for more time, or if we need to gather more information that may benefit you, **we can take up to 14 more calendar days.** If we decide to take extra days to make the decision, we will tell you in writing.
 - If we do not give you an answer within 72 hours (or by the end of the extended time period if we took extra days), we are required to automatically send your request on to Level 2 of the appeals process, where it will be reviewed by an independent organization. Later in this section, we tell you about this organization and explain what happens at Level 2 of the appeals process.
- **If our answer is yes to part or all of what you requested,** we must authorize or provide the coverage we have agreed to provide within 72 hours after we receive your appeal.
- **If our answer is no to part or all of what you requested,** we will send you a written denial notice informing you that we have automatically sent your appeal to the Independent Review Organization for a Level 2 Appeal.

Deadlines for a “standard” appeal

- If we are using the standard deadlines, we must give you our answer **within 30 calendar days** after we receive your appeal if your appeal is about coverage for services you have not yet

received. We will give you our decision sooner if your health condition requires us to.

- However, if you ask for more time, or if we need to gather more information that may benefit you, **we can take up to 14 more calendar days.** If we decide to take extra days to make the decision, we will tell you in writing.
- If you believe we should *not* take extra days, you can file a “fast complaint” about our decision to take extra days. When you file a fast complaint, we will give you an answer to your complaint within 24 hours. For more information about the process for making complaints, including fast complaints, see Section 11 of this chapter.
- If we do not give you an answer by the deadline above (or by the end of the extended time period if we took extra days), we are required to send your request on to Level 2 of the appeals process, where it will be reviewed by an independent outside organization. Later in this section, we talk about this review organization and explain what happens at Level 2 of the appeals process.

- **If our answer is yes to part or all of what you requested,** we must authorize or provide the coverage we have agreed to provide within 30 calendar days after we receive your appeal.
- **If our answer is no to part or all of what you requested,** we will send you a written denial notice informing you that we have automatically sent your appeal to the Independent Review Organization for a Level 2 Appeal.

Step 3: If our plan says no to part or all of your appeal, your case will *automatically* be sent on to the next level of the appeals process.

- To make sure we were following all the rules when we said no to your appeal, **we are required to send your appeal to the**

Independent Review Organization. When we do this, it means that your appeal is going on to the next level of the appeals process, which is Level 2.

Section 6.4

Step-by-step: How a Level 2 Appeal is done

If we say no to your Level 1 Appeal, your case will *automatically* be sent on to the next level of the appeals process. During the Level 2 Appeal, the **Independent Review Organization** reviews our decision for your first appeal. This organization decides whether the decision we made should be changed.

Legal Terms The formal name for the “Independent Review Organization” is the “**Independent Review Entity.**” It is sometimes called the “**IRE.**”

Step 1: The Independent Review Organization reviews your appeal.

- **The Independent Review Organization is an independent organization that is hired by Medicare.** This organization is not connected with us and it is not a government agency. This organization is a company chosen by Medicare to handle the job of being the Independent Review Organization. Medicare oversees its work.
- We will send the information about your appeal to this organization. This information is called your “case file.” **You have the right to ask us for a copy of your case file.** We are allowed to charge you a fee for copying and sending this information to you.
- You have a right to give the Independent Review Organization additional information to support your appeal.

- Reviewers at the Independent Review Organization will take a careful look at all of the information related to your appeal.

If you had a “fast” appeal at level 1, you will also have a “fast” appeal at level 2

- If you had a fast appeal to our plan at Level 1, you will automatically receive a fast appeal at Level 2. The review organization must give you an answer to your Level 2 Appeal **within 72 hours** of when it receives your appeal.
- However, if the Independent Review Organization needs to gather more information that may benefit you, **it can take up to 14 more calendar days.**

If you had a “standard” appeal at level 1, you will also have a “standard” appeal at level 2

- If you had a standard appeal to our plan at Level 1, you will automatically receive a standard appeal at Level 2. The review organization must give you an answer to your Level 2 Appeal **within 30 calendar days** of when it receives your appeal.
- However, if the Independent Review Organization needs to gather more information that may benefit you, **it can take up to 14 more calendar days.**

Step 2: The Independent Review Organization gives you their answer.

The Independent Review Organization will tell you its decision in writing and explain the reasons for it.

- **If the review organization says yes to part or all of what you requested**, we must authorize the medical care coverage **within 72 hours** or provide the service within 14 calendar days after we receive the decision from the review organization for standard requests or within 72 hours from the date the plan receives the

decision from the review organization for expedited requests.

- **If this organization says no to part or all of your appeal**, it means they agree with our plan that your request (or part of your request) for coverage for medical care should not be approved. (This is called “upholding the decision.” It is also called “turning down your appeal.”)
 - If the Independent Review Organization “upholds the decision” you have the right to a Level 3 appeal. However, to make another appeal at Level 3, the dollar value of the medical care coverage you are requesting must meet a certain minimum. If the dollar value of the coverage you are requesting is too low, you cannot make another appeal, which means that the decision at Level 2 is final. The written notice you get from the Independent Review Organization will tell you how to find out the dollar amount to continue the appeals process.

Step 3: If your case meets the requirements, you choose whether you want to take your appeal further.

- There are three additional levels in the appeals process after Level 2 (for a total of five levels of appeal).
- If your Level 2 Appeal is turned down and you meet the requirements to continue with the appeals process, you must decide whether you want to go on to Level 3 and make a third appeal. The details on how to do this are in the written notice you got after your Level 2 Appeal.
- The Level 3 Appeal is handled by an Administrative Law Judge. Section 10 in this chapter tells more about Levels 3, 4 and 5 of the appeals process.

Section 6.5

What if you are asking us to pay you back for a bill you have received for medical care?

If you want to ask us for payment for medical care, start by reading Chapter 7 of this booklet, *Asking us to pay a bill you have received for covered medical services or drugs*. Chapter 7 describes the situations in which you may need to ask for reimbursement or to pay a bill you have received from a provider. It also tells how to send us the paperwork that asks us for payment.

Asking for reimbursement is asking for a coverage decision from us

If you send us the paperwork that asks for reimbursement, you are asking us to make a coverage decision. (For more information about coverage decisions, see Section 5.1 of this chapter.) To make this coverage decision, we will check to see if the medical care you paid for is a covered service. See Chapter 4, *Benefits chart (what is covered)*.

We will also check to see if you followed all the rules for using your coverage for medical care. (*These rules are given in Chapter 3 of this booklet, Using the plan's coverage for your medical services.*)

We will say yes or no to your request

- If the medical care you paid for is covered and you followed all the rules, we will send you the payment for your medical care within 60 calendar days after we receive your request. Or, if you haven't paid for the services, we will send the payment directly to the provider. (When we send the payment, it's the same as saying yes to your request for a coverage decision.)
- If the medical care is *not* covered, or you did *not* follow all the rules, we will not send payment. Instead, we will send you a letter that says we will not pay for the services and the reasons why

in detail. (When we turn down your request for payment, it's the same as saying no to your request for a coverage decision.)

What if you ask for payment and we say that we will not pay?

If you do not agree with our decision to turn you down, **you can make an appeal**. If you make an appeal, it means you are asking us to change the coverage decision we made when we turned down your request for payment.

To make this appeal, follow the process for appeals that we describe in Section 5.3. Go to this section for step-by-step instructions. When you are following these instructions, please note:

- If you make an appeal for reimbursement, we must give you our answer **within 60 calendar days** after we receive your appeal. (If you are asking us to pay you back for medical care you have already received and paid for yourself, you are not allowed to ask for a fast appeal.)
- If the Independent Review Organization reverses our decision to deny payment, we must send the payment you have requested to you or to the provider within 30 calendar days. If the answer to your appeal is yes at any stage of the appeals process after Level 2, we must send the payment you requested to you or to the provider within 60 calendar days.

Section 7. Your Part D prescription drugs: How to ask for a coverage decision or make an appeal

Have you read Section 5 of this chapter (*A guide to the basics of coverage decisions and appeals*)? If not, you may want to read it before you start this section.

Section 7.1

This section tells you what to do if you have problems getting a Part D drug or you want us to pay you back for a Part D drug

Your benefits as a member of our plan include coverage for many prescription drugs. Please refer to our plan's List of Covered Drugs (Formulary). To be covered, the drug must be used for a medically accepted indication. (A "medically accepted indication" is a use of the drug that is either approved by the Food and Drug Administration or supported by certain reference books. See Chapter 5, Section 3 for more information about a medically accepted indication.)

- **This section is about your Part D drugs only.** To keep things simple, we generally say "drug" in the rest of this section, instead of repeating "covered outpatient prescription drug" or "Part D drug" every time.
- For details about what we mean by Part D drugs, the *List of Covered Drugs (Formulary)*, rules and restrictions on coverage and cost information, see Chapter 5 (*Using our plan's coverage for your Part D prescription drugs*) and Chapter 6 (*What you pay for your Part D prescription drugs*).

Part D coverage decisions and appeals

As discussed in Section 5 of this chapter, a coverage decision is a decision we make about your benefits

and coverage or about the amount we will pay for your drugs.

Legal Terms An initial coverage decision about your Part D drugs is called a "coverage determination."

Here are examples of coverage decisions you ask us to make about your Part D drugs:

- You ask us to make an exception, including:
 - Asking us to cover a Part D drug that is not on the plan's List of Covered Drugs (Formulary)
 - Asking us to waive a restriction on the plan's coverage for a drug (such as limits on the amount of the drug you can get)
- You ask us whether a drug is covered for you and whether you meet the requirements for coverage. (For example, when your drug is on the plan's *List of Covered Drugs (Formulary)* but we require you to get approval from us before we will cover it for you.)
 - **Please note:** If your pharmacy tells you that your prescription cannot be filled as written, you will get a written notice explaining how to contact us to ask for a coverage decision.
- You ask us to pay for a prescription drug you already bought. This is a request for a coverage decision about payment.

If you disagree with a coverage decision we have made, you can appeal our decision.

This section tells you both how to ask for coverage decisions and how to request an appeal. Use the chart below to help you determine which part has information for your situation:

<i>Which of these situations are you in?</i>	
If you are in this situation:	This is what you can do:
Do you need a drug that isn't on our Drug List or need us to waive a rule or restriction on a drug we cover?	You can ask us to make an exception. (This is a type of coverage decision.) Start with Section 7.2 of this chapter.
Do you want us to cover a drug on our Drug List and you believe you meet any plan rules or restrictions (such as getting approval in advance) for the drug you need?	You can ask us for a coverage decision. Skip ahead to Section 7.4 of this chapter.
Do you want to ask us to pay you back for a drug you have already received and paid for?	You can ask us to pay you back. (This is a type of coverage decision.) Skip ahead to Section 7.4 of this chapter
Have we already told you that we will not cover or pay for a drug in the way that you want it to be covered or paid for?	You can make an appeal. (This means you are asking us to reconsider.) Skip ahead to Section 7.5 of this chapter.

Section 7.2

What is an exception?

If a drug is not covered in the way you would like it to be covered, you can ask us to make an "exception." An exception is a type of coverage decision. Similar to other types of coverage decisions, if we turn down your request for an exception, you can appeal our decision.

When you ask for an exception, your doctor or other prescriber will need to explain the medical reasons why you need the exception approved. We will then consider your request.

Here are two examples of exceptions that you or your doctor can ask us to make:

- 1. Covering a Part D drug for you that is not on our *List of Covered Drugs (Formulary)*.** (We call it the "Drug List" for short.)

Legal Terms Asking for coverage of a drug that is not on the Drug List is sometimes called asking for a "formulary exception."

- If we agree to make an exception and cover a drug that is not on the Drug List, you will need to pay the cost-sharing amount that applies to Tier 4: Nonpreferred Drugs. You cannot ask for an exception to the copayment or coinsurance amount we require you to pay for the drug.
- 2. Removing a restriction on our coverage for a covered drug.** There are extra rules or restrictions that apply to certain drugs on our List of Covered Drugs (Formulary). (For more information, go to Chapter 5 and look for Section 4.)

Legal Terms Asking for removal of a restriction on coverage for a drug is sometimes called asking for a “formulary exception.”

- The extra rules and restrictions on coverage for certain drugs include:
 - *Being required to use the generic version of a drug instead of the brand-name drug.*
 - *Getting plan approval in advance before we will agree to cover the drug for you. (This is sometimes called “prior authorization.”)*
 - *Being required to try a different drug first before we will agree to cover the drug you are asking for. (This is sometimes called “step therapy.”)*
 - *Quantity limits.* For some drugs, there are restrictions on the amount of the drug you can have.

Section 7.3

Important things to know about asking for exceptions

Your doctor must tell us the medical reasons

Your doctor or other prescriber must give us a statement that explains the medical reasons for requesting an exception. For a faster decision, include this medical information from your doctor or other prescriber when you ask for the exception.

Typically, our *Drug List* includes more than one drug for treating a particular condition. These different possibilities are called “alternative” drugs. If an alternative drug would be just as effective as the drug you are requesting and would not cause more side effects or other health problems, we will generally *not* approve your request for an exception. If you ask us for a tiering exception, we

will generally not approve your request for an exception unless all the alternative drugs in the lower cost-sharing tier(s) won’t work as well for you.

We can say yes or no to your request

- If we approve your request for an exception, our approval usually is valid until the end of the plan year. This is true as long as your doctor continues to prescribe the drug for you and that drug continues to be safe and effective for treating your condition.
- If we say no to your request for an exception, you can ask for a review of our decision by making an appeal. *Section 7.5 tells how to make an appeal if we say no.*

The next section tells you how to ask for a coverage decision, including an exception.

Section 7.4

Step-by-step: How to ask for a coverage decision, including an exception

Step 1: You ask us to make a coverage decision about the drug(s) or payment you need. If your health requires a quick response, you must ask us to make a “fast coverage decision.” You cannot ask for a fast coverage decision if you are asking us to pay you back for a drug you already bought.

What to do

- **Request the type of coverage decision you want.** Start by calling, writing or faxing us to make your request. You, your representative or your doctor (or other prescriber) can do this. You can also access the coverage decision process through our website. For the details go to Chapter 2, Section 1 and look for the section

called *How to contact us when you are asking for a coverage decision*. Or, if you are asking us to pay you back for a drug, go to the section called *Where to send a request that asks us to pay for our share of the cost for medical care or a drug you have received*.

- **You or your doctor or someone else who is acting on your behalf** can ask for a coverage decision. Section 5 of this chapter tells how you can give written permission to someone else to act as your representative. You can also have a lawyer act on your behalf.
- **If you want to ask us to pay you back for a drug**, start by reading Chapter 7 of this booklet, *Asking us to pay a bill you have received for covered medical services or drugs*. Chapter 7 describes the situations in which you may need to ask for reimbursement. It also tells how to send us the paperwork that asks us to pay you back for our share of the cost of a drug you have paid for.
- **If you are requesting an exception, provide the “supporting statement.”** Your doctor or other prescriber must give us the medical reasons for the drug exception you are requesting. (We call this the “supporting statement.”) Your doctor or other prescriber can fax or mail the statement to us. Or your doctor or other prescriber can tell us on the phone and follow up by faxing or mailing a written statement if necessary. See Section 6.2 and Section 6.3 for more information about exception requests.
- **We must accept any written request**, including a request submitted on the CMS Model Coverage Determination Request Form, which is available on our website.

If your health requires it, ask us to give you a fast coverage decision

Legal Terms A “fast coverage decision” is called an “expedited coverage determination.”

- When we give you our decision, we will use the “standard” deadlines unless we have agreed to use the “fast” deadlines. A standard coverage decision means we will give you an answer within 72 hours after we receive your doctor’s statement. A fast coverage decision means we will answer within 24 hours after we receive your doctor’s statement.
- **To get a fast coverage decision, you must meet two requirements:**
 - You can get a fast coverage decision *only* if you are asking for a *drug you have not yet received*. (You cannot get a fast coverage decision if you are asking us to pay you back for a drug you have already bought.)
 - You can get a fast coverage decision *only* if using the standard deadlines could *cause serious harm to your health or hurt your ability to function*.
- **If your doctor or other prescriber tells us that your health requires a “fast coverage decision,” we will automatically agree to give you a fast coverage decision.**
- If you ask for a fast coverage decision on your own (without your doctor's or other prescriber's support, we will decide whether your health requires that we give you a fast coverage decision.
 - If we decide that your medical condition does not meet the requirements for a fast coverage decision, we will send you a letter that says so (and we will use the standard deadlines instead).
 - This letter will tell you that if your doctor or other prescriber asks for the fast coverage decision, we will automatically give a fast coverage decision.
 - The letter will also tell how you can file a complaint about our decision to give you a standard coverage decision, instead of the fast coverage decision you requested. It tells how to file a “fast” complaint, which means you would get our answer to your complaint

Chapter 9. What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

within 24 hours of receiving the complaint. (The process for making a complaint is different from the process for coverage decisions and appeals. For more information about the process for making complaints, see Section 11 of this chapter.)

Step 2: We consider your request and we give you our answer.

Deadlines for a fast coverage decision

- If we are using the fast deadlines, we must give you our answer **within 24 hours**.
 - Generally, this means within 24 hours after we receive your request. If you are requesting an exception, we will give you our answer within 24 hours after we receive your doctor’s statement supporting your request. We will give you our answer sooner if your health requires us to.
 - If we do not meet this deadline, we are required to send your request on to Level 2 of the appeals process, where it will be reviewed by an independent outside organization. Later in this section, we talk about this review organization and explain what happens at Appeal Level 2.
- **If our answer is yes to part or all of what you requested**, we must provide the coverage we have agreed to provide within 24 hours after we receive your request or doctor’s statement supporting your request.
- **If our answer is no to part or all of what you requested**, we will send you a written statement that explains why we said no. We will also tell you how to appeal.

Deadlines for a “standard” coverage decision about a drug you have not yet received

- If we are using the standard deadlines, we must give you our answer **within 72 hours**.

- Generally, this means within 72 hours after we receive your request. If you are requesting an exception, we will give you our answer within 72 hours after we receive your doctor’s statement supporting your request. We will give you our answer sooner if your health requires us to.
- If we do not meet this deadline, we are required to send your request on to Level 2 of the appeals process, where it will be reviewed by an independent organization. Later in this section, we talk about this review organization and explain what happens at Appeal Level 2.
- **If our answer is yes to part or all of what you requested:**
 - If we approve your request for coverage, we must provide the coverage we have agreed to provide **within 72 hours** after we receive your request or doctor's statement supporting your request.
- **If our answer is no to part or all of what you requested**, we will send you a written statement that explains why we said no. We will also tell you how to appeal.

Deadlines for a “standard” coverage decision about payment for a drug you have already bought

- We must give you our answer **within 14 calendar days** after we receive your request.
 - If we do not meet this deadline, we are required to send your request on to Level 2 of the appeals process, where it will be reviewed by an independent organization. Later in this section, we talk about this review organization and explain what happens at Appeal Level 2.
- **If our answer is yes to part or all of what you requested**, we are also required to make payment to you within 14 calendar days after we receive your request.

- **If our answer is no to part or all of what you requested**, we will send you a written statement that explains why we said no. We will also tell you how to appeal.

Step 3: If we say no to your coverage request, you decide if you want to make an appeal.

- If we say no, you have the right to request an appeal. Requesting an appeal means asking us to reconsider – and possibly change – the decision we made.

Section 7.5

Step-by-step: How to make a Level 1 Appeal (how to ask for a review of a coverage decision made by our plan)

Legal Terms An appeal to the plan about a Part D drug coverage decision is called a plan “redetermination.”

Step 1: You contact us and make your Level 1 Appeal. If your health requires a quick response, you must ask for a “fast appeal.”

What to do

- **To start your appeal**, you (or your representative or your doctor or other prescriber) must contact us.
 - For details on how to reach us by phone, fax, mail or on our website, for any purpose related to your appeal, go to Chapter 2, Section 1, and look for the section called, *How to contact us when you are making an appeal.*

- **If you are asking for a standard appeal, make your appeal by submitting a written request.**
- **If you are asking for a fast appeal, you may make your appeal in writing or you may call us** at the phone number shown in Chapter 2, Section 1, *How to contact us when you are making an appeal.*
- **We must accept any written request**, including a request submitted on the CMS Model Coverage Determination Request Form, which is available on our website.
- **You must make your appeal request within 60 calendar days** from the date on the written notice we sent to tell you our answer to your request for a coverage decision. If you miss this deadline and have a good reason for missing it, we may give you more time to make your appeal. Examples of good cause for missing the deadline may include if you had a serious illness that prevented you from contacting us or if we provided you with incorrect or incomplete information about the deadline for requesting an appeal.
- **You can ask for a copy of the information in your appeal and add more information.**
 - You have the right to ask us for a copy of the information regarding your appeal. We are allowed to charge a fee for copying and sending this information to you.
 - If you wish, you and your doctor or other prescriber may give us additional information to support your appeal.

If your health requires it, ask for a “fast appeal”

Legal Terms A “fast appeal” is also called an “expedited redetermination.”

- If you are appealing a decision we made about a drug you have not yet received, you and your doctor or other prescriber will need to decide if you need a “fast appeal.”

Chapter 9. What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

- The requirements for getting a “fast appeal” are the same as those for getting a “fast coverage decision” in Section 7.4 of this chapter.

Step 2: We consider your appeal and we give you our answer.

- When we are reviewing your appeal, we take another careful look at all of the information about your coverage request. We check to see if we were following all the rules when we said no to your request. We may contact you or your doctor or other prescriber to get more information.

Deadlines for a “fast” appeal

- If we are using the fast deadlines, we must give you our answer **within 72 hours after we receive your appeal**. We will give you our answer sooner if your health requires it.
 - If we do not give you an answer within 72 hours, we are required to send your request on to Level 2 of the appeals process, where it will be reviewed by an Independent Review Organization. Later in this section, we talk about this review organization and explain what happens at Level 2 of the appeals process.
- **If our answer is yes to part or all of what you requested**, we must provide the coverage we have agreed to provide within 72 hours after we receive your appeal.
- **If our answer is no to part or all of what you requested**, we will send you a written statement that explains why we said no and how to appeal our decision.

Deadlines for a “standard” appeal

- If we are using the standard deadlines, we must give you our answer **within seven calendar days** after we receive your appeal. We will give you our decision sooner if you have not received the drug yet and your health condition requires us

to do so. If you believe your health requires it, you should ask for a “fast” appeal.

- If we do not give you a decision within seven calendar days, we are required to send your request on to Level 2 of the appeals process, where it will be reviewed by an Independent Review Organization. Later in this section, we tell about this review organization and explain what happens at Level 2 of the appeals process.
- **If our answer is yes to part or all of what you requested:**
 - If we approve a request for coverage, we must **provide the coverage** we have agreed to provide as quickly as your health requires, but **no later than seven calendar days** after we receive your appeal.
 - If we approve a request to pay you back for a drug you already bought, we are required to **send payment to you within 30 calendar days** after we receive your appeal request.
- **If our answer is no to part or all of what you requested**, we will send you a written statement that explains why we said no and how to appeal our decision.

Step 3: If we say no to your appeal, you decide if you want to continue with the appeals process and make another appeal.

- If we say no to your appeal, you then choose whether to accept this decision or continue by making another appeal.
- If you decide to make another appeal, it means your appeal is going on to Level 2 of the appeals process (*see below*).

Section 7.6

Step-by-step: How to make a Level 2 Appeal

If we say no to your appeal, you then choose whether to accept this decision or continue by

making another appeal. If you decide to go on to a Level 2 Appeal, the **Independent Review Organization** reviews the decision we made when we said no to your first appeal. This organization decides whether the decision we made should be changed.

Legal Terms The formal name for the “Independent Review Organization” is the “Independent Review Entity.” It is sometimes called the “IRE.”

Step 1: To make a Level 2 Appeal, you (or your representative or your doctor or other prescriber) must contact the Independent Review Organization and ask for a review of your case.

- If we say no to your Level 1 Appeal, the written notice we send you will include **instructions on how to make a Level 2 Appeal** with the Independent Review Organization. These instructions will tell who can make this Level 2 Appeal, what deadlines you must follow and how to reach the review organization.
- When you make an appeal to the Independent Review Organization, we will send the information we have about your appeal to this organization. This information is called your “case file.” **You have the right to ask us for a copy of your case file.** We are allowed to charge you a fee for copying and sending this information to you.
- You have a right to give the Independent Review Organization additional information to support your appeal.

Step 2: The Independent Review Organization does a review of your appeal and gives you an answer.

- **The Independent Review Organization is an independent organization that is hired by**

Medicare. This organization is not connected with us and it is not a government agency. This organization is a company chosen by Medicare to review our decisions about your Part D benefits with us.

- Reviewers at the Independent Review Organization will take a careful look at all of the information related to your appeal. The organization will tell you its decision in writing and explain the reasons for it.

Deadlines for a “fast” appeal at level 2

- If your health requires it, ask the Independent Review Organization for a fast appeal.
- If the review organization agrees to give you a fast appeal, the review organization must give you an answer to your Level 2 Appeal **within 72 hours** after it receives your appeal request.
- **If the Independent Review Organization says yes to part or all of what you requested, we must provide the drug coverage that was approved by the review organization within 24 hours** after we receive the decision from the review organization.

Deadlines for a “standard” appeal at level 2

- If you have a standard appeal at Level 2, the review organization must give you an answer to your Level 2 Appeal **within 7 calendar days** after it receives your appeal.
- **If the Independent Review Organization says yes to part or all of what you requested:**
 - If the Independent Review Organization approves a request for coverage, we must **provide the drug coverage** that was approved by the review organization **within 72 hours** after we receive the decision from the review organization.
 - If the Independent Review Organization approves a request to pay you back for a drug you already bought, we are required to **send payment to you within 30 calendar days**

after we receive the decision from the review organization.

What if the review organization says no to your appeal?

If this organization says no to your appeal, it means the organization agrees with our decision not to approve your request. (This is called “upholding the decision.” It is also called “turning down your appeal.”)

If the Independent Review Organization “upholds the decision” you have the right to a Level 3 appeal. However, to make another appeal at Level 3, the dollar value of the drug coverage you are requesting must meet a minimum amount. If the dollar value of the drug coverage you are requesting is too low, you cannot make another appeal and the decision at Level 2 is final. The notice you get from the Independent Review Organization will tell you the dollar value that must be in dispute to continue with the appeals process.

Step 3: If the dollar value of the coverage you are requesting meets the requirement, you choose whether you want to take your appeal further.

- There are three additional levels in the appeals process after Level 2 (for a total of five levels of appeal).
- If your Level 2 Appeal is turned down and you meet the requirements to continue with the appeals process, you must decide whether you want to go on to Level 3 and make a third appeal. If you decide to make a third appeal, the details on how to do this are in the written notice you got after your second appeal.
- The Level 3 Appeal is handled by an Administrative Law Judge. Section 10 in this chapter tells more about Levels 3, 4 and 5 of the appeals process.

Section 8. How to ask us to cover a longer inpatient hospital stay if you think the doctor is discharging you too soon

When you are admitted to a hospital, you have the right to get all of your covered hospital services that are necessary to diagnose and treat your illness or injury. For more information about our coverage for your hospital care, including any limitations on this coverage, see Chapter 4 of this booklet, *Benefits Chart (What is covered)*.

During your covered hospital stay, your doctor and the hospital staff will be working with you to prepare for the day when you will leave the hospital. They will also help arrange for care you may need after you leave.

- The day you leave the hospital is called your “**discharge date.**”
- When your discharge date has been decided, your doctor or the hospital staff will let you know.
- If you think you are being asked to leave the hospital too soon, you can ask for a longer hospital stay and your request will be considered. This section tells you how to ask.

Section 8.1

During your inpatient hospital stay, you will get a written notice from Medicare that tells about your rights

During your covered hospital stay, you will be given a written notice called *An Important Message from Medicare about Your Rights*. Everyone with Medicare gets a copy of this notice whenever they are admitted to a hospital. Someone at the hospital (for example, a caseworker or nurse) must give it

to you within two days after you are admitted. If you do not get the notice, ask any hospital employee for it. If you need help, please call Customer Service (phone numbers are printed on the back cover of this booklet). You can also call 1-800-MEDICARE (1-800-633-4227), 24 hours a day, seven days a week. TTY users should call 1-877-486-2048.

1. Read this notice carefully and ask questions if you don't understand it. It tells you about your rights as a hospital patient, including:

- Your right to receive Medicare-covered services during and after your hospital stay, as ordered by your doctor. This includes the right to know what these services are, who will pay for them and where you can get them.
- Your right to be involved in any decisions about your hospital stay and know who will pay for it.
- Where to report any concerns you have about the quality of your hospital care.
- Your right to appeal your discharge decision if you think you are being discharged from the hospital too soon.

Legal Terms The written notice from Medicare tells you how you can “request an immediate review.” Requesting an immediate review is a formal, legal way to ask for a delay in your discharge date so that we will cover your hospital care for a longer time. (*Section 8.2 below tells you how you can request an immediate review.*)

2. You must sign the written notice to show that you received it and understand your rights.

- You or someone who is acting on your behalf must sign the notice. (Section 5 of this chapter tells how you can give written

permission to someone else to act as your representative.)

- Signing the notice shows *only* that you have received the information about your rights. The notice does not give your discharge date (your doctor or hospital staff will tell you your discharge date). Signing the notice **does not mean** you are agreeing on a discharge date.

3. Keep your copy of the signed notice so you will have the information about making an appeal (or reporting a concern about quality of care) handy if you need it.

- If you sign the notice more than two days before the day you leave the hospital, you will get another copy before you are scheduled to be discharged.
- To look at a copy of this notice in advance, you can call Customer Service (phone numbers are printed on the back cover of this booklet) or 1-800-MEDICARE (1-800-633-4227), 24 hours a day, seven days a week. TTY users should call 1-877-486-2048. You can also see it online at <https://www.cms.gov/Medicare/Medicare-General-Information/BNI/HospitalDischargeAppealNotices.html>.

Section 8.2

Step-by-step: How to make a Level 1 Appeal to change your hospital discharge date

If you want to ask for your inpatient hospital services to be covered by us for a longer time, you will need to use the appeals process to make this request. Before you start, understand what you need to do and what the deadlines are.

- **Follow the process.** Each step in the first two levels of the appeals process is explained below.

- **Meet the deadlines.** The deadlines are important. Be sure that you understand and follow the deadlines that apply to things you must do.
- **Ask for help if you need it.** If you have questions or need help at any time, please call Customer Service (phone numbers are printed on the back cover of this booklet). Or, call your State Health Insurance Assistance Program, a government organization that provides personalized assistance. (See Section 2 of this chapter.)

During a Level 1 Appeal, the Quality Improvement Organization reviews your appeal. It checks to see if your planned discharge date is medically appropriate for you.

Step 1: Contact the Quality Improvement Organization for your state and ask for a fast review of your hospital discharge. You must act quickly.

A “fast review” is also called an “immediate review.”

What is the quality improvement organization?

This organization is a group of doctors and other health care professionals who are paid by the federal government. These experts are not part of our plan. This organization is paid by Medicare to check on and help improve the quality of care for people with Medicare. This includes reviewing hospital discharge dates for people with Medicare.

How can you contact this organization?

The written notice you received (*An Important Message from Medicare About Your Rights*) tells you how to reach this organization. (Or, find the name, address and phone number of the Quality Improvement Organization for your state in Chapter 2, Section 4 of this booklet.)

Act quickly

- To make your appeal, you must contact the Quality Improvement Organization *before* you leave the hospital and **no later than your planned discharge date.** (Your “planned discharge date” is the date that has been set for you to leave the hospital.)
 - If you meet this deadline, you are allowed to stay in the hospital *after* your discharge date *without paying for it* while you wait to get the decision on your appeal from the Quality Improvement Organization.
 - If you do *not* meet this deadline, and you decide to stay in the hospital after your planned discharge date, *you may have to pay all of the costs* for hospital care you receive after your planned discharge date.
- If you miss the deadline for contacting the Quality Improvement Organization about your appeal, you can make your appeal directly to our plan instead. *For details about this other way to make your appeal, see Section 8.4.*

Ask for a “fast review”

You must ask the Quality Improvement Organization for a “fast review” of your discharge. Asking for a “fast review” means you are asking for the organization to use the “fast” deadlines for an appeal, instead of using the standard deadlines.

Legal Terms A “fast review” is also called an “immediate review” or an “expedited review.”

Step 2: The Quality Improvement Organization conducts an independent review of your case.

What happens during this review?

- Health professionals at the Quality Improvement Organization (we will call them “the reviewers” for short) will ask you (or your representative)

why you believe coverage for the services should continue. You don't have to prepare anything in writing, but you may do so if you wish.

- The reviewers will also look at your medical information, talk with your doctor and review information that the hospital and we have given to them.
- By noon of the day after the reviewers informed our plan of your appeal, you will also get a written notice that gives your planned discharge date and explains in detail the reasons why your doctor, the hospital and we think it is right (medically appropriate) for you to be discharged on that date.

Legal Terms This written explanation is called the "Detailed Notice of Discharge." You can get a sample of this notice by calling Customer Service (phone numbers are printed on the back cover of this booklet) or 1-800-MEDICARE (1-800-633-4227), 24 hours a day, seven days a week. TTY users should call 1-877-486-2048. Or you can see a sample notice online at <https://www.cms.gov/Medicare/Medicare-General-Information/BNI/HospitalDischargeAppealNotices.html>.

Step 3: Within one full day after it has all the needed information, the Quality Improvement Organization will give you its answer to your appeal.

What happens if the answer is yes?

- If the review organization says *yes* to your appeal, we must keep providing your covered inpatient hospital services for as long as these services are medically necessary.

- You will have to keep paying your share of the costs (such as deductibles or copayments, if these apply). In addition, there may be limitations on your covered hospital services. (See Chapter 4 of this booklet.)

What happens if the answer is no?

- If the review organization says no to your appeal, they are saying that your planned discharge date is medically appropriate. If this happens, **our coverage for your inpatient hospital services will end** at noon on the day *after* the Quality Improvement Organization gives you its answer to your appeal.
- If the review organization says no to your appeal and you decide to stay in the hospital, then **you may have to pay the full cost** of hospital care you receive after noon on the day after the Quality Improvement Organization gives you its answer to your appeal.

Step 4: If the answer to your Level 1 Appeal is no, you decide if you want to make another appeal.

- If the Quality Improvement Organization has turned down your appeal, *and* you stay in the hospital after your planned discharge date, then you can make another appeal. Making another appeal means you are going on to level 2 of the appeals process.

Section 8.3

Step-by-step: How to make a Level 2 Appeal to change your hospital discharge date

If the Quality Improvement Organization has turned down your appeal, and you stay in the hospital after your planned discharge date, then you can make a Level 2 Appeal. During a Level 2 Appeal, you ask the Quality Improvement Organization to take another look at the decision they made on your

first appeal. If the Quality Improvement Organization turns down your Level 2 Appeal, you may have to pay the full cost for your stay after your planned discharge date.

Here are the steps for Level 2 of the appeal process:

Step 1: You contact the Quality Improvement Organization again and ask for another review.

- You must ask for this review **within 60 calendar days** after the day the Quality Improvement Organization said no to your Level 1 Appeal. You can ask for this review only if you stayed in the hospital after the date that your coverage for the care ended.

Step 2: The Quality Improvement Organization does a second review of your situation.

- Reviewers at the Quality Improvement Organization will take another careful look at all of the information related to your appeal.

Step 3: Within 14 calendar days of receipt of your request for a second review, the Quality Improvement Organization reviewers will decide on your appeal and tell you their decision.

If the review organization says yes

- **We must reimburse you** for our share of the costs of hospital care you have received since noon on the day after the date your first appeal was turned down by the Quality Improvement Organization. **We must continue providing coverage** for your inpatient hospital care for as long as it is medically necessary.
- You must continue to pay your share of the costs and coverage limitations may apply.

If the review organization says no

- It means they agree with the decision they made on your Level 1 Appeal and will not change it.
- The notice you get will tell you in writing what you can do if you wish to continue with the review process. It will give you the details about how to go on to the next level of appeal, which is handled by a judge.

Step 4: If the answer is no, you will need to decide whether you want to take your appeal further by going on to Level 3.

- There are three additional levels in the appeals process after Level 2 (for a total of five levels of appeal). If the review organization turns down your Level 2 Appeal, you can choose whether to accept that decision or whether to go on to Level 3 and make another appeal. At Level 3, your appeal is reviewed by a judge.
- Section 10 in this chapter tells more about Levels 3, 4 and 5 of the appeals process.

Section 8.4

What if you miss the deadline for making your Level 1 Appeal?

You can appeal to us instead

As explained above in Section 8.2, you must act quickly to contact the Quality Improvement Organization to start your first appeal of your hospital discharge. (“Quickly” means before you leave the hospital and no later than your planned discharge date.) If you miss the deadline for contacting this organization, there is another way to make your appeal.

If you use this other way of making your appeal, the first two levels of appeal are different.

Step-by-step: How to make a Level 1 Alternate Appeal

If you miss the deadline for contacting the Quality Improvement Organization, you can make an appeal to us, asking for a fast review. A fast review is an appeal that uses the fast deadlines instead of the standard deadlines.

Legal Terms A “fast review” (or “fast appeal”) is also called an “expedited appeal.”

Step 1: Contact us and ask for a fast review.

- For details on how to contact us, go to Chapter 2, Section 1 and look for the topic called *How to contact us when you are making an appeal*.
- **Be sure to ask for a “fast review.”** This means you are asking us to give you an answer using the “fast” deadlines rather than the “standard” deadlines.

Step 2: We do a fast review of your planned discharge date, checking to see if it was medically appropriate.

- During this review, we take a look at all of the information about your hospital stay. We check to see if your planned discharge date was medically appropriate. We will check to see if the decision about when you should leave the hospital was fair and followed all the rules.
- In this situation, we will use the “fast” deadlines rather than the standard deadlines for giving you the answer to this review.

Step 3: We give you our decision within 72 hours after you ask for a “fast review” (“fast appeal”).

- **If we say yes to your fast appeal**, it means we have agreed with you that you still need to be

in the hospital after the discharge date, and will keep providing your covered inpatient hospital services for as long as it is medically necessary. It also means that we have agreed to reimburse you for our share of the costs of care you have received since the date when we said your coverage would end. (You must pay your share of the costs, and there may be coverage limitations that apply.)

- **If we say no to your fast appeal**, we are saying that your planned discharge date was medically appropriate. Our coverage for your inpatient hospital services ends as of the day we said coverage would end.
- If you stayed in the hospital *after* your planned discharge date, then **you may have to pay the full cost** of hospital care you received after the planned discharge date.

Step 4: If we say no to your fast appeal, your case will *automatically* be sent on to the next level of the appeals process.

- To make sure we were following all the rules when we said no to your fast appeal, **we are required to send your appeal to the “Independent Review Organization.”** When we do this, it means that you are *automatically* going on to Level 2 of the appeals process.

Step-by-step: Level 2 Alternate Appeal process

If we say no to your Level 1 Appeal, your case will *automatically* be sent on to the next level of the appeals process. During the Level 2 Appeal, an **Independent Review Organization** reviews the decision we made when we said no to your fast appeal. This organization decides whether the decision we made should be changed.

Legal Terms The formal name for the “Independent Review Organization” is the “**Independent Review Entity.**” It is sometimes called the “IRE.”

Step 1: We will automatically forward your case to the Independent Review Organization.

- We are required to send the information for your Level 2 Appeal to the Independent Review Organization within 24 hours of when we tell you that we are saying no to your first appeal. (If you think we are not meeting this deadline or other deadlines, you can make a complaint. The complaint process is different from the appeal process. Section 11 of this chapter tells how to make a complaint.)

Step 2: The Independent Review Organization does a fast review of your appeal. The reviewers give you an answer within 72 hours.

- **The Independent Review Organization is an independent organization that is hired by Medicare.** This organization is not connected with our plan and it is not a government agency. This organization is a company chosen by Medicare to handle the job of being the Independent Review Organization. Medicare oversees its work.
- Reviewers at the Independent Review Organization will take a careful look at all of the information related to your appeal of your hospital discharge.
- **If this organization says yes to your appeal,** then we must reimburse you (pay you back) for our share of the costs of hospital care you have received since the date of your planned discharge. We must also continue the plan’s coverage of your inpatient hospital services for as long as it is medically necessary. You must

continue to pay your share of the costs. If there are coverage limitations, these could limit how much we would reimburse or how long we would continue to cover your services.

- **If this organization says no to your appeal,** it means they agree with us that your planned hospital discharge date was medically appropriate.
 - The notice you get from the Independent Review Organization will tell you in writing what you can do if you wish to continue with the review process. It will give you the details about how to go on to a Level 3 Appeal, which is handled by a judge.

Step 3: If the Independent Review Organization turns down your appeal, you choose whether you want to take your appeal further.

- There are three additional levels in the appeals process after Level 2 (for a total of five levels of appeal). If reviewers say no to your Level 2 Appeal, you decide whether to accept their decision or go on to Level 3 and make a third appeal.
- Section 10 in this chapter tells more about Levels 3, 4 and 5 of the appeals process.

Section 9. How to ask us to keep covering certain medical services if you think your coverage is ending too soon

Section 9.1

This section is about three services *only*: home health care, skilled nursing facility care and comprehensive outpatient rehabilitation facility (CORF) services

This section is about the following types of care *only*:

- **Home health care services** you are getting.
- **Skilled nursing care** you are getting as a patient in a skilled nursing facility. (To learn about requirements for being considered a “skilled nursing facility,” see Chapter 12, *Definitions of important words*.)
- **Rehabilitation care** you are getting as an outpatient at a Medicare-approved Comprehensive Outpatient Rehabilitation Facility (CORF). Usually, this means you are getting treatment for an illness or accident, or you are recovering from a major operation. (For more information about this type of facility, see Chapter 12, *Definitions of important words*.)

When you are getting any of these types of care, you have the right to keep getting your covered services for that type of care for as long as the care is needed to diagnose and treat your illness or injury. For more information on your covered services, including your share of the cost and any limitations to coverage that may apply, see Chapter 4 of this booklet, *Benefits chart (what is covered)*.

When we decide it is time to stop covering any of the three types of care for you, we are required to tell you in advance. When your coverage for that care ends, *we will stop paying for your care*.

If you think we are ending the coverage of your care too soon, **you can appeal our decision**. This section tells you how to ask for an appeal.

Section 9.2

We will tell you in advance when your coverage will be ending

1. **You receive a notice in writing.** At least two days before our plan is going to stop covering your care, you will receive a notice.
 - The written notice tells you the date when we will stop covering the care for you.
 - The written notice also tells what you can do if you want to ask our plan to change this decision about when to end your care, and keep covering it for a longer period of time.

Legal Terms In telling you what you can do, the written notice is telling how you can request a “fast-track appeal.” Requesting a fast-track appeal is a formal, legal way to request a change to our coverage decision about when to stop your care. (Section 9.3 below tells how you can request a fast-track appeal.) The written notice is called the “**Notice of Medicare Non-Coverage.**” To get a sample copy, call Customer Service (phone numbers are printed on the back cover of this booklet) or 1-800-MEDICARE (1-800-633-4227), 24 hours a day, seven days a week. TTY users should call 1-877-486-2048. Or see a copy online at <https://www.cms.gov/Medicare/Medicare-General-Information/BNI/MAEDNotices.html>.

2. You must sign the written notice to show that you received it.

- You, or someone who is acting on your behalf, must sign the notice. (*Section 5* tells how you can give written permission to someone else to act as your representative.)
- Signing the notice shows *only* that you have received the information about when your coverage will stop. **Signing it does *not* mean you agree** with the plan that it's time to stop getting the care.

Section 9.3

Step-by-step: How to make a Level 1 Appeal to have our plan cover your care for a longer time

If you want to ask us to cover your care for a longer period of time, you will need to use the appeals process to make this request. Before you start, understand what you need to do and what the deadlines are.

- **Follow the process.** Each step in the first two levels of the appeals process is explained below.
- **Meet the deadlines.** The deadlines are important. Be sure that you understand and follow the deadlines that apply to things you must do. There are also deadlines our plan must follow. (If you think we are not meeting our deadlines, you can file a complaint. Section 11 of this chapter tells you how to file a complaint.)
- **Ask for help if you need it.** If you have questions or need help at any time, please call Customer Service. (Phone numbers are printed on the back cover of this booklet.) Or, call your State Health Insurance Assistance Program, a government organization that provides personalized assistance. (See Section 2 of this chapter.)

During a Level 1 Appeal, the Quality Improvement Organization reviews your appeal and decides whether to change the decision made by our plan.

Step 1: Make your Level 1 Appeal - Contact the Quality Improvement Organization for your state and ask for a review. You must act quickly.

What is the quality improvement organization?

This organization is a group of doctors and other health care experts who are paid by the federal government. These experts are not part of our plan. They check on the quality of care received by

people with Medicare and review plan decisions about when it's time to stop covering certain kinds of medical care.

How can you contact this organization?

The written notice you received tells you how to reach this organization. (Or, find the name, address and phone number of the Quality Improvement Organization for your state in Chapter 2, Section 4 of this booklet.)

What should you ask for?

Ask this organization for a "fast-track appeal" (to do an independent review) of whether it is medically appropriate for us to end coverage for your medical services.

Your deadline for contacting this organization

- You must contact the Quality Improvement Organization to start your appeal *no later than noon of the day after you receive the written notice telling you when we will stop covering your care.*
- If you miss the deadline for contacting the Quality Improvement Organization about your appeal, you can make your appeal directly to us instead. For details about this other way to make your appeal, see Section 9.5.

Step 2: The Quality Improvement Organization conducts an independent review of your case.

What happens during this review?

- Health professionals at the Quality Improvement Organization (we will call them "the reviewers" for short) will ask you (or your representative) why you believe coverage for the services should continue. You don't have to prepare anything in writing, but you may do so if you wish.
- The review organization will also look at your medical information, talk with your doctor and

review information that our plan has given to them.

- By the end of the day the reviewers informed us of your appeal, you will also get a written notice from us that explains in detail our reasons for ending our coverage for your services.

Legal Terms This written notice is called the "Detailed Explanation of Non-Coverage."

Step 3: Within one full day after they have all the information they need, the reviewers will tell you their decision.

What happens if the reviewers say yes to your appeal?

- If the reviewers say yes to your appeal, then **we must keep providing your covered services** for as long as it is medically necessary.
- You will have to keep paying your share of the costs (such as deductibles or copayments, if these apply). In addition, there may be limitations on your covered services. (See Chapter 4 of this booklet.)

What happens if the reviewers say no to your appeal?

- If the reviewers say no to your appeal, then **your coverage will end on the date we have told you.** We will stop paying our share of the costs of this care on the date listed on the notice.
- If you decide to keep getting the home health care, skilled nursing facility care or Comprehensive Outpatient Rehabilitation Facility (CORF) services *after* this date when your coverage ends, then **you will have to pay the full cost** of this care yourself.

Step 4: If the answer to your Level 1 Appeal is no, you decide if you want to make another appeal.

- This first appeal you make is Level 1 of the appeals process. If reviewers say no to your Level 1 Appeal – **and** you choose to continue getting care after your coverage for the care has ended – then you can make another appeal.
- Making another appeal means you are going on to Level 2 of the appeals process.

Section 9.4

Step-by-step: How to make a Level 2 Appeal to have our plan cover your care for a longer time

If the Quality Improvement Organization has turned down your appeal **and** you choose to continue getting care after your coverage for the care has ended, then you can make a Level 2 Appeal. During a Level 2 Appeal, you ask the Quality Improvement Organization to take another look at the decision they made on your first appeal. If the Quality Improvement Organization turns down your Level 2 Appeal, you may have to pay the full cost for your home health care, skilled nursing facility care or Comprehensive Outpatient Rehabilitation Facility (CORF) services *after* the date when we said your coverage would end.

Here are the steps for Level 2 of the appeal process:

Step 1: You contact the Quality Improvement Organization again and ask for another review.

- You must ask for this review **within 60 days** after the day when the Quality Improvement Organization said no to your Level 1 Appeal. You can ask for this review only if you continued getting care after the date that your coverage for the care ended.

Step 2: The Quality Improvement Organization does a second review of your situation.

- Reviewers at the Quality Improvement Organization will take another careful look at all of the information related to your appeal.

Step 3: Within 14 days of receipt of your appeal request, reviewers will decide on your appeal and tell you their decision.

What happens if the review organization says yes to your appeal?

- **We must reimburse you** for our share of the costs of care you have received since the date when we said your coverage would end. **We must continue providing coverage** for the care for as long as it is medically necessary.
- You must continue to pay your share of the costs and there may be coverage limitations that apply.

What happens if the review organization says no?

- It means they agree with the decision we made to your Level 1 Appeal and will not change it.
- The notice you get will tell you in writing what you can do if you wish to continue with the review process. It will give you the details about how to go on to the next level of appeal, which is handled by a judge.

Step 4: If the answer is no, you will need to decide whether you want to take your appeal further.

- There are three additional levels of appeal after Level 2, for a total of five levels of appeal. If reviewers turn down your Level 2 Appeal, you can choose whether to accept that decision or to go on to Level 3 and make another appeal. At Level 3, your appeal is reviewed by a judge.

- Section 10 in this chapter tells more about Levels 3, 4 and 5 of the appeals process.

Section 9.5

What if you miss the deadline for making your Level 1 Appeal?

You can appeal to us instead

As explained above in Section 9.3, you must act quickly to contact the Quality Improvement Organization to start your first appeal (within a day or two, at the most).

If you miss the deadline for contacting this organization, there is another way to make your appeal. If you use this other way of making your appeal, *the first two levels of appeal are different.*

Step-by-Step: How to Make a Level 1 Alternate Appeal

If you miss the deadline for contacting the Quality Improvement Organization, you can make an appeal to us, asking for a “fast review.” A fast review is an appeal that uses the fast deadlines instead of the standard deadlines.

Here are the steps for a Level 1 Alternate Appeal:

Legal Terms A “fast review” (or “fast appeal”) is also called an “expedited appeal.”

Step 1: Contact us and ask for a fast review.

- For details on how to contact us, go to Chapter 2, Section 1 and look for the topic called *How to contact us when you are making an appeal.*
- **Be sure to ask for a “fast review.”** This means you are asking us to give you an answer using the “fast” deadlines rather than the “standard” deadlines.

Step 2: We do a “fast” review of the decision we made about when to end coverage for your services.

- During this review, we take another look at all of the information about your case. We check to see if we were following all the rules when we set the date for ending the plan’s coverage for services you were receiving.
- We will use the “fast” deadlines rather than the standard deadlines for giving you the answer to this review.

Step 3: We give you our decision within 72 hours after you ask for a “fast review” (“fast appeal”).

- **If we say yes to your fast appeal,** it means we have agreed with you that you need services longer, and will keep providing your covered services for as long as it is medically necessary. It also means that we have agreed to reimburse you for our share of the costs of care you have received since the date when we said your coverage would end. (You must pay your share of the costs and there may be coverage limitations that apply.)
- **If we say no to your fast appeal,** then your coverage will end on the date we told you and we will not pay any share of the costs after this date.
- If you continued to get home health care, skilled nursing facility care or Comprehensive Outpatient Rehabilitation Facility (CORF) services *after* the date when we said your coverage would end, then **you will have to pay the full cost** of this care yourself.

Step 4: If we say no to your fast appeal, your case will *automatically* go on to the next level of the appeals process.

- To make sure we were following all the rules when we said no to your fast appeal, **we are**

required to send your appeal to the “Independent Review Organization.” When we do this, it means that you are *automatically* going on to Level 2 of the appeals process.

Step-by-Step: Level 2 *Alternate Appeal* process

If we say no to your Level 1 Appeal, your case will *automatically* be sent on to the next level of the appeals process. During the Level 2 Appeal, the **Independent Review Organization** reviews the decision we made when we said no to your fast appeal. This organization decides whether the decision we made should be changed.

Legal Terms The formal name for the “Independent Review Organization” is the “Independent Review Entity.” It is sometimes called the “IRE.”

Step 1: We will automatically forward your case to the Independent Review Organization.

- We are required to send the information for your Level 2 Appeal to the Independent Review Organization within 24 hours of when we tell you that we are saying no to your first appeal. (If you think we are not meeting this deadline or other deadlines, you can make a complaint. The complaint process is different from the appeal process. Section 11 of this chapter tells how to make a complaint.)

Step 2: The Independent Review Organization does a “fast review” of your appeal. The reviewers give you an answer within 72 hours.

- **The Independent Review Organization is an independent organization that is hired by Medicare.** This organization is not connected with our plan and it is not a government agency.

This organization is a company chosen by Medicare to handle the job of being the Independent Review Organization. Medicare oversees its work.

- Reviewers at the Independent Review Organization will take a careful look at all of the information related to your appeal.
- **If this organization says yes to your appeal,** then we must reimburse you (pay you back) for our share of the costs of care you have received since the date when we said your coverage would end. We must also continue to cover the care for as long as it is medically necessary. You must continue to pay your share of the costs. If there are coverage limitations, these could limit how much we would reimburse or how long we would continue to cover your services.
- **If this organization says no to your appeal,** it means they agree with the decision our plan made to your first appeal and will not change it.
 - The notice you get from the Independent Review Organization will tell you in writing what you can do if you wish to continue with the review process. It will give you the details about how to go on to a Level 3 Appeal.

Step 3: If the Independent Review Organization turns down your appeal, you choose whether you want to take your appeal further.

- There are three additional levels of appeal after Level 2, for a total of five levels of appeal. If reviewers say no to your Level 2 Appeal, you can choose whether to accept that decision or whether to go on to Level 3 and make another appeal. At Level 3, your appeal is reviewed by a judge.
- *Section 10 in this chapter tells more about Levels 3, 4 and 5 of the appeals process.*

Section 10. Taking your appeal to level 3 and beyond

Section 10.1

Levels of Appeal 3, 4 and 5 for Medical Service Appeals

This section may be appropriate for you if you have made a Level 1 Appeal and a Level 2 Appeal, and both of your appeals have been turned down.

If the dollar value of the item or medical service you have appealed meets certain minimum levels, you may be able to go on to additional levels of appeal. If the dollar value is less than the minimum level, you cannot appeal any further. If the dollar value is high enough, the written response you receive to your Level 2 Appeal will explain whom to contact and what to do to ask for a Level 3 Appeal.

For most situations that involve appeals, the last three levels of appeal work in much the same way. Here is who handles the review of your appeal at each of these levels.

Level 3 Appeal

A judge who works for the Federal government will review your appeal and give you an answer. This judge is called an “Administrative Law Judge.”

- **If the Administrative Law Judge says yes to your appeal, the appeals process *may or may not* be over.** We will decide whether to appeal this decision to Level 4. Unlike a decision at Level 2 (Independent Review Organization), we have the right to appeal a Level 3 decision that is favorable to you.
 - If we decide not to appeal the decision, we must authorize or provide you with the service within 60 calendar days after receiving the judge’s decision.
 - If we decide to appeal the decision, we will send you a copy of the Level 4 Appeal request

with any accompanying documents. We may wait for the Level 4 Appeal decision before authorizing or providing the service in dispute.

- **If the Administrative Law Judge says no to your appeal, the appeals process *may or may not* be over.**
 - If you decide to accept this decision that turns down your appeal, the appeals process is over.
 - If you do not want to accept the decision, you can continue to the next level of the review process. If the Administrative Law Judge says no to your appeal, the notice you get will tell you what to do next if you choose to continue with your appeal.

Level 4 Appeal

The **Appeals Council** will review your appeal and give you an answer. The Appeals Council works for the Federal government.

- **If the answer is yes, or if the Appeals Council denies our request to review a favorable Level 3 Appeal decision, the appeals process *may or may not* be over.** We will decide whether to appeal this decision to Level 5. Unlike a decision at Level 2 (Independent Review Organization), we have the right to appeal a Level 4 decision that is favorable to you.
 - If we decide *not* to appeal the decision, we must authorize or provide you with the service within 60 calendar days after receiving the Appeals Council’s decision.
 - If we decide to appeal the decision, we will let you know in writing.
- **If the answer is no or if the Appeals Council denies the review request, the appeals process *may or may not* be over.**
 - If you decide to accept this decision that turns down your appeal, the appeals process is over.
 - If you do not want to accept the decision, you might be able to continue to the next

level of the review process. If the Appeals Council says no to your appeal, the notice you get will tell you whether the rules allow you to go on to a Level 5 Appeal. If the rules allow you to go on, the written notice will also tell you whom to contact and what to do next if you choose to continue with your appeal.

Level 5 Appeal

A judge at the Federal District Court will review your appeal.

- This is the last step of the administrative appeals process.

Section 10.2

Levels of Appeal 3, 4 and 5 for Part D Drug Appeals

This section may be appropriate for you if you have made a Level 1 Appeal and a Level 2 Appeal, and both of your appeals have been turned down.

If the value of the drug you have appealed meets a certain dollar amount, you may be able to go on to additional levels of appeal. If the dollar amount is less, you cannot appeal any further. The written response you receive to your Level 2 Appeal will explain who to contact and what to do to ask for a Level 3 Appeal.

For most situations that involve appeals, the last three levels of appeal work in much the same way. Here is who handles the review of your appeal at each of these levels.

Level 3 Appeal

A judge who works for the Federal government will review your appeal and give you an answer. This judge is called an “Administrative Law Judge.”

- **If the answer is yes, the appeals process is over.** What you asked for in the appeal has been approved. We must **authorize or provide the**

drug coverage that was approved by the Administrative Law Judge **within 72 hours (24 hours for expedited appeals) or make payment no later than 30 calendar days** after we receive the decision.

- **If the answer is no, the appeals process *may* or *may not* be over.**
 - If you decide to accept this decision that turns down your appeal, the appeals process is over.
 - If you do not want to accept the decision, you can continue to the next level of the review process. If the Administrative Law Judge says no to your appeal, the notice you get will tell you what to do next if you choose to continue with your appeal.

Level 4 Appeal

The **Appeals Council** will review your appeal and give you an answer. The Appeals Council works for the federal government.

- **If the answer is yes, the appeals process is over.** What you asked for in the appeal has been approved. We must **authorize or provide the drug coverage** that was approved by the Appeals Council **within 72 hours (24 hours for expedited appeals) or make payment no later than 30 calendar days** after we receive the decision.
- **If the answer is no, the appeals process *may* or *may not* be over.**
 - If you decide to accept this decision that turns down your appeal, the appeals process is over.
 - If you do not want to accept the decision, you might be able to continue to the next level of the review process. If the Appeals Council says no to your appeal or denies your request to review the appeal, the notice you get will tell you whether the rules allow you to go on to a Level 5 Appeal. If the rules allow you to go on, the written notice will also tell you whom to contact and what to do next if you choose to continue with your appeal.

Level 5 Appeal

A judge at the **Federal District Court** will review your appeal.

- This is the last step of the appeals process.

not for you. Instead, you need to use the process for coverage decisions and appeals. Go to Section 5 of this chapter.

Section 11.1

Section 11. How to make a complaint about quality of care, waiting times, customer service or other concerns

If your problem is about decisions related to benefits, coverage or payment, then this section is

What kinds of problems are handled by the complaint process?

This section explains how to use the process for making complaints. The complaint process is used for certain types of problems *only*. This includes problems related to quality of care, waiting times and the Customer Service you receive. Here are examples of the kinds of problems handled by the complaint process.

If you have any of these kinds of problems, you can make a complaint	
Complaint	Example
Quality of your medical care	<ul style="list-style-type: none"> ▪ Are you unhappy with the quality of the care you have received (including care in the hospital)?
Respecting your privacy	<ul style="list-style-type: none"> ▪ Do you believe that someone did not respect your right to privacy or shared information about you that you feel should be confidential?
Disrespect, poor customer service or other negative behaviors	<ul style="list-style-type: none"> ▪ Has someone been rude or disrespectful to you? ▪ Are you unhappy with how our Customer Service has treated you? ▪ Do you feel you are being encouraged to leave the plan?
Waiting times	<ul style="list-style-type: none"> ▪ Are you having trouble getting an appointment, or waiting too long to get it? ▪ Have you been kept waiting too long by doctors, pharmacists or other health professionals? Timeliness (These types of complaints are all related to the timeliness of our actions related to coverage decisions and appeals)	<p>The process of asking for a coverage decision and making appeals is explained in Sections 4-10 of this chapter. If you are asking for a decision or making an appeal, you use that process, not the complaint process.</p> <p>However, if you have already asked us for a coverage decision or made an appeal, and you think that we are not responding quickly enough, you can also make a complaint about our slowness. Here are examples:</p> <ul style="list-style-type: none"> ▪ If you have asked us to give you a “fast coverage decision” or a “fast appeal,” and we have said we will not, you can make a complaint. ▪ If you believe we are not meeting the deadlines for giving you a coverage decision or an answer to an appeal you have made, you can make a complaint. ▪ When a coverage decision we made is reviewed and we are told that we must cover or reimburse you for certain medical services or drugs, there are deadlines that apply. If you think we are not meeting these deadlines, you can make a complaint. ▪ When we do not give you a decision on time, we are required to forward your case to the Independent Review Organization. Section 11.2

The formal name for “making a complaint” is “filing a grievance”

Legal Terms What this section calls a “complaint” is also called a “grievance.” Another term for “making a complaint” is “filing a grievance.” Another way to say “using the process for complaints” is “using the process for filing a grievance.”

Section 11.3

Step-by-step: making a complaint

Step 1: Contact us promptly – either by phone or in writing.

- **Usually, calling Customer Service is the first step.** If there is anything else you need to do, Customer Service will let you know. You can call Customer Service from 8 a.m. to 8 p.m., seven days a week (except Thanksgiving and Christmas) from October 1 through February 14, and Monday to Friday (except holidays) from February 15 through September 30 at 1-844-812-2275 (TTY: 711).
- **If you do not wish to call (or you called and were not satisfied), you can put your complaint in writing and send it to us.** If you put your

complaint in writing, we will respond to your complaint in writing.

- You or someone you name may file a grievance. The person you name would be your “representative.” You may name a relative, friend, lawyer, advocate, doctor or anyone else to act for you.
- If you want someone to act for you who is not already authorized by the court or under state law, then you and that person must sign and date a statement that gives the person legal permission to be your representative. To learn how to name your representative, you may call Customer Service. Phone numbers are printed on the back cover of this booklet.
- A grievance must be filed either verbally or in writing within 60 days of the event or incident. We must address your grievance as quickly as your case requires based on your health status, but no later than 30 days after receiving your complaint. We may extend the time frame by up to 14 days if you ask for the extension, or if we justify a need for additional information and the delay is in your best interest.
- A fast grievance can be filed concerning a plan decision not to conduct a fast response to a coverage decision or appeal, or if we take an extension on a coverage decision or appeal. We must respond to your expedited grievance within 24 hours.
- **Whether you call or write, you should contact Customer Service right away.** The complaint must be made within 60 calendar days after you had the problem you want to complain about.

- **If you are making a complaint because we denied your request for a “fast coverage decision” or a “fast appeal,” we will automatically give you a “fast” complaint.** If you have a “fast” complaint, it means we will give you an answer **within 24 hours.**

Legal Terms What this section calls a “fast complaint” is also called an “expedited grievance.”

Step 2: We look into your complaint and give you our answer.

- **If possible, we will answer you right away.** If you call us with a complaint, we may be able to give you an answer on the same phone call. If your health condition requires us to answer quickly, we will do that.
- **Most complaints are answered in 30 calendar days.** If we need more information and the delay is in your best interest or if you ask for more time, we can take up to 14 more calendar days (44 calendar days total) to answer your complaint. If we decide to take extra days, we will tell you in writing.
- **If we do not agree** with some or all of your complaint or don’t take responsibility for the problem you are complaining about, we will let you know. Our response will include our reasons for this answer. We must respond whether we agree with the complaint or not.

Section 11.4

You can also make complaints about quality of care to the Quality Improvement Organization

You can make your complaint about the quality of care you received to us by using the step-by-step process outlined above.

When your complaint is about *quality of care*, you also have two extra options:

- **You can make your complaint to the Quality Improvement Organization.** If you prefer, you can make your complaint about the quality of care you received directly to this organization (*without* making the complaint to us).
 - The Quality Improvement Organization is a group of practicing doctors and other health care experts paid by the Federal government to check and improve the care given to Medicare patients.
 - To find the name, address and phone number of the Quality Improvement Organization for your state, look in Chapter 2, Section 4 of this booklet. If you make a complaint to this organization, we will work with them to resolve your complaint.
- **Or you can make your complaint to both at the same time.** If you wish, you can make your complaint about quality of care to us and also to the Quality Improvement Organization.

Section 11.5

You can also tell Medicare about your complaint

You can submit a complaint about Amerivantage Dual Coordination (HMO SNP) directly to Medicare. To submit a complaint to Medicare, go to <https://www.medicare.gov/MedicareComplaintForm/home.aspx>. Medicare takes your complaints seriously and will use this information to help improve the quality of the Medicare program.

If you have any other feedback or concerns, or if you feel the plan is not addressing your issue, please call 1-800-MEDICARE (1-800-633-4227). TTY/TDD users can call 1-877-486-2048.

Section 1. Introduction

Section 1.1

This chapter focuses on ending your membership in our plan

Ending your membership in our plan may be **voluntary** (your own choice) or **involuntary** (not your own choice):

- You might leave our plan because you have decided that you *want* to leave.
 - You can end your membership in the plan at any time. Section 2 tells you about the types of plans you can enroll in and when your enrollment in your new coverage will begin.
 - The process for voluntarily ending your membership varies depending on what type of new coverage you are choosing. Section 3 tells you how to end your membership in each situation.
- There are also limited situations where you do not choose to leave, but we are required to end your membership. Section 5 tells you about situations when we must end your membership.

If you are leaving our plan, you must continue to get your medical care through our plan until your membership ends.

Section 2. When can you end your membership in our plan?

Section 2.1

You can end your membership at any time

You can end your membership in our plan at any time.

- **When can you end your membership?** Most people with Medicare can end their membership only during certain times of the year. However, because you get assistance from Medicaid, **you can end your membership in our plan at any time.**
- **What type of plan can you switch to?** If you decide to change to a new plan, you can choose any of the following types of Medicare plans:
 - Another Medicare health plan. (You can choose a plan that covers prescription drugs or one that does not cover prescription drugs.)
 - Original Medicare *with* a separate Medicare prescription drug plan.
 - If you switch to Original Medicare and do not enroll in a separate Medicare prescription drug plan, Medicare may enroll you in a drug plan, unless you have opted out of automatic enrollment.
 - **Note:** If you disenroll from Medicare prescription drug coverage for a continuous period of 63 days or more, you may need to pay a Part D late-enrollment penalty if you join a Medicare drug plan later. (“Creditable” coverage means the coverage is expected to pay, on average, at least as much as Medicare’s standard prescription drug coverage.)
 - Contact your state Medicaid office to learn about your Medicaid plan options (telephone numbers are in Chapter 2, Section 6 of this booklet).
- **When will your membership end?** Your membership will usually end on the first day of the month after we receive your request to change your plans. Your enrollment in your new plan will also begin on this day.

Section 2.2

Where can you get more information about when you can end your membership?

If you have any questions or would like more information on when you can end your membership:

- You can **call Customer Service** (phone numbers are printed on the back cover of this booklet).
- You can find the information in the ***Medicare & You 2018 Handbook***.
 - Everyone with Medicare receives a copy of *Medicare & You* each fall. Those new to Medicare receive it within a month after first signing up.
 - You can also download a copy from the **Medicare** website (<https://www.medicare.gov>). Or, you can order a printed copy by calling Medicare at the number below.
- You can contact Medicare at 1-800-MEDICARE (1-800-633-4227), 24 hours a day, seven days a week. TTY users should call 1-877-486-2048.

Section 3. How do you end your membership in our plan?

Section 3.1

Usually, you end your membership by enrolling in another plan

Usually, to end your membership in our plan, you simply enroll in another Medicare plan.

However, if you want to switch from our plan to Original Medicare but you have not selected a separate Medicare prescription drug plan, you must ask to be disenrolled from our plan. There are two ways you can ask to be disenrolled:

- You can make a request in writing to us. Contact Customer Service if you need more information on how to do this (phone numbers are printed on the back cover of this booklet).
- *Or*, you can contact Medicare at 1-800-MEDICARE (1-800-633-4227), 24 hours a day, seven days a week. TTY users should call 1-877-486-2048.

The table below explains how you should end your membership in our plan.

If you would like to switch from our plan to:	This is what you should do:
<ul style="list-style-type: none"> ▪ Another Medicare health plan 	<ul style="list-style-type: none"> ▪ Enroll in the new Medicare health plan at any time. If you disenroll from Medicare prescription drug coverage and go without creditable prescription drug coverage, you may need to pay a late-enrollment penalty if you join a Medicare drug plan later. 	<ul style="list-style-type: none"> Send us a written request to disenroll. Contact Customer Service if you need more information on how to do this. (Phone numbers are printed on the back cover of this booklet.) You can also contact Medicare, at 1-800-MEDICARE (1-800-633-4227), 24 hours a day, seven days a week, and ask to be disenrolled. TTY users should call 1-877-486-2048. You will be disenrolled from our plan when your coverage in Original Medicare begins.

Section 4. Until your membership ends, you must keep getting your medical services and drugs through our plan

Section 4.1

Until your membership ends, you are still a member of our plan

If you leave our plan, it may take time before your membership ends and your new Medicare coverage goes into effect. *(See Section 2 for information on when your new coverage begins.)*

During this time, you must continue to get your medical care and prescription drugs through our plan.

- You should continue to use our network pharmacies to get your prescriptions filled until**

your membership in our plan ends. Usually, your prescription drugs are only covered if they are filled at a network pharmacy, including through our mail-order pharmacy services.

- **If you are hospitalized on the day that your membership ends, your hospital stay will usually be covered by our plan until you are discharged** (even if you are discharged after your new health coverage begins).

Section 5. Our plan must end your membership in the plan in certain situations

Section 5.1

When must we end your membership in the plan?

Our plan must end your membership in the plan if any of the following happen:

- If you no longer have Medicare Part A and Part B.
- If you are no longer eligible for Medicaid. As stated in Chapter 1, Section 2.1, our plan is for people who are eligible for both Medicare and Medicaid.
- If you move out of our service area.
- If you are away from our service area for more than six months.
 - If you move or take a long trip, you need to call Customer Service to find out if the place you are moving or traveling to is in our plan's area. (Phone numbers for Customer Service are printed on the back cover of this booklet.)
- If you become incarcerated (go to prison).
- If you are not a United States citizen or lawfully present in the United States.
- If you lie about or withhold information about other insurance you have that provides prescription drug coverage.

- If you intentionally give us incorrect information when you are enrolling in our plan and that information affects your eligibility for our plan. (We cannot make you leave our plan for this reason unless we get permission from Medicare first.)
- If you continuously behave in a way that is disruptive and makes it difficult for us to provide medical care for you and other members of our plan. (We cannot make you leave our plan for this reason unless we get permission from Medicare first.)
- If you let someone else use your membership card to get medical care. (We cannot make you leave our plan for this reason unless we get permission from Medicare first.)
 - If we end your membership because of this reason, Medicare may have your case investigated by the Inspector General.
- If you are required to pay the extra Part D amount because of your income and you do not pay it, Medicare **will** disenroll you from our plan.

Where can you get more information?

If you have questions or would like more information on when we can end your membership:

- You can call **Customer Service** for more information. Phone numbers are printed on the back cover of this booklet.

Section 5.2

We cannot ask you to leave our plan for any reason related to your health

We are not allowed to ask you to leave our plan for any reason related to your health.

What should you do if this happens?

If you feel that you are being asked to leave our plan because of a health-related reason, you should call Medicare at 1-800-MEDICARE (1-800-633-4227).

TTY users should call 1-877-486-2048. You may call 24 hours a day, seven days a week.

Section 5.3

You have the right to make a complaint if we end your membership in our plan

If we end your membership in our plan, we must tell you our reasons in writing for ending your

membership. We must also explain how you can file a grievance or make a complaint about our decision to end your membership. You can also look in Chapter 9, Section 11 for information about how to make a complaint.

Legal notices

Chapter 11. Legal notices

Section 1.	Notice about governing law	200
Section 2.	Notice about nondiscrimination	200
Section 3.	Notice about Medicare secondary payer subrogation rights	200
Section 4.	Additional legal notices	200

Section 1. Notice about governing law

Many laws apply to this Evidence of Coverage and some additional provisions may apply because they are required by law. This may affect your rights and responsibilities even if the laws are not included or explained in this document. The principal law that applies to this document is Title XVIII of the Social Security Act and the regulations created under the Social Security Act by the Centers for Medicare & Medicaid Services, or CMS. In addition, other federal laws may apply and, under certain circumstances, the laws of the state you live in.

Section 2. Notice about nondiscrimination

We don't discriminate based on race, ethnicity, national origin, color, religion, sex, gender, age, mental or physical disability, health status, claims experience, medical history, genetic information, evidence of insurability or geographic location. All organizations that provide Medicare Advantage plans, like our plan, must obey federal laws against discrimination, including Title VI of the Civil Rights Act of 1964, the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, the Americans with Disabilities Act, Section 1557 of the Affordable Care Act and all other laws that apply to organizations that get federal funding and any other laws and rules that apply for any other reason.

Section 3. Notice about Medicare secondary payer subrogation rights

We have the right and responsibility to collect for covered Medicare services for which Medicare is not the primary payer. According to CMS regulations at 42 CFR sections 422.108 and 423.462, Amerivantage Dual Coordination (HMO SNP), as a

Medicare Advantage organization, will exercise the same rights of recovery that the Secretary exercises under CMS regulations in subparts B through D of part 411 of 42 CFR and the rules established in this section supersede any state laws.

Amerigroup is a culturally diverse company. We welcome all eligible individuals into our health care programs, regardless of health status. If you have questions or concerns, please call Customer Service at 1-844-812-2275. (TTY only, call 711.) We are available for phone calls from 9:00 a.m. to 5:00 p.m. EST, Monday through Friday and ask for extension 34925. Or visit www.myamerigroup.com/medicare.

Section 4. Additional legal notices

Collecting member payments

Under certain circumstances, if we pay the health care provider amounts that are your responsibility, such as deductibles, copayments or coinsurance, we may collect such amounts directly from you. You agree that we have the right to collect such amounts from you.

Assignment

The benefits provided under this Evidence of Coverage are for the personal benefit of the member and cannot be transferred or assigned. Any attempt to assign this contract will automatically terminate all rights under this contract.

Notice of claim

In the event that a service is rendered for which you are billed, you have at least 12 months from the date of service to submit such claims to your plan. According to CMS Pub 100-02 Benefit Policy, Chapter 15, Section 40, physicians and practitioners are required to submit claims on behalf of

beneficiaries for all items and services they provide for which Medicare payment may be made under Part B. Also, they **are not allowed to charge beneficiaries in excess of the limits on charges that apply to the item or service being furnished.**

However, a physician or practitioner (as defined in §40.4) may opt out of Medicare. A physician or practitioner who opts out is not required to submit claims on behalf of beneficiaries and also is excluded from limits on charges for Medicare covered services.

You may submit such claims to:
Amerigroup, Customer Claims
P.O. Box 61010
Virginia Beach, VA 23466-1010

Entire contract

This Evidence of Coverage and applicable riders attached hereto, and your completed enrollment form, constitute the entire contract between the parties and as of the effective date hereof, supersede all other agreements between the parties.

Waiver by agents

No agent or other person, except an executive officer of Amerigroup, has authority to waive any conditions or restrictions of this Evidence of Coverage or the Medical Benefits Chart in Chapter 4.

No change in this Evidence of Coverage shall be valid unless evidenced by an endorsement signed by an authorized executive officer of the company or by an amendment to it signed by the authorized company officer.

Cessation of operation

In the event of the cessation of operation or dissolution of your plan in the area in which you reside, this Evidence of Coverage will be terminated. You will receive notice 90 days before the Evidence of Coverage is terminated.

Please note: If the Evidence of Coverage terminates, your coverage will also end.

In that event, the company will explain your options at that time. For example, there may be other health plans in the area for you to join if you wish. Or, you may wish to return to Original Medicare and possibly obtain supplemental insurance. In the latter situation, Amerigroup would arrange for you to obtain, without health screening or a waiting period, a supplemental health insurance policy to cover Medicare coinsurance and deductibles.

Whether you enroll in another prepaid health plan or not, there would be no gap in coverage.

Refusal to accept treatment

You may, for personal or religious reasons, refuse to accept procedures or treatment recommended as necessary by your primary care physician. Although such refusal is your right, in some situations it may be regarded as a barrier to the continuance of the provider/patient relationship or to the rendering of the appropriate standard of care.

When a member refuses a recommended, necessary treatment or procedure and the primary care physician believes that no professionally acceptable alternative exists, the member will be advised of this belief.

In the event you discharge yourself from a facility against medical advice, your plan will pay for covered services rendered up to the day of self-discharge. Fees pertaining to that admission will be paid on a per diem basis or appropriate Diagnostic Related Grouping (DRG), whichever is applicable.

Limitation of actions

No legal action may be taken to recover benefits within 60 days after the service is rendered. No such action may be taken later than 3 years after the service upon which the legal action is based was provided.

Circumstances beyond plan control

If there is an epidemic, catastrophe, general emergency or other circumstance beyond the company's control, neither your plan nor any provider shall have any liability or obligation except the following, as a result of reasonable delay in providing services:

- Because of the occurrence, you may have to obtain covered services from a non-network provider instead of a network provider. Your plan will reimburse you up to the amount that would have been covered under this Evidence of Coverage.
- Your plan may require written statements from you and the medical personnel who attended you confirming your illness or injury and the necessity for the treatment you received.

Plan's sole discretion

The plan may, at its sole discretion, cover services and supplies not specifically covered by the Evidence of Coverage.

This applies if the plan determines such services and supplies are in lieu of more expensive services and supplies that would otherwise be required for the care and treatment of a member.

Disclosure

You are entitled to ask for the following information from your plan:

- Information on your plan's physician incentive plans.
- Information on the procedures your plan uses to control utilization of services and expenditures.
- Information on the financial condition of the company.
- General coverage and comparative plan information.

To obtain this information, call Customer Service at 1-844-812-2275 or, if you are hearing or speech

impaired and have a TTY telephone line, 711. The Customer Service department is available from 8:00 a.m. to 8:00 p.m, seven days a week (except Thanksgiving and Christmas) from October 1 through February 14, and Monday to Friday (except holidays) from February 15 through September 30. The plan will send this information to you within 30 days of your request.

Information about advance directives

(Information about using a legal form such as a "living will" or "power of attorney" to give directions in advance about your health care in case you become unable to make your own health care decisions.)

You have the right to make your own health care decisions. *But what if you had an accident or illness so serious that you became unable to make these decisions for yourself?*

If this were to happen:

- You might want a particular person you trust to make these decisions for you.
- You might want to let health care providers know the types of medical care you would *want* and *not want* if you were not able to make decisions for yourself.
- You might want to do both - to appoint someone else to make decisions for you, and to let this person and your health care providers know the kinds of medical care you would want if you were unable to make these decisions for yourself.

If you wish, you can fill out and sign a special form that lets others know what you want done if you cannot make health care decisions for yourself. This form is a legal document. It is sometimes called an "advance directive," because it lets you give directions in advance about what you want to happen if you ever become unable to make your own health care decisions.

There are different types of advance directives and different names for them depending on your state or local area. For example, documents called “living will” and “power of attorney for health care” are examples of advance directives.

It's your choice whether you want to fill out an advance directive. The law forbids any discrimination against you in your medical care based on whether or not you have an advance directive.

How can you use a legal form to give your instructions in advance?

If you decide that you want to have an advance directive, there are several ways to get this type of legal form. You can get a form from your lawyer, from a social worker and from some office supply stores. You can sometimes get advance directive forms from organizations that give people information about Medicare, such as your SHIP (which stands for State Health Insurance Assistance Program). Chapter 2 of this booklet tells how to contact your SHIP. SHIPs have different names depending on which state you are in.

Regardless of where you get this form, keep in mind that it is a legal document. You should consider having a lawyer help you prepare it. It is important to sign this form and keep a copy at home. You should give a copy of the form to your doctor and to the person you name on the form as the one to make decisions for you if you can't.

You may want to give copies to close friends or family members as well. If you know ahead of time that you are going to be hospitalized, take a copy with you.

If you are hospitalized, they will ask you about an advance directive

If you are admitted to the hospital, they will ask you whether you have signed an advance directive form and whether you have it with you. If you have

not signed an advance directive form, the hospital has forms available and will ask if you want to sign one.

It is your choice whether to sign or not. If you decide not to sign an advance directive form, you will not be denied care or be discriminated against in the care you are given.

What if providers don't follow the instructions you have given?

If you believe that a doctor or hospital has not followed the instructions in your advance directive, you may file a complaint with your state Department of Health.

Continuity and coordination of care

Amerigroup has policies and procedures in place to promote the coordination and continuity of medical care for our members. This includes the confidential exchange of information between primary care physicians and specialists, as well as behavioral health providers. In addition, Amerigroup helps coordinate care with a practitioner when the practitioner's contract has been discontinued and works to enable a smooth transition to a new practitioner.

Subrogation and reimbursement

These provisions apply when we pay benefits as a result of injuries or illness you sustained and you have a right to a recovery or have received a recovery. We have the right to recover payments we make on your behalf from, or take any legal action against any party responsible for compensating you for your injuries. We also have a right to be repaid from any recovery in the amount of benefits paid on your behalf. The following apply:

- The amount of our recovery will be calculated pursuant to 42 C.F.R. 411.37, and pursuant to 42 C.F.R. 422.108(f), no state laws shall apply to our subrogation and reimbursement rights.

Chapter 11. Legal notices

- Our subrogation and reimbursement rights shall have first priority, to be paid before any of your other claims are paid. Our subrogation and reimbursement rights will not be affected, reduced, or eliminated by the “made whole” doctrine or any other equitable doctrine.
- You must notify us promptly of how, when and where an accident or incident resulting in personal injury or illness to you occurred and all information regarding the parties involved, and you must notify us promptly if you retain an attorney related to such an accident or incident. You and your legal representative must cooperate with us, do whatever is necessary to enable us to exercise our rights and do nothing to prejudice our rights.
- If you fail to repay us, we shall be entitled to deduct any of the unsatisfied portion of the amount of benefits we have paid or the amount of your recovery whichever is less, from any future benefit under the plan.

Presidential or governor emergencies

In the event of a Presidential or Governor emergency or major disaster declaration or an

announcement of a public health emergency by the Secretary of Health and Human Services, your plan will make the following exceptions to assure adequate care during the emergency:

- Approve services to be furnished at specified noncontracted facilities that are considered Medicare-certified facilities;
- Temporarily reduce cost sharing for plan-approved out-of-network services to the in-network cost-sharing amounts; and
- Waive in full the requirements for a primary physician referral where applicable.

Typically, the source that declared the disaster will clarify when the disaster or emergency is over. If, however, the disaster or emergency time frame has not been closed within 30 days from the initial declaration, and if CMS has not indicated an end date to the disaster or emergency, your plan will resume normal operations 30 days from the initial declaration.

When a disaster or emergency is declared, it is specific to a geographic location (i.e., county). Your plan will apply the above exceptions only if you reside in the geographic location indicated.

Chapter 12

Definitions of important words

Chapter 12. Definitions of important words

Ambulatory Surgical Center – An Ambulatory Surgical Center is an entity that operates exclusively for the purpose of furnishing outpatient surgical services to patients not requiring hospitalization and whose expected stay in the center does not exceed 24 hours.

Appeal – An appeal is something you do if you disagree with our decision to deny a request for coverage of health care services or prescription drugs or payment for services or drugs you already received. You may also make an appeal if you disagree with our decision to stop services that you are receiving. For example, you may ask for an appeal if we don't pay for a drug, item or service you think you should be able to receive. Chapter 9 explains appeals, including the process involved in making an appeal.

Benefit Period – The way that Original Medicare measures your use of hospital and skilled nursing facility (SNF) services. A benefit period begins the day you go into a hospital or skilled nursing facility. The benefit period ends when you haven't received any inpatient hospital care (or skilled care in a SNF) for 60 days in a row. If you go into a hospital or a skilled nursing facility after one benefit period has ended, a new benefit period begins. There is no limit to the number of benefit periods.

Brand-Name Drug – A prescription drug that is manufactured and sold by the pharmaceutical company that originally researched and developed the drug. Brand-name drugs have the same active-ingredient formula as the generic version of the drug. However, generic drugs are manufactured and sold by other drug manufacturers and are generally not available until after the patent on the brand-name drug has expired.

Catastrophic Coverage Stage – The stage in the Part D drug benefit where you pay a low copayment

or coinsurance for your drugs after you or other qualified parties on your behalf have spent \$5,000 on covered drugs during the covered year.

Centers for Medicare & Medicaid Services (CMS) – The federal agency that administers Medicare. *Chapter 2 explains how to contact CMS.*

Coinsurance – An amount you may be required to pay as your share of the cost for services or prescription drugs after you pay any deductibles. Coinsurance is usually a percentage (for example, 20%).

Complaint – The formal name for “making a complaint” is “filing a grievance.” The complaint process is used for certain types of problems *only*. This includes problems related to quality of care, waiting times and the customer service you receive. See also “Grievance,” in this list of definitions.

Comprehensive Outpatient Rehabilitation Facility (CORF) – A facility that mainly provides rehabilitation services after an illness or injury, and provides a variety of services including physical therapy, social or psychological services, respiratory therapy, occupational therapy and speech-language pathology services and home environment evaluation services.

Copayment (or "copay") – An amount you may be required to pay as your share of the cost for a medical service or supply, like a doctor's visit, hospital outpatient visit or a prescription drug. A copayment is a set amount, rather than a percentage. For example, you might pay \$10 or \$20 for a doctor's visit or prescription drug.

Cost Sharing – Cost sharing refers to amounts that a member has to pay when services or drugs are received. Cost sharing includes any combination of the following three types of payments: 1) any deductible amount a plan may impose before

services or drugs are covered; 2) any fixed “copayment” amount that a plan requires when a specific service or drug is received; or 3) any “coinsurance” amount, a percentage of the total amount paid for a service or drug that a plan requires when a specific service or drug is received. A “daily cost-sharing rate” may apply when your doctor prescribes less than a full month's supply of certain drugs for you and you are required to pay a copayment.

Cost-Sharing Tier – Every drug on the list of covered drugs is in one of six cost-sharing tiers. In general, the higher the cost-sharing tier, the higher your cost for the drug.

Coverage Determination – A decision about whether a drug prescribed for you is covered by the plan and the amount, if any, you are required to pay for the prescription. In general, if you bring your prescription to a pharmacy and the pharmacy tells you the prescription isn't covered under your plan, that isn't a coverage determination. You need to call or write to your plan to ask for a formal decision about the coverage. Coverage determinations are called “coverage decisions” in this booklet. Chapter 9 explains how to ask us for a coverage decision.

Covered Drugs – The term we use to mean all of the prescription drugs covered by our plan.

Covered Services – The general term we use to mean all of the health care services and supplies that are covered by our plan.

Creditable Prescription Drug Coverage – Prescription drug coverage (for example, from an employer or union) that is expected to pay, on average, at least as much as Medicare's standard prescription drug coverage. People who have this kind of coverage when they become eligible for Medicare can generally keep that coverage without paying a penalty, if they decide to enroll in Medicare prescription drug coverage later.

Custodial Care – Custodial care is personal care provided in a nursing home, hospice, or other

facility setting when you do not need skilled medical care or skilled nursing care. Custodial care is personal care that can be provided by people who don't have professional skills or training, such as help with activities of daily living like bathing, dressing, eating, getting in or out of a bed or chair, moving around and using the bathroom. It may also include the kind of health-related care that most people do themselves, like using eye drops. Medicare doesn't pay for custodial care.

Customer Service – A department within our plan responsible for answering your questions about your membership, benefits, grievances and appeals. *See Chapter 2 for information about how to contact Customer Service.*

Daily Cost-Sharing Rate – a “daily cost-sharing rate” may apply when your doctor prescribes less than a full month's supply of certain drugs for you and you are required to pay a copayment. A daily cost-sharing rate is the copayment divided by the number of days in a month's supply. Here is an example: if your copayment for a one-month supply of a drug is \$30, and a one-month's supply in your plan is 30 days, then your “daily cost-sharing rate” is \$1 per day. This means you pay \$1 for each day's supply when you fill your prescription.

Deductible – The amount you must pay for health care or prescriptions before our plan begins to pay.

Disenroll or Disenrollment – The process of ending your membership in our plan. Disenrollment may be voluntary (your own choice) or involuntary (not your own choice).

Dispensing Fee – A fee charged each time a covered drug is dispensed to pay for the cost of filling a prescription. The dispensing fee covers costs such as the pharmacist's time to prepare and package the prescription.

Dual-Eligible Individual – A person who qualifies for Medicare and Medicaid coverage.

Durable Medical Equipment (DME) – Certain medical equipment that is ordered by your doctor for medical reasons. Examples include walkers,

wheelchairs, crutches, powered mattress systems, diabetic supplies, IV infusion pumps, speech generating devices, oxygen equipment, nebulizers or hospital beds ordered by a provider for use in the home.

Emergency – A medical emergency is when you, or any other prudent layperson with an average knowledge of health and medicine, believe that you have medical symptoms that require immediate medical attention to prevent loss of life, loss of a limb or loss of function of a limb. The medical symptoms may be an illness, injury, severe pain or a medical condition that is quickly getting worse.

Emergency Care – Covered services that are: 1) rendered by a provider qualified to furnish emergency services; and 2) needed to treat, evaluate or stabilize an emergency medical condition.

Evidence of Coverage (EOC) and Disclosure Information – This document, along with your enrollment form and any other attachments, riders or other optional coverage selected, which explains your coverage, what we must do, your rights and what you have to do as a member of our plan.

Exception – A type of coverage determination that, if approved, allows you to get a drug that is not on your plan sponsor’s formulary (a formulary exception), or get a nonpreferred drug at a lower cost-sharing level (a tiering exception). You may also request an exception if your plan sponsor requires you to try another drug before receiving the drug you are requesting, or the plan limits the quantity or dosage of the drug you are requesting (a formulary exception).

Extra Help – A Medicare program to help people with limited income and resources pay Medicare prescription drug program costs, such as premiums, deductibles and coinsurance.

Generic Drug – A prescription drug that is approved by the Food and Drug Administration (FDA) as having the same active ingredient(s) as the brand-name drug. Generally, a “generic” drug works

the same as a brand-name drug and usually costs less.

Grievance – A type of complaint you make about us or pharmacies, including a complaint concerning the quality of your care. This type of complaint does not involve coverage or payment disputes.

Home Health Aide – A home health aide provides services that don’t need the skills of a licensed nurse or therapist, such as help with personal care (e.g., bathing, using the toilet, dressing, or carrying out the prescribed exercises). Home health aides do not have a nursing license or provide therapy.

Hospice – A member who has six months or fewer to live has the right to elect hospice. We, your plan, must provide you with a list of hospices in your geographic area. If you elect hospice and continue to pay premiums, you are still a member of our plan. You can still obtain all medically necessary services as well as the supplemental benefits we offer. The hospice will provide special treatment for your state.

Hospital Inpatient Stay – A hospital stay when you have been formally admitted to the hospital for skilled medical services. Even if you stay in the hospital overnight, you might still be considered an “outpatient.”

Income-Related Monthly Adjustment Amount (IRMAA) – If your income is above a certain limit, you will pay an income-related monthly adjustment amount in addition to your plan premium. For example, individuals with income greater than \$85,000 and married couples with income greater than \$170,000 must pay a higher Medicare Part B (medical insurance) and Medicare prescription drug coverage premium amount. This additional amount is called the income-related monthly adjustment amount. Less than 5% of people with Medicare are affected, so most people will not pay a higher premium.

Initial Coverage Limit – The maximum limit of coverage under the initial coverage stage.

Initial Coverage Stage – This is the stage before your out-of-pocket costs for the year have reached \$3,750.

Initial Enrollment Period – When you are first eligible for Medicare, the period of time when you can sign up for Medicare Part A and Part B. For example, if you're eligible for Medicare when you turn 65, your Initial Enrollment Period is the seven-month period that begins three months before the month you turn 65, includes the month you turn 65 and ends three months after the month you turn 65.

Institutional Special Needs Plan (SNP) – A Special Needs Plan that enrolls eligible individuals who continuously reside or are expected to continuously reside for 90 days or longer in a long-term care (LTC) facility. These LTC facilities may include a skilled nursing facility (SNF); nursing facility (NF); (SNF/NF); an intermediate care facility for the mentally retarded (ICF/MR); and/or an inpatient psychiatric facility. An institutional Special Needs Plan to serve Medicare residents of LTC facilities must have a contractual arrangement with (or own and operate) the specific LTC facility(ies).

Late-Enrollment Penalty – An amount added to your monthly premium for Medicare drug coverage if you go without creditable coverage (coverage that is expected to pay, on average, at least as much as standard Medicare prescription drug coverage) for a continuous period of 63 days or more. You pay this higher amount as long as you have a Medicare drug plan. There are some exceptions. For example, if you receive “Extra Help” from Medicare to pay your prescription drug plan costs, you will not pay a late-enrollment penalty.

If you ever lose your low-income subsidy (“Extra Help”), you must maintain your Part D coverage or you could be subject to a late-enrollment penalty if you ever choose to enroll in Part D in the future.

List of Covered Drugs (Formulary or “Drug List”) – A list of prescription drugs covered by the plan. The drugs on this list are selected by the plan with the

help of doctors and pharmacists. The list includes both brand-name and generic drugs.

Low-Income Subsidy – See “Extra Help.”

Managed Long Term Services And Supports (MLTSS) – A program that provides home and community based services for members that require the level of care typically provided in a nursing facility, and allows them to receive necessary care in a residential or community setting. MLTSS services include (but are not limited to): assisted living services; cognitive, speech, occupational and physical therapy; chore services; home-delivered meals; residential modifications (such as the installation of ramps or grab bars); vehicle modifications; social adult day care; and nonmedical transportation. MLTSS is available to members who meet certain clinical and financial requirements.

Maximum Out-of-Pocket Amount – The most that you pay out of pocket during the calendar year for covered Part A and Part B services. Amounts you pay for your Medicare Part A and Part B premiums and prescription drugs do not count toward the maximum out-of-pocket amount. (Note: Because our members also get assistance from Medicaid, very few members ever reach this out-of-pocket maximum.) See Chapter 4, Section 1.2 for information about your maximum out-of-pocket amount.

Medicaid (or Medical Assistance) – A joint federal and state program that helps with medical costs for some people with low incomes and limited resources. Medicaid programs vary from state to state, but most health care costs are covered if you qualify for both Medicare and Medicaid. See Chapter 2, Section 6 for information about how to contact Medicaid in your state.

Medically Accepted Indication – A use of a drug that is either approved by the Food and Drug Administration or supported by certain reference books. See Chapter 5, Section 3 for more information about a medically accepted indication.

Medically Necessary – Services, supplies or drugs that are needed for the prevention, diagnosis or treatment of your medical condition and meet accepted standards of medical practice.

Medicare – The federal health insurance program for people 65 years of age or older, some people under age 65 with certain disabilities and people with end-stage renal disease (generally those with permanent kidney failure who need dialysis or a kidney transplant). People with Medicare can get their Medicare health coverage through Original Medicare or a Medicare Advantage plan.

Medicare Advantage (MA) Plan – Sometimes called Medicare Part C. A plan offered by a private company that contracts with Medicare to provide you with all your Medicare Part A and Part B benefits. A Medicare Advantage plan can be an HMO, PPO, a Private Fee-for-Service (PFFS) plan or a Medicare Medical Savings Account (MSA) plan. When you are enrolled in a Medicare Advantage plan, Medicare services are covered through the plan and are not paid for under Original Medicare. In most cases, Medicare Advantage plans also offer Medicare Part D (prescription drug coverage). These plans are called **Medicare Advantage plans with prescription drug coverage**. Everyone who has Medicare Part A and Part B is eligible to join any Medicare health plan that is offered in their area, except people with end-stage renal disease (unless certain exceptions apply).

Medicare Coverage Gap Discount Program – A program that provides discounts on most covered Part D brand-name drugs to Part D members who have reached the coverage gap stage and who are not already receiving “Extra Help.” Discounts are based on agreements between the federal government and certain drug manufacturers. For this reason, most, but not all, brand-name drugs are discounted.

Medicare-Covered Services – Services covered by Medicare Part A and Part B. All Medicare health plans, including our plan, must cover all of the services that are covered by Medicare Part A and B.

Medicare Health Plan – A Medicare health plan is offered by a private company that contracts with Medicare to provide Part A and Part B benefits to people with Medicare who enroll in the plan. This term includes all Medicare Advantage plans, Medicare Cost plans, Demonstration/Pilot Programs and Programs of All-inclusive Care for the Elderly (PACE).

Medicare Prescription Drug Coverage (Medicare Part D) – Insurance to help pay for outpatient prescription drugs, vaccines, biologicals and some supplies not covered by Medicare Part A or Part B.

“Medigap” (Medicare Supplement Insurance) Policy – Medicare supplement insurance sold by private insurance companies to fill “gaps” in Original Medicare coverage. Medigap policies only work with Original Medicare. (A Medicare Advantage plan is not a Medigap policy.)

Member (Member of Our Plan, or “Plan Member”) – A person with Medicare who is eligible to get covered services, who has enrolled in our plan and whose enrollment has been confirmed by the Centers for Medicare & Medicaid Services (CMS).

Network Pharmacy – A network pharmacy is a pharmacy where members of our plan can get their prescription drug benefits. We call them “network pharmacies” because they contract with our plan. In most cases, your prescriptions are covered only if they are filled at one of our network pharmacies.

Network Provider – “Provider” is the general term we use for doctors, other health care professionals, hospitals and other health care facilities that are licensed or certified by Medicare and by the state to provide health care services. We call them “network providers” when they have an agreement with our plan to accept our payment as payment in full, and in some cases to coordinate, as well as provide, covered services to members of our plan. Our plan pays network providers based on the agreements it has with the providers or if the providers agree to provide you with plan-covered

services. Network providers may also be referred to as “plan providers.”

Organization Determination – The Medicare Advantage plan has made an organization determination when it makes a decision about whether items or services are covered or how much you have to pay for covered items or services. Organization determinations are called “coverage decisions” in this booklet. Chapter 9 explains how to ask us for a coverage decision.

Original Medicare (“Traditional Medicare” or “Fee-for-Service” Medicare) – Original Medicare is offered by the government, and not a private health plan such as Medicare Advantage plans and prescription drug plans. Under Original Medicare, Medicare services are covered by paying doctors, hospitals and other health care providers payment amounts established by Congress. You can see any doctor, hospital or other health care provider that accepts Medicare. You must pay the deductible. Medicare pays its share of the Medicare-approved amount, and you pay your share. Original Medicare has two parts: Part A (hospital insurance) and Part B (medical insurance) and is available everywhere in the United States.

Out-of-Network Pharmacy – A pharmacy that doesn’t have a contract with our plan to coordinate or provide covered drugs to members of our plan. As explained in this Evidence of Coverage, most drugs you get from out-of-network pharmacies are not covered by our plan unless certain conditions apply.

Out-of-Network Provider or Out-of-Network Facility – A provider or facility with which we have not arranged to coordinate or provide covered services to members of our plan. Out-of-network providers are providers that are not employed, owned or operated by our plan or are not under contract to deliver covered services to you. Using out-of-network providers or facilities is explained in this booklet in Chapter 3.

Out-of-Pocket Costs – See the definition for “Cost Sharing” above. A member’s cost-sharing requirement to pay for a portion of services or drugs received is also referred to as the member’s “out-of-pocket” cost requirement.

Part C – See **“Medicare Advantage (MA) Plan.”**

Part D – The voluntary Medicare prescription drug benefit program. (For ease of reference, we will refer to the prescription drug benefit program as Part D.)

Part D Drugs – Drugs that can be covered under Part D. We may or may not offer all Part D drugs. (See your formulary for a specific list of covered drugs.) Certain categories of drugs were specifically excluded by Congress from being covered as Part D drugs.

Part D Late-Enrollment Penalty – An amount added to your monthly premium for Medicare drug coverage if you go without creditable coverage (coverage that is expected to pay, on average, at least as much as standard Medicare prescription drug coverage) for a continuous period of 63 days or more. You pay this higher amount as long as you have a Medicare drug plan. There are some exceptions. For example, if you receive “Extra Help” from Medicare to pay your prescription drug plan costs, you will not pay a late-enrollment penalty.

If you ever lose your low-income subsidy (“Extra Help”), you would be subject to the monthly Part D late enrollment penalty if you have ever gone without creditable prescription drug coverage for 63 days or more.

Premium – The periodic payment to Medicare, an insurance company or a health care plan for health and/or prescription drug coverage.

Primary Care Provider (PCP) – Your primary care provider is the doctor or other provider you see first for most health problems. He or she makes sure you get the care you need to keep you healthy. He or she also may talk with other doctors and health care providers about your care and refer you to them. In many Medicare health plans, you must

see your primary care provider before you see any other health care provider. See Chapter 3, Section 2.1 for information about primary care providers.

Prior Authorization – Approval in advance to get services or certain drugs that may or may not be on our formulary. Some in-network medical services are covered only if your doctor or other network provider gets “prior authorization” from our plan. Covered services that need prior authorization are marked in the Medical Benefits Chart in Chapter 4. Some drugs are covered only if your doctor or other network provider gets “prior authorization” from us. Covered drugs that need prior authorization are marked in the formulary.

Prosthetics and Orthotics – These are medical devices ordered by your doctor or other health care provider. Covered items include, but are not limited to, arm, back and neck braces; artificial limbs; artificial eyes; and devices needed to replace an internal body part or function, including ostomy supplies and enteral and parenteral nutrition therapy.

Quality Improvement Organization (QIO) – A group of practicing doctors and other health care experts paid by the federal government to check and improve the care given to Medicare patients. See Chapter 2, Section 4 for information about how to contact the QIO for your state.

Quantity Limits – A management tool that is designed to limit the use of selected drugs for quality, safety or utilization reasons. Limits may be on the amount of the drug that we cover per prescription or for a defined period of time.

Rehabilitation Services – These services include physical therapy, speech and language therapy and occupational therapy.

Service Area – A geographic area where a health plan accepts members if it limits membership based

on where people live. For plans that limit which doctors and hospitals you may use, it’s also generally the area where you can get routine (nonemergency) services. The plan may disenroll you if you permanently move out of the plan’s service area.

Skilled Nursing Facility (SNF) Care – Skilled nursing care and rehabilitation services provided on a continuous, daily basis, in a skilled nursing facility. Examples of skilled nursing facility care include physical therapy or intravenous injections that can only be given by a registered nurse or doctor.

Special Needs Plan – A special type of Medicare Advantage plan that provides more focused health care for specific groups of people, such as those who have both Medicare and Medicaid, who reside in a nursing home or who have certain chronic medical conditions.

Standard Cost Sharing – Standard cost sharing is cost sharing other than preferred cost sharing offered at a network pharmacy.

Step Therapy – A utilization tool that requires you to first try another drug to treat your medical condition before we will cover the drug your physician may have initially prescribed.

Supplemental Security Income (SSI) – A monthly benefit paid by Social Security to people with limited income and resources who are disabled, blind or age 65 and older. SSI benefits are not the same as Social Security benefits.

Urgently Needed Services – Urgently needed services are care provided to treat a nonemergency, unforeseen medical illness, injury or condition that requires immediate medical care. Urgently needed services may be furnished by network providers or by out-of-network providers when network providers are temporarily unavailable or inaccessible.
